EAGLE POINT EAGLETS.

(By A. C. Howlett.)

The entire community was shocked last Saturday on account of the sudden death of one of the prominent citizens, James A. Jonas, Saturday morning he got up as usual and asked his wife how she felt, she having had her hip broken some time ago, and she replied and asked him to make a fire in the cook stove, and as he started to go he found that he could not move one of his legs, telling his wife so, he remarked that the feeling was going all over him when he fell over. Mrs. Jonas ran to the door and called a neighbor. They managed to get him onto the bed and he never regained consciousness again, being completely paralyzed. He died on Saturday about 4 o'clock p. m.

James A. Jonas was born June 22, 1851, in Fayette county, Indiana, married to Rebekah H. Lazenby, August 29, 1877, and died October 3, 1908, aged 57 years, 3 months and 11 days. He leaves a wife, two sons, two sisters and one brother in Indiana, he being the youngest of the family.

Mr. and Mrs. Jonas moved to Jackson county, Oregon, in 1877, and bought land that is now situated in the town of Eagle Point, where they have resided ever since up to the time of his death.

In 1892 they both united with the Methodist Episcopal church and since that time Mr. Jonas had devoted his talent toward assisting the young. He had been the superintendent of the Sunday school for a large part of the time since he joined the church, and was highly esteemed by all and beloved by almost the entire community. He has been elected and re-elected school clerk for quite a number of years. He was a man who will be greatly missed.

The funeral services were conducted by Rev. McKee in the Eagle Point church, and the remains were interred in the Central Point cemetery on Monday afternoon. Almost every person in our community respected him by attending the funeral.

Mr. Jonas has been engaged in teaching school a large part of the time, and up till the time of his death was engaged teaching in the school district near the mouth of Little Butte, known here as the Givens district. There were quite a number of children from the schools where he had taught who attended the funeral services last Monday. The following resolutions were adopted by the Eagle Point Sunday school:

"Whereas, it has pleased our heavenly father to call to his reward and rest, Mr. J. A. Jonas, superintendent of the Eagle Point Sunday school; and,

"Whereas, We, the members of the Sunday school, wish to show our esteem and appreciation of his faithful service while among us;

"Resolved, That we hereby publicly express our sense of loss in his death and extend to his bereaved family our sincere sympathy in their time of trial.

"His life was quiet, but sincere and earnest, his death was but the passing into everlasting peace and joy, and his memory will ever be a lesson in the value of honest, Christian service."

On Friday of last week your Eagle Point correspondent made another trip to Butte Falls, taking Thomas Beavers and a tombstone from the granite works of Medford for his little boy who was interred in the Butte Falls cemetery a short time ago. The contractor is pushing the work along as fast as possible on the new schoolhouse, and when it is completed the people of Butte Falls will have a schoolhouse that they may well feel proud of. There will be four rooms and each room will be finished off in the most improved style and they intend to have a bell hung that can be heard for miles around.

Scott Caspell has his new store building near completion. Mr. Hughes has already moved into his new store building. M. C. Mahoney has built a commodious house. Mr. Albert has built a house near his hall for sleeping rooms, and the mill company is getting rid of its lumber about as fast as they can manufacture it. The town puts on the appearance of thrift and enterprise.

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year.

In the world's history no medicine has ever met with greater success.

As a resident of Talent, I was proud to see Talent's representative take at least two of the races at the fair. Miss Steppy has grown to womanhood in our midst, and has always been acknowledged an expert horsewoman. So her success at the racetrack last Friday was not a surprise to her many friends.

As for Charley Talent, whose father was our city dad away back in the year 1881, every one from up Talent way was wishing him the success he so easily won. And the wonder was that there was not more cheering than there was, for both of them, as there were not less than 50 persons present from Talent and vicinity, who could scarcely restrain themselves as Charley passed the stand in the lead.

MAYOR WILD WITH RAGE.

CHAMPAIGN, Ill., Oct. 3.—Wild with rage, Mayor Blaine of Champaign, early yesterday pulled his revolver and fired at a university of Illinois student with whom the mayor had been having a hand-to-hand combat. The executive's aim was poor and the student, one of a large party engaged in hazing freshmen, escaped unscathed.

"I will shoot to kill the next time," said Mr. Blaine. "The militia ought to be called out."

The run play was one of the features of a melee between the sophomore band and the local police, resulting in the arrest of five students, L. B. Smith, E. M. Benton, E. A. Stroad, H. A. Tupper and G. Wilcox who were fined in the Champaign police court by Magistrate Rogerson, after they had entered pleas of guilty to disorderly conduct and resisting officers. The mayor, censured by some, says that President James asked the authorities to arrest all students misconducting themselves at all.

Wednesday, Congressman Nick Longworth, addressing the students, put himself on record as approving mild forms of hazing, and relating incidents in his college days at Harvard before the admiring students. University authorities are inclined to regret that the president's son-in-law so expressed himself, in view of the melee. It is hinted that Mr. Longworth's words might have been a spur.

Many first-year men were ducked in the boneyard stream, a custom always rigorously and sternly banned by the faculty. Masked, the sophs pursued their occupation until the mayor and police descended on them.

An insulting proclamation posted by the freshmen is declared to have caused the outbreak. The "proc." read:

"Yield, 1911. Beheaded, babbling, boozing, bow-legged, beany bums, beaten by the brainy, bountiful class of 1912. Stupid, silly sophs, sneak before the snappy, stylish, strong, staunch and up-to-date class of 1912."

Sophomores resented the imputation and the riot began and continued all night.

GET INTO TOUGH JOINT.

RENO, Nev., Oct. 3.—William Rockefeller, accompanied by William G. and Percy, his two sons, crossed Nevada today with officials of the Chicago, Milwaukee & St. Paul railroad, and, while viewing the sights at Carlin, quenched their thirst at the Gem saloon.

This incident alone was not regarded with much interest by the few inhabitants of the little desert town, because they did not know who the distinguished visitors were, but railroad men eagerly reported the story to associates in Sparks today. The Gem is regarded as one of the toughest resorts in the state.

Lame Back.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by Chas. Strang.

RUNNING ON TIPS.

CHICAGO, Oct. 3.—Passengers on the Lake Shore Twentieth Century Limited thought they were taking breakfast in a wreck as the tender trucks of the giant locomotive hauling the fast train left the tracks a half-mile west of Gary at 8 A. M. today. For a mile the wheels of the tender bumped over the ties, while the engineer sought to halt the flyer, speeding to Chicago at the rate of 69 miles an hour. The dining-car and the smoker also left the rails.

For what seemed to the passengers three or four minutes the train dashed ahead, but with slackening speed. After about a mile it was brought to a stop and it was found that no one had been injured. At the point where the accident occurred the tracks of the Lake Shore are elevated so that an embankment of eight or ten feet descending on either side promised a dangerous plunge if the bouncing cars left the rails.

The airbrake on the diner, loosened from its fastenings, fell to the ground. This derailed the diner,

the smoker and the tender. An angle-bar of the track was uprooted and tore through a floor of the diner causing a panic among the passengers at breakfast.

BRYAN AND PROSPERITY.

CEDAR RAPIDS, Ia., Oct. 6.—I present myself as an example of one who has outlived the venomous attacks of his opponents. You heard me called demagogue 12 years ago. You saw them bury me and you heard them chant their songs over my grave and now they have to explain why it happens I am not dead.

With all the fervor he could muster, Bryan, facing an assemblage in the Chautauqua auditorium at Te-mama and Toledo today delivered himself of this utterance. His remark followed a bitter denunciation of Judge Taft for refusing to agree to the publication of campaign contributions before the elections.

THE COMMERCIAL CONGRESS.

SAN FRANCISCO, Cal., Oct. 6.—Assembled to promote the common interest of nearly a score of states, comprising the west, several hundred delegates in attendance upon the opening session of the 19th trans-Mississippi commercial congress today listened to gratifying assurances of co-operation and support from the national administration, from representatives of 27 republics on the Western continent, who are interested in pending deliberations, from the two leading candidates for president of the United States and from leading citizens of states and territories comprising their own organization. Five cities are engaged in the campaign for the next annual session of congress. They are Seattle, St. Louis, New Orleans, Dallas and Denver. Colorado is vigorously using the name of Thomas F. Walsh for next president.

FORGERY BY WHOLESALE.

LOS ANGELES, Oct. 3.—An alleged attempt to perpetrate a fraud on the city council by means of wholesale forgery of the names of prominent men of Los Angeles was discovered today by deputies of Harry J. Leland, city clerk, while engaged in comparing with the great register the names contained in the referendum petition demanding that the city council submit the dancehall ordinance to the people.

The evidence was laid before the city clerk today, after a careful examination had established the fact that names had been clumsily forged. Whole pages had been obviously copied direct from the city directory without any attempt to verify the names.

"The petition fairly teems with forgeries," Mr. Leland said. "My deputies tell me that of the 7000 names submitted, it does not seem now likely that enough genuine signatures will be found to make the petition effective. About 3000 names are needed."
