Children Cry FOR FLETCHER'S CASTORIA

FOUR-HANDED DUEL OVER COW

UNION, Miss., July 24.—One old cow, which would not have brought \$50 on the market, caused a bloody pistol battle in the streets of this little town. It resulted in the killing of two men, the fatal wounding of still another. All is quiet here tonight and there appears to be no need for state troops to maintain order.

The dead: E. J. McDonald, cattleman; Peter McDonald, his brother.

Fatally injured: Cornelius Chisolm, cattleman; Joseph Miller, friend of Chisolm.

Seriously injured: Murphy McDonald, son of E. J. McDonald.

Hot Blood Existed.

The fight was between the McDonalds on one side and Miller and Chisolm on the other. Bad blood between Chisolm and the McDonalds has existed for many years. When a dispute arose over the ownership of an old cow which had outlived her usefulness as a milk-producer and which was being marketed for beef, it became apparent that serious trouble would follow.

Chisolm claimed that the cow was his property and the McDonalds disputed this claim. Joseph Miller, a friend of Chisolm, and Peter McDonald started the row in front of the Union bank.

Revolvers were quickly drawn and the shooting commenced. Who fired the first shot is still a matter of dispute among the bystanders, many of whom scammed for cover and acknowledgment that they do not know.

Both Men Fell.

Chisolm and E. J. McDonald came up about this time and joined in the battle. Peter McDonald was the first to fall, supposedly struck by a bullet from Miller's revolver. Miller was the next to go down and E. J. McDonald then turned his attention to Chisolm. Finally both men fell, McDonald dead and Chisolm mortally injured.

Murphy McDonald, a young son of E. J. McDonald, who does not appear to have been armed or to have taken an active part in the fight, was struck by a bullet and seriously wounded. Chances favor his recovery. His friends claim that he made an effort to stop the fight.

All the men who figured in the bloody battle are prominent in this section of Mississippi and number many relatives among the citizens of Newyon county. Consequently it was believed at first that further strife would result, but the indications are tonight that kinsmen and friends of the McDonalds and Chisolm believe that matters have gone far enough and that with honors even the two factions should hereafter dwell in peace. With Peter and E. J. McDonald dead and Chisolm and Miller dying, no one will be left to answer to law for the tragedy.

Beyond Human Aid.

A long-distance telephone call was sent to Meridian, 30 miles distant, for experienced surgeons, and these were rushed to Union on a special train. It is believed, however, that Chisolm and McDonald are beyond human aid.

It was reported that an effort would be made to have a company of state militia sent here from Meridian, but the authorities deny that they are unable to cope with the situation and declare that no such request has been made.

FLAG LEADS TO DIVORCE.

Woman's English Husband Objects to Her Patriotic Demonstrations.

SEATTLE, Wash., July 22.—Because her husband, John Francis Black, refused to allow her to fling the American flag to the breeze on the Fourth of July, and because of a chain of similar circumstances, Helen Black has filed suit for divorce.

Black is an Englishman. His opinion of these United States of America is not complimentary, although he makes his home here. Not only has he tabooed any semblances of Fourth of July celebrations in his home, but at divers and sundry times he has wounded the patriotic feelings of his wife. In other words, Mr. Black is an Englishman with enough bulldog tenacity not to allow his allegiance to Cheapside and the king to be shaken by American patriotism. Mrs. Black does not admire these virtues. She specifies continual cruelty from her husband.

Correct Glasses Correctly Fitted

Notice the difference in the way the rays of light pass through the OLD style lens and the new TORIC glass.

When looking through the TORIC lens you get the same vision clear out to the edge of the glass, in all directions, that you do ONLY through the center of the old-style of lens, thus giving you more freedom of vision without the strain upon the Biceps muscles, which constantly occurs when wearing the old-style glasses.

With the old-style before the eye you see like this.

With the new TORIC lens you get the same results at all angles without turning your head that you do directly through the center of the old style.

Dr. Goble makes a specialty of the above lenses; also fits the I-SIGHT bi-focal, ground from ONE piece of glass. Optical Parlor in Perry's Warehouse, Seventh Street, Medford.

Jured four and seriously injured 16.

Whole towns were devastated and the damage will reach into the hundreds of thousands of dollars. The details are meager and the wires were stripped from the poles and railway communication is impossible.

At Bay City half the business section, including the opera house, bank, courthouse, high school and jail, was destroyed. Every building in Valasco was partly demolished. The town tonight is under four feet of water. Eagle Lake, Lissie, Newata, East Bernard report serious damage. At Galveston the situation is not so bad as at first reported.

As the Pacific & Eastern train on its way to Eagle Point yesterday afternoon approached their toolhouse near the junction north of this city, one set of trucks under the coach ran onto a siding and was derailed. About 30 or 40 minutes was required in getting things righted up, and they proceeded on their way. A defect in the end of the switch rail caused the trouble.
