LOCAL AND PERSONAL

(From Sunday's Daily)

Mr. and Mrs. Roger S. Bennett and son of Los Angeles are stopping over in Medford for a few days. They arrived Saturday and will look over the valley.

Arthur Peters, F. M. Eaton, Myron and Alston R. Eaton of Watertown, Wisconsin, arrived late last evening, and while in the valley will visit with Charles Dierlein.

Sam Glasgow, W. A. Stratton of Medford and Earl Rose of Griffin Creek leave today for the Big Apple country, where they will hunt and fish for a few days.

Mrs. J. C. Emerick, who has recently returned from the Seattle fair, left yesterday for Ashland, where she resides. She has been visiting her son, V. J. Emerick.

Mrs. J. J. Chamberlain and her daughters, Florence and Annie, left last night for Valley City, North Dakota, after a week's visit with Mr. and Mrs. Gus Miller of this city.

J. T. Johnson left for Los Angeles yesterday after a few days looking over the valley, with which he was very favorably impressed and will undoubtedly return in the near future.

Mr. and Mrs. James F. Fitzgerald of Ottawa, Kansas, left for home yesterday. They have been looking over the valley and were very much pleased with Medford and the Rogue River country.

Miss Nellie Dressler leaves tonight for Fort Leavenworth, Kansas. She has attended school here and her host of friends wish her a successful trip and a pleasant and happy sojourn in her new home.

Mrs. F. W. Reed left for Oakland yesterday and her husband expects to leave Monday. Mr. Reed has accepted the position of superintendent of machinery for the California Colonization company of California.

Misses Venna and Grace Finney of Los Angeles, who recently toured through Alaska and visited the A-Y-P fair at Seattle, left Medford for their home Saturday. They have been visiting with the Misses Hochmeyer.

Dr. S. A. Lockwood, who is now located at 123 West Main street, has secured a lease of the office rooms in the Haskins building. He will take possession as soon as Dr. Perkins removes to his new building across the street.

L. F. Allen, better known as "Dot" Allen, was in town yesterday. A few months ago he started a laundry at Klamath Falls and will return there in a few days from now. However, he expects to arrange his business affairs so as to come back to Medford soon.

C. L. and R. C. Drath of the Drath Bros' banking house of Herndon, Kansas, returned home yesterday. They have been visiting with Councilman J. H. Hamner and are much pleased with the valley and will probably return as soon as they close out their business holdings.

Mrs. Minnie Wolf, who has been in Medford several weeks upon a visit to her parents, Mr. and Mrs. J. W. Redden, and other relatives, returned to her home in Smith Center, Kansas, last night. It is not altogether probable that Mrs. Wolf and her husband will locate in this country. Mrs. Wolf is county recorder in Kansas and it will be hard for him to break away—but he'll do it.

GASOLINE ENGINES
THE ABC OF GASOLINE ENGINES
GASOLINE ENGINES

Alamos Gasoline Engines belong at the head of the list in engines as much as A belongs at the head of the alphabet. Because wherever they have been demonstrated they have taken the first prizes absolutely on their merits. Can you afford to use any but the best grade of gasoline engines for irrigation or other purpose?

The Alamo engine has been selected by the State University at Eugene, and also by the Oregon Agricultural College at Corvallis, as the best engine adapted to demonstrate the latest and most approved principles of gas engine practice to the students. Our 3-h.p. Alamo Victor vertical electric lighting outfit was selected by the Southern Pacific Company to light the demonstration train which toured the Willamette valley last fall under the direction of the Agricultural College, and these people were so well pleased with the Alamo engine that it was again selected by them to light the demonstration train which recently toured Southern Oregon. The Westinghouse Electric Company and the Northern Electric Company, which are as you know the two largest manufacturers of electrical goods in America, have both adopted the Alamo gasoline engine, and now recommend them and illustrate them in their bulletins. A complete stock of engines, together with a full line of extra parts is always available at Portland. If you will inform us concerning the exact use for which you wish the engine, we will be pleased to furnish you gratis what information we can concerning the necessary horse power. We have had a great deal of experience in making installations of all sizes, and no doubt can be of some assistance to you.

GASOLINE ENGINES

DO YOU KNOW?

Do you know, the difference between a budded and grafted tree?
Do you know, that if the work is equally well done there is no difference between grafted and budded stock?
Do you know, I sell both budded and grafted stock at exactly the same price?
Do you know, that there is not a nurseryman in Oregon that does not sell both budded and grafted stock?
Do you know, that the world's prize car of pears was picked from grafted trees?
Do you know, that many of the best orchards in the valley are grafted stock?
Do you know, that when a tree agent takes up four hours of your time to tell you that a bud is all right and a graft is all wrong, he is talking for his commission and to hear his head rattle?
Do you know, that the proprietor of the EDEN VALLEY NURSERY has lived in the Rogue River valley nearly twenty years and is well acquainted with the different soils and every branch of orchard work?
Do you know, that twenty years of close observation right here in the valley is worth something and is free to the planter?
Do you know, that you can buy reliable trees from a reliable and responsible nurseryman right here in Medford, and his nursery is not on paper?
Do you know, that you gain nothing by putting off making out that tree order till the best stock is booked out?
Do you know, that you can make your home brighter by planting trees and flowering shrubs?
Do you know, that every tree put out by the EDEN VALLEY NURSERY is guaranteed to please the planter?
Do you know, of course you do—that the Eden Valley Nursery is the place and now is the time to place that tree order? DO IT NOW!

FORMER RESIDENT HERE
Madame Harck and Carol West Visiting Old Friends Here.

Mrs. M. C. Harris of San Jose, accompanied by her aunt, Mrs. M. E. Carroll of San Francisco, left for California yesterday. They have been visiting old friends and places in Jacksonville and Medford, as they were old residents of this county. While at Jacksonville they visited the cemetery, where nearly all of their relatives are buried.

At one time, Sylvester Wait, who is an uncle of Mrs. Harris, owned a good deal of the property in Medford. It was on his old homestead that the \$7000 can of gold was found. Mrs. Carroll's folks at one time in the early days owned a good part of the

land on which Jacksonville is located. They expressed surprise at the wonderful growth of the two towns and are going to return in the near future.

DISSOLUTION OF PARTNERSHIP.
