You Know the Bill Is Paid

when you pay by check because when it is returned marked paid, it is the best possible receipt.

Why not open an account, subject to check with this strong, obliging bank?

JACKSON COUNTY BANK

MEDFORD, OREGON

State Depository Established 1888

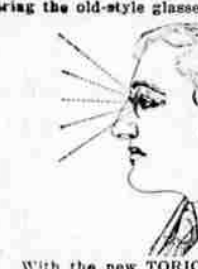

Capital and Surplus, \$125,000.00
Resources 700,000.00

W. L. VAWTER, Pres. G. R. LINDLEY, Cash.

Correct Glasses Correctly Fitted

Notice the difference in the way the rays of light pass through the OLD style lens and the new TORIC glass.

When looking through the TORIC lens you get the same vision clear out to the edge of the glass, in all directions, that you do ONLY through the center of the old-style of lens, thus giving you more freedom of vision without the strain upon the Rectus muscles, which constantly occurs when wearing the old-style glasses.

With the old-style before the eye you see like this.

With the new TORIC lens you get the same results at all angles without turning your head that you do directly through the center of the old style.

Dr. Gobie makes a specialty of the above lenses; also fits the 1-8-10-11 bi-focal, ground from ONE piece of glass. Optical Parlor in Perry's Warehouse, Seventh Street, Medford.
