# Majority of Lawye. s Hold Reddy Was Elected For Two Years-Others Differ

Whether Mayor Reddy's term expire in January or whether he holds over for another year is the problem that is worrying certain members of the city conneil, who have puzzled frequently of late over the legality or illegality of many things, including their own

mostings. The lawyers have been consulted, with the usual result—disagreement. However, a majority of the local bar hold that Dr. Reddy was elected for a two-year term, instead of a one-year. Among those who take this view are Messrs. Colvig, Vawter, Purdin and Withington. Among those who take the other side of the question are Messrs. Crowell, Pentz and Phipps.

Judge Colvig denies that he is a can-didate of the slot machine men fo-mayor. In fact, he states he is on the other side of the slot. Dr. Keene states that, while not a prohibition candidate, that if the dry town advocates in sist on electing him, he will see that

The financial solidity of Medford ha roused comment throughout the na-ion. The Financial Age of New York in its last issue refers to Medford and Wenatchee as remarkable for the amount of bank reserves. Both of these towns are fruitgrowing sections. In reference to the policy of the New York bankers, the Pacific Banker, published at Portland, in its issu of December 14 remarks;
