It is the finest of its kind south of Portland, with the largest stock in southern Oregon. We have just moved in—are not quite settled yet, but will be delighted to see you and have you inspect the best and biggest stock of furniture ever seen in the Rogue River valley.

Our store is in our new building on West Seventh. It is 30 feet wide and 140 feet deep. We occupy the entire two floors and have besides two galleries nearly 10,000 feet of floor space. Our workshop in the rear is the most complete and modern.

When down town at night, drop around our way and see our store by electricity. It is as bright as day, brighter, we think, and big are lights and 70 incandescent globes illuminate the entire interior.

As you go into the main entrance, you will see the latest dining room sets in golden and antique oak and other dining room fads and fancies. Then there are bedroom sets and costly pieces of furniture, as well as those of moderate prices. There are special sets designed only for my lady's boudoir. There are tete-a-tete settees and comfortable lounging chairs. There are Morris easy chairs and all makes and designs of rockers. There are Russian leather couches—the most complete stock in the country—and everything that is needed in the furnishing of a modern and up-to-date house.

Our space is too limited to give more than a passing glimpse of what we have. Come in and see for yourself.
