### OFFICIALS SHOULD ASK IT.

IP you were running a business handling tens of thousands of dollars a year, would you lot your elerks go along collecting and dishorsing the cush for years without clocking them up? If you did, you wouldn't have any husiness left after the course of a few

Yet this is exactly what you are do ing when, as a taxpayer, you let twenty years drag along without more than a casual inspection of the county books. How do you know what condition they are inf

One thing nearly every inxpayer does know, and that is, there is a sail muddle somewhere. Many taxpayers have been asked to pay taxes twice, and many, after paying, have been notified that hey were on the delinquent list.

How much money has been received by the county from taxes and how much of the listed amount that should be collected has been collected, and how much uncollected? What has become of the money?

All these things every taxpayer is entitled to know. He is entitled to the protection of having an accounting by experts every year or two. No one can find any objection to such an inspection, least of all the county officials, if they are honest and capable.

It is to be hoped that these public ervants, in order to silence gossip, will themselves petition the county court to place a competent expert upon their books, so that all may go before the people and ask re election on the grannd that a faithful servant is worth while, regardless of his political complexion.

### A CRITIC ANSWERED.

"At least one Southern Oregon editor has discovered that it doesn't pay to lambast grand jurios and the district attorney. This person is Geo. Patnam, the boulastic penell pusher of the Mod-ford Tribune, who spent one night in juil and whose troubles are probably not yet over, for having severely critieized and incongoing the motives of the said public officials. #### PROHIBITION DOES NOT STOP SALE OF BOOZE lations.

Though prohibition went into effect a Tillamooli county three years ago, and carried again last years a writer in the Herald says that people drink much there now as ever. On the last rip of the Elmore, he says, there were harrels of boor consigned to local parties beades keys of liquid refresh-ment, and there may have been as many more house containing smaller shipments of the brew of hops. The 27 barels contained about 500 gallons of boer. The whisky and wine shipments this week alone would give everybody in Tillamook one glorious week's jag. The Herald representa-tive counted no less than 35 boxes of booze consigned to local people. There was enough in those boxes alone, we have since figured out, to give every person in Tillamook county the jim iams if divided up and taken in one dose.

#### ASHLAND STREETS WORST ROADS IN THE COUNTRY

The recent herey storms have made the country roads unusually "bad," but travelers by team report that the very worst stretch of road for hauling and driving into Ashland from the north is found within the city limits on North Main street, the city's main thoroughfare, says the Ashland Tidings. The heavy haaling from the rock crusher plant has contributed its share to a condition of affairs which is not only disgraceful but is a mennee to the country trade that comes in from the north. Let us hope for the good name of the city and the protection of its business interests that North Main street will get a little long needed at street Improvement work during the coming year.

# Begin the New Year IN THE RIGHT WAY By Building

A good start means much to you. Get off on the right foot and keep going. Don't continue to throw money away by paying rent, when you can own your own home. How much did you pay out for rent during 1907? Stop and figure it out. What have you got to show for it? Nothing but a bunch of receipts. Suppose you had put this money into building a home and buying a lot? You'd have something to show for your coin, wouldn't you? The same thing holds true in the coming year. Are you going to waste your mazuma all year, and have 1908 net you nothing but a living? Ask your wife about it, and see what she says.

Building is going to be cheaper this year than ever. You can buy practically at your own terms. We sell all kinds of lumber-everything needed in any kind of a house from a small cabin to a palatial mansion. We also sell Booth-Kelly lumber.
