

# Sixth annual sale of Muslin Underwear at DEUEL & KENTNER'S, the BIG STORE

## Five Day's Sale, Commencing Tuesday, Jan. 21

NO beautiful pictures or flowery talk, but the best line of Ladies' Muslin Underwear on the market. This line of goods has been sold by us for the last six years and the ladies of Medford and vicinity are thoroughly acquainted with it. You must wait for their BIG SALE. Good goods and prices talk and we have both.

On Friday, Jan. 17 we have our January REMNANT SALE. That day we place all remnants in every department at about one-half the value. Don't forget you can fix out the children in fine shape for little money.

### HOOD RIVER WINS PRIZES

Rogue River Valley Well Represented at State Horticultural Meeting, but Commission Men Award Honors to Growers Whose Fruit They Handle.

At the State horticultural exhibit held this week in Portland, Medford growers were for the first time in evidence with a creditable exhibit of fruit, but they captured no prize except for pears. The reason is probably due as much to the small number of members from Medford and the indifference with which local growers view the exhibit. The judges were Portland commission men who handle Hood River products almost exclusively. Hood River Sweepstakes. Having the most extensive display, Hood River growers captured a majority of the awards in the fruit exhibit held in connection with the meeting of the State Horticultural society. The judges consisted of George L. Dayenport and J. M. Kosley, two commission merchants, and Professor C. I. Lewis, of the Oregon Agricultural College. The sweepstakes prize, consisting of \$50 in cash, offered by the Handwood Creamery company for the five best boxes of baking apples, was awarded to R. H. Shepard of Hood River. Three-tier displays—Yellow Newtowns—C. K. Marshall of Hood River. Spitzenbergs—E. H. Shepard, Hood River. Winter Bananas—R. H. Wether of The Dalles. Other Prize-Winners. Baldwin—L. E. Clark, Hood River. Red Cheek—L. E. Clark, Hood River. Wagener—C. K. Marshall of Hood River. Orley—C. K. Marshall, Hood River. Ben Davis—C. K. Marshall of Hood River. Winesaps—C. J. Kurta, Salem. Four-tier displays—Northern Spy—A. Holladay, Sepposon. Baldwin—D. C. Van Dorn, Dayton, Yamhill county. Best five boxes Willamette valley apples—D. C. Van Dorn, Dayton. Spitzenbergs—E. H. Shepard, Hood River. Yellow Newtowns—E. H. Shepard, Hood River. Miscellaneous—P. Barry of Holladay, Sepposon. Winter Nellis pears—F. H. Hopkins, Central Point. English walnuts—Thomas Prince, Dundee. Rogue River Exhibits. Among the individual exhibits of apples were the following from the Rogue River valley: Newtowns—Hans Lewis, Medford; L. D. Harris, Medford; Thomas Pankey, Medford; W. H. Noveross, Medford. Spitzenbergs—P. E. Merrick, Medford; J. A. Perry, Medford; J. E. Watt,

Medford; F. H. Hopkins, Medford. Winesaps—P. E. Merrick, Medford; J. A. Perry, Medford. Best five boxes, sweepstakes—P. E. Merrick, Medford. To Irrigate Rogue River. Five resolutions, all of importance to fruitgrowers, were considered and adopted. The first of these provides that the society get to work with the end in view of securing a permanent horticultural building at the state fair. A legislative committee will be named to take this matter up and carry the idea through. A second resolution creates a committee to be named by the president to confer with the state board of agriculture at Salem for the purpose of revising the premium list on horticulture. A second resolution creates a committee to be named by the president to confer with the state board of agriculture at Salem for the purpose of revising the premium list on horticulture. The United States department of agriculture, in compliance with a third resolution, will be asked to undertake the scientific investigation of the application of water in Rogue river and Hood river valleys. There is now a great deal of uncertainty among the horticulturists of these districts as to how much water, if any, should be applied to produce the best results. The time for irrigation is also a matter of some question. An Oregon delegation at Washington, D. C., will be asked to use its best efforts in securing the necessary appropriation for these experiments. Old Officers Re-elected. Like a lot of councils, complete and definite water laws was likewise the subject of a resolution, presented by E. H. Lewis, state engineer. Appointment of a committee of three was provided for in another resolution, to look after the exhibits and awards. Old officers were re-elected as follows: The J. R. Cardwell, honorary president; H. C. Atwell, Forest Grove, president; C. D. Huffman, La Grande, second vice president; E. R. Lake, Corvallis, secretary and treasurer; L. T. Reynolds, Salem, corresponding secretary. The date was selected as the point for the 1908-1909 meeting. Change was made in the date of annual meeting so that next year the sessions will be held during the first week of December.

### COYOTE DRIVE PLANNED AT WILLIAMS NEXT WEEK

A coyote drive, after the method of the rabbit drives of Eastern Oregon, has been planned for Williams valley, near Grants Pass, next week. Coyotes have become very numerous and are committing wholesale depredations in the pigpens and chicken-houses of the farmers. The ranchers have decided upon extermination. All the boys and men of that part of the county will join in the drive, together with a number from this city. Captains, leaders and scouts have been chosen. A long line will be formed and the coyotes routed from the brush and driven to the central rendezvous. No guns will be allowed. Clubs will be the only weapons and dogs will assist in the drive. A supper and dance will close the day's wholesale slaughter of "varmints." DECLARE PUTNAM CASE TRAVESTY OF JUSTICE (Portland Journal.) Portland newspaper men, many of whom have devoted a quarter of a century of their lives to journalistic work, are practically unanimous in the opinion that the trial and conviction of George Putnam at Jacksonville for criticizing a grand jury, was a farce, and that the course of A. E. Reames and C. L. Reames in conducting the prosecution and arbing all evidence that would tend to clear Putnam was a travesty of the office of a district attorney. At a meeting of the Portland Press association recently resolutions were adopted expressing condemnation of Judge Hanna's decision in the case of the Medford Tribune's editor. The meeting selected W. H. Galvani, Frank Lee and George L. Hutchins as delegates to attend the convention of the Oregon State Press association to be held in Portland Friday and Saturday of this week. A meeting of the Portland Press club has also been called for this afternoon to take similar action.

# DUOFOLD

## REASONS WHY YOU SHOULD WEAR Duofold Health Underwear

DUOFOLD HEALTH UNDERWEAR, being made of two separate fabrics, it is warmer than a single fabric of twice the thickness. The good housewife puts a double blanket on the bed for the same reason. The outer fabric in Duofold Health Underwear excludes the cold, the inner retains the heat. DUOFOLD HEALTH UNDERWEAR, being made from two light fabrics interknit, it has warmth without bulk or weight, the inner fabric being made of very fine combed cotton and attached to the outer fabric of wool, keeps the wool from shrinking. The good housekeeper, in washing a piece of lace, sews it to a cotton fabric to keep the lace from shrinking. DUOFOLD HEALTH UNDERWEAR, being made of two separate fabrics with the air space between, bears to the human body the same relation as that of the double window of the house. Air being a non-conductor of cold, the garment made of two separate fabrics with an air space between is warmer than a single garment of double the thickness. DUOFOLD'S inner fabric of cotton with air cells between—the impurities of the body are absorbed by the outer fabric, while in the ordinary single garment the impurities are retained next to the skin. DUOFOLD HEALTH UNDERWEAR, being made with the inner fabric of a very fine cotton, is soft, and can therefore be worn by those who would like to wear wool, but think they cannot. DUOFOLD HEALTH UNDERWEAR has twice the absorbing and ventilating qualities of a single fabric.
