These gold bonds are issued to raise oney to enlarge and improve the printg plant and to continue the publica-in in a better form of the Daily Trine and the Somi-Weekly Southern egovian. There is no "water" in the stock, it all represents money actually paid in. The by-laws of the company provide that the editor and manager alone is responsible for the editorial and business policy of the paper. The directors of the concern are the follow, ing well-known business men of Med. nord: W. I. Yawter, F. Osenbrugge, J. E. Badta, H. C. Stoddard, C. R. Ray. Reddy, H. C. Stoddard, C. R. None of them exercises any control over the policy of the paper.

Old Roman Laws.

The old Roman laws, according to Colquhoun, conferred on the husband complete empery over the wife. All she owned or earned was vested in him, and he acquired the same rights over her person and property as if she were his natural daughter. The wife, on the other hand, acquired all the rights to a child and to her husband's name and succession in the event of an intestate estate, and she could exer cise all the privileges to which her sex admitted. The power of the ancient Roman father over his offspring was originally perpetual, nor co child be emancipated from the the ther's control during the father's life except by that parent's consent, nor did he become sul juris until the father (being himself soi juris) died. when the son was emancipated by the simple operation of the law.
