

A REWARD FOR AN EFFORT

5000 Extra Votes for Six Months' Subscriptions, It Means Much.

CUT THIS OUT.

MEDFORD TRIBUNE AND SOUTHERN OREGONIAN GRAND PRIZE CONTEST

ONE VOTE.

Good for TWENTY-FIVE VOTES when used as a nomination blank.

FOR.....
DISTRICT NO.....

This Coupon, cut out and mailed to the Contest Department, or deposited in the ballot box at the Tribune Office, will count as one vote for the lady whose name is filled in.

COUPONS SHOULD BE SENT FLAT, NOT ROLLED OR FOLDED

Five thousand extra votes, and all for a little exertion on your part. Get out among your friends and make each one subscribe for six months; turn them into the contest as fast as secured and when six are secured the extra vote certificate for 5000 will be given you.

Do Not Fail.

Do not fail to take advantage of this offer, as it means much. You are not limited to one special ballot, but more than one can be secured. For every six months' subscription turned into this office between today and Saturday, February 1, at 8 p. m., a 5000 vote certificate will be issued, so that it depends on the activity and the energy of the contestants as to how many special ballots she can secure.

SPECIAL NOTICE.

Beginning today, January 27, and continuing for one week, until Saturday, February 1, at 8 P. M., a special ballot will be given to each contestant who brings or sends to this office, with the proper remittance, six six months' subscriptions to the Daily Tribunes, or six yearly subscriptions to the Semi-Weekly Southern Oregonian. In order that the contestants who send in their subscriptions by mail may have the same advantage as those who call at this office, all subscriptions bearing postmark prior to 8 p. m. Saturday, February 1, will be included in the Special Offer. This special ballot of 5000 votes will be given to the contestant securing six six months' subscriptions, in addition to the regular votes given on the subscriptions.

A one-year subscription will count as two for six months, and a two-years' as four, etc.; so get busy and put in your best efforts now while this offer lasts.

Time Waits for No One.

The candidate who makes the most of her time from now until the close of the contest will have little time for regret, that she put in her time profitably and at the same time gained an experience that is lasting and a great benefit to her in after life, and which may make her one of the foremost women of the age.

The Reo Roadster.

The Reo Automobile to be given as the grand capital prize is a car the winner may well feel proud of.

Owing to the simplicity of design and control and constant readiness for any kind of service, however arduous, the Reos have become known as general utility cars. The equipment comprises two lens mirror headlights with separate cylindrical generator of the latest type, oil side and tail lights, horn and full complement of wrenches, oilers, pump and tire repair outfit.

The Scholarships.

Of all the prizes offered in this contest, the scholarships are perhaps the most valuable of them all.

Enough stress cannot be laid on the value of an education today. Business men are continually calling for men and women who are educated. The demand far exceeds the supply. An education is worth more in the present age than anything else, as brains are pitted against brains, and to be able to compete successfully in the business world it is absolutely necessary to be equipped not only with the brains, but the power to handle the brains properly, and that power is an education. Territory Not Restricted.

Voting is not restricted in any sense whatever. Any one may vote as often as he pleases and for whom he pleases, no matter from what district the contestant may be entered.

As soon as the money is paid on a subscription, send it to this office, together with the stub in the receipt book, and the name and the address of the subscriber, giving date of commencement and expiration of the subscription, and votes will be then issued on the subscription and sent to you by return mail.

The Daily Coupons.

A coupon appears in the paper every day, which is good for one vote and will count for the contestant whose name is on it.

Thousands of votes can be gained by having all your friends save these coupons and in a short time a few thousand can be collected from them. These coupons must be clipped neatly from the paper and sent to the contest department by mail or voted in the ballot box at the Tribune office. The votes are counted each day at 2:30 p. m., to take to appear in the next day's issue.

Votes polled after that hour will not be counted until the following day.

Do Not Forget.

The 5000 extra votes for six six months' subscriptions to the Tribune, or six yearly subscriptions to the semi-weekly.

Make the best of this offer, as it is one of the best that will be made during the entire contest. Only a few subscriptions, you know, from your friends (who will be only too pleased to give them to you) and you will then be entitled to the extra 5000 votes.

JACKSONVILLE SCHOOL HOUSE

One of the Handsomest and Best Apportioned Schoolhouses in the State Completed—Plumbing, Heating and Architecture by Medford Men.

(From Jacksonville Post.)

From basement to roof, both inside and out, the completeness, durability and appearance of the building is one of the finest, size considered, that was ever erected in the state of Oregon. Surely the taxpayers of Jacksonville and vicinity should be proud of their new school building and the board of trustees who have worked so diligently and faithfully to bring about such admirable results.

The building is two stories in height with a basement, built of brick and concrete, absolutely fireproof, steam heated, has an excellent water system, electric lighted, roomy, light and well ventilated.

An interesting feature of the new building is the steam heating plant, which was installed by W. A. Aitken of Medford and which cost \$2275. In the first place, everything connected with the plant is fireproof. Where it was necessary to use wood, metal lath and plaster have been put on, and the large flu centers a solid wall of concrete and brick and is at least eight feet from any wood.

The trustees are more than pleased with Mr. Aitken's excellent work, as not a particle of trouble has been experienced since the plant was first installed. The boiler comes from Chicago and is one of the best manufactured. It has an automatic heat register, so that when a certain amount of steam is raised the register shuts off the heat and no possible accidents can occur.

A pipe line is being laid from G. E. Neuber's water tank to the school building and water will gravitate from there and a hydrant will be placed in the basement, from which place the janitor will distribute water for drinking purposes to the various departments.

And so we say, hats off to Messrs. Bookman, Kenney and Applegate, for they are the real men behind this beautiful and commodious school building; the men who are responsible for bringing to Jacksonville the handsomest and safest school building this district ever had.

This building was planned by Medford's brilliant young architect, John McIntosh.

CATALOG HOUSES ARE NOT MERCHANT TAILORS

They drain the towns of money and neither give the fit, style nor distinction to your clothes that your own city tailor can.
