

# DOUBLE VOTE. EXTENSION PLEASES LADIES

### But a Few Days More to Win the Auto— Make the Most of the Remaining Time That Double Votes are Offered, Get in Your Promises this Week.

Thousands of votes can be secured in the next few days during the double-vote offer on subscriptions, enough votes possibly to catch up with the leaders. No one should feel discouraged at this time and let go to naught all the time and work done in securing enough votes to be with the leaders, because if those friends who have been kind enough to lend help and give you their subscriptions know that you have become discouraged they, too, will become discouraged in you and feel sorry that they did not give the subscriptions to someone who would display the necessary determination and stick-to-it-iveness. The extension of the double-vote starts in this morning, and from now until Thursday, February 27, at 8 p. m., all subscriptions secured by the contestants will entitle them to double votes, the same schedule being in effect as that which prevailed last week.

to win one of these prizes and their assistance will be forthcoming. And once again we state that this extension of the double vote will be positively the best offer of votes made during the entire contest.

**The Automobile Is Here.**

The auto to be awarded to the winner in the contest is here and was on exhibition yesterday afternoon near the Hotel Nash. During the time the car was there it was surrounded by an admiring throng, and many were the comments made in reference to the beauty and stability of the car.

The Tribune's contest is the talk of the entire city of Medford and vicinity. You will hear it being discussed in the hotel lobbies, on the street corners, and in fact any place where the public is wont to congregate. It is contest, contest, contest, on the lips of every one. Now, all these people who are so interested in the final outcome will be only too willing to give their assistance to some party, even if they have already done so. The world loves to see a good race, and they will back their choice to the limit; consequently, because you have seen John Jones today and secured a subscription from him, do not be at all backward in going to see him again tomorrow. Get him to give you his subscription for a longer period; explain to him your desire to be among those winners at the end of the contest and he will be only too willing to assist you again.

**Do Not Forget**

That a week from now the contest will close, and as there are 17 valuable prizes to be awarded to 17 ladies it means haste, haste, haste, from now on.

The contest to date has been a big success and it will finish in a neck-and-neck race between 17 popular ladies.

**You May Think**

You have secured all the votes possible; get that idea out of your head and go after them as you have never done before. Do not let a friend or an acquaintance get away from you, but keep continually after some one. The candidates from now on will strain every nerve to get all the votes they possibly can. They will be at it from early morning until late at night, and those of you who have done good work to date should not under any circumstances let that work go all for nothing. This is the time to see those friends who took it for a month or so on credit, see to those now and secure them for a period of a year or more. Simply show them that you are going

Simply show a spirit of determination and stick-to-it-iveness and you will find the votes and subscriptions every time.

I today's issue there appears the picture of Miss Helen Goss and little Miss Gladys Wilson. These two ladies are both doing excellent work in their respective districts and are backed by numerous friends who will see them through to the limit.

## A SQUARE DEAL

The Rogue River Land Company has always contended that there is no good reason why the real estate business cannot be carried on honestly and honestly, with due regard for the rights of both purchaser and vendor. Actuated by this opinion, the company has never been misrepresented as to the character of the soil or the quality of the fruits produced on same, with the result that all who have bought lands through this agency so far would sell out, if desirable, at an advance of 100 to 200 per cent above the purchase price. This is a history of which we are proud, and we shall continue along the same line in the future. Men who come into this favored valley looking for a new place of abode are entitled to fair treatment. We only ask of them that they will exercise ordinary business sagacity in investigating the resources of the valley before buying.

There are three things the average investor wants, if he buys country property in this valley. First and foremost, he wants a home where he and his family can enjoy good health and the fruits of a bountiful harvest. Secondly, he wants to get located where he is within easy reach of the leading educational centers and close to local markets. And he desires a home where he will find a good income and a secure investment in real estate.

Will he be apt to do this "better" in the hands of the average "broker" or the "middle man" who presumes to "broker" about the land? When one considers that the standard is not being raised even with good holdings in every other line of property, it is up to the home-seeker to apply to the Rogue River Land Company for advice. If he wants the VERY BEST IN THE WHOLE VALLEY, he must apply to the Rogue River Land Company. When in Medford, do not fail to call on us.
