All the boys of the school are enjoying cross-country runs every evening. The juniors have challenged the rest of the school for a track meet, which will be held in the near future.
The senior class has begun preparations for commencement in June and intend to have some of the best exercises that have ever been rendered for their special efforts which they are now making.

Ladies, we want your suit business. We have not come to you with a half dozen suits and asked you to make a selection, but we have opened a superb line of over fifty distinct style numbers and now offer you over one hundred suits—no two of which are alike. The suits we show this season are easy fitters—in fact, most of them will require no alterations.

Now, Dear Reader, we are all trying to make a living in Medford. We don't insist that you buy of us, but we do say that we will sell you a suit for less than you can buy the same suit anywhere.

Special Sale of ORCHARD

We are able to offer for a few days the most desirable young orchard within a few miles of Medford, which we have been able to offer our customers for a year, and within reach of the man with reasonable capital. The tract consists of 272 acres of orchard land, with 60 acres in cultivation and 45 acres in orchard of the right varieties of fruit, just coming into bearing. Thirty acres of the orchard is in Spitzenberg and Newtown apples and Comice pears. Fifteen acres in prunes, with good dryhouse on premises. Fully 60 acres more of good fruit land on the tract, covered with brush, but with enough firewood on same to pay for clearing and setting to fruit. Now is the time to act in this matter, for values are advancing so rapidly that only the rich can afford an orchard in this valley in a few years. Why shouldn't values advance, when the right kind of an orchard is yielding such fabulous returns?
