### PRESIDENT'S REPORT ON INLAND WATERWAYS

WASHINGTON, Feb. 27.—President Roosevelt has sent in his message bearing on the inland waterways commission's preliminary report, which was read to congress. The president deals with the question of water transportation in a concise, intelligent manner and places much of the blame for retarding work on inland waters to railroad magnates. He maintains that much damage was done the commerce of the country by the unrestricted methods of the railroad corporations and was pleased to believe that the interstate commerce commission's work has made it possible to eradicate the evil.

The inland waterways commission's report deals with the necessities of appropriations for improvements and points the way for beneficial results. The report, while comprehensive, does not deal with the work of the commission in its entirety, but outlines what has been and ought to be done by congress and the people.

### NOTES FOR THE FANS

Shorty Miles had the Indian sign on the bitters yesterday, picking up every thing that started toward the second bag.

"Big Bill" and his glad rags were out yesterday "conning" the players and telling them how he used to get 'em at Princeton. He thinks well of Medford's chances and is willing to back his judgment with the long green.

Big, the old reliable, is sure hitting 'em on the nose, and if he holds out, there will be no need of his keeping in the hot water and pretzel diet.

"Choochie" Effert is putting up a good game at third, and it will be worth the price of admission to see him whip 'em across the diamond.

The only chance the 33d degree fans see for Jacksonville is for four or five of the old reliables to stop breathing.

WE OFFER YOU FINER QUALITY MATERIALS, GREATER VALUES, MORE CLASSY STYLE AND NOBBIER PATTERNS THAN CAN BE SECURED ELSEWHERE FOR THE SAME MONEY.

### SWIFT BUYS ANOTHER BIG TRACT AT PORTLAND

PORTLAND, Feb. 27.—The Swift people have added another body of land to their already immense holdings in the vicinity of the railroad crossing on the peninsula, where the \$4,000,000 packing plant is to be erected, having just concluded an \$80,000 purchase of a tract that adjoins their townsite north of McKenna junction. A considerable portion of this tract is elevated and was probably acquired for an addition to their townsite.

An extension of Patton avenue will run through the tract, and on the south it extends all up toward Columbia boulevard. This, together with the house, will fall flat.

### ELLIS ASKS INVESTIGATION

WASHINGTON, Feb. 27.—Representative Ellis of Oregon, member of the house naval affairs committee, came forward today with an urgent demand upon the rules committee that it authorize an investigation of the Lilley charges that undue influence was used by the Electric Boat company in connection with legislation favoring the concern.

Ellis is of the opinion that the charges tract purchased a few weeks ago, for which \$16,000 was paid, gives the company ample area for a town of several thousand people, and brings the total holdings of the company on the peninsula close to 3000 acres.

### PORTUGUESE IN AMERICA HONOR MEMORY OF KING

## Good Coffee Values

I was reading about a fellow who was asked what he had had for lunch, and he said: "A piece of ham, some almost eggs, a cup of near coffee and some not quite pie." Well, you won't find any "near coffee" around this shop; that is, if we sell it to you for coffee. It's easy for a grocer to give you a good run for your coffee money if he isn't too stingy. Coffee is lower than ever before and quality better. It all depends upon how much a grocer is willing to pay for his coffee.

You can buy the real old Govt. Java or you can buy Java which comes from Brazil, but whatever we sell you, whether it be Java, Mocha and Java or Costa Rica, you may know it is the best grade that can be sold for the money.

We have a big coffee trade, and that helps us to give you fresh roasted coffee any old day you want it, and not the tasteless kind which has lost most of its strength. I expect a lot of ladies in the store today to buy our 25c coffee.
