NEW GEOGRAPHY PUTS OREGON UPON THE MAP

PORTLAND, March 10.—Professor R. S. Tarr, occupying the chair of physical geography at Cornell university, is the author of a geography now used as a text book in a vast number of schools throughout the United States, and in revising this book is paying especial attention to the development of Oregon and Washington. The Portland Commercial club has furnished Professor Tarr very complete data on Oregon, together with a number of thoroughly representative pictures, and genuine interest on the part of the author is apparent from a request for further photographs of specific subjects. Washington's commercial bodies will see that the "Evergreen State" is properly taken care of.

Public School Opportunities.

No section of the Union surpasses the Pacific Northwest in the excellence of its public schools, and Oregon communities are manifesting their interest in the state university by urging upon it the most liberal appropriations for the maintenance of this institution in a way that will enable it to reach its highest efficiency. This was the meat of a resolution adopted by the Portland Commercial club recently. Public bodies throughout the northwest appreciate that institutions of higher learning are a factor of the greatest importance to eastern people who contemplate making their homes here.

California people are planning to return the visits made that state by the people of Oregon and Washington, probably the first excursions will be made at the time of Portland's rose festival in June.

At even this early date, too, the Alaska-Yukon-Pacific exposition at Seattle is being much discussed in the south.

Development League Meets.

A series of meetings under the auspices of the Oregon Development league are to be held this week in Ashland, Medford, Roseburg, Grants Pass, Albany and Stayton. One held an enthusiastic meeting last week that lasted until 2 o'clock in the morning. Seventy new members were taken into the Commercial club there.

Eastern people are already beginning to arrive on the spring colonist rates. The disposition is to seek the smaller towns and the majority of those looking for country places intend to enter fruitgrowing or dairying, two industries especially attractive in Washington and Oregon, where they bring greater returns than in any other part of the country.

CHINA GIVES SATISFACTION FOR INSULT TO JAPAN

PEKIN, March 10.—The Tatsu Maru incident is not yet fully settled. China has given satisfaction regarding the hauling down of the Japanese flag, but the disposition of the steamer and the matter of indemnity are still subjects of negotiation between China and Japan.

KAISER WILLIAM'S LETTER MERELY A FRIENDLY NOTE

LONDON, March 10.—The hope that the letter sent by Emperor William to Lord Tweedmouth, the first lord of the admiralty, would be published was dispelled by Mr. Asquith, chancellor of the exchequer, in the house of commons this afternoon, when he told A. J. Balfour and other questioners that he had nothing to add to the statement of Friday and that so far as he knew Lord Tweedmouth had nothing to add to his declaration beyond the fact that he showed the letter to Sir Edward Grey, the foreign secretary, who agreed with

the recipient that the letter had no official character. "It is clearly out of the question," said Asquith, "to lay private and public correspondence on the table."

Later, in the house of lords, Lord Asquith described the letter from Emperor William as "quite informal and friendly." Lord Tweedmouth expressed surprise at the continued criticisms from the press and the public.

CAKE TO MAKE TOUR IN INTEREST OF CANDIDACY

In the interest of his candidacy for the republican nomination for United States Senator H. M. Cake will begin a vigorous campaign of the state this week. His itinerary will include practically every section of Oregon.

Mr. Cake's determination to begin the active campaign at this time is due, he says, to his desire to explain to all the Republican voters of Oregon his stand on various questions. His position has been expressed in his platform, he says, but he desires further expansion of its various topics by means of personal addresses.

"Through the papers I have submitted my platform to the Republican voters of Oregon," announces Mr. Cake, "but in addition to that I desire to address them in person, to explain more fully and more clearly my position in various matters. I hope to have the pleasure of addressing as many Republican voters as possible and am confident that my message to them will be of interest to all who are concerned in the result of the coming election."

REPUBLICANS AGREE ON TARIFF REVISION PLANS

WASHINGTON, March 9.—Plans for the revision of the tariff have been agreed upon by the Republican leaders, including Roosevelt, Speaker Cannon, Senator Beveridge and Representatives Payne, Dalzell and Sherman, the three latter being members of the house ways and means committee, who will frame the new law.

An extra session of congress will be called immediately after the expiration of the present congress next spring and a bill will be drafted reducing some of the high schedules on steel and iron and equalizing others. If the Democrats are successful in the national election next fall, President Roosevelt will call congress immediately after the result is known, so that the tariff can be revised by the Republicans.
