To the Editor: Rev. Reuter has writing about matters of religion, was caught blundering. This may be true, as there has been a great deal of blundering done along that line, and not all done by lawyers, either. The mistaken ideas of church doctrine, church blunders the historian tells is how caused the death of over ten millions of immentation. The fruit bads promise the bayeiest the beaviert whether Christ had two souls. one inmain and the other Divine, was once a question that brought many inno each people to the stake. The time for relebrating Easter was once considered of such great importance as to involve the salvation or diagrantion of men. The Rev. David Swing says in one of his The drought has interfered with plantic control of the transfer of the property of the drought has interfered with plantic control of the property of the drought has interfered with plantic control of the property of the drought has interfered with plantic control of the property of the drought has interfered with plantic control of the property of t

J. Hency

Ruef's affidavit contains 234 specific objections to Hency's document.
The motion and affidavit were filed after Judge Lawler had denied the blanket motion of Act to strike out the en-tire affidavit of Hency.

Frank J. Murphy, associate counse or Abe Back, has filed with the district court of appeals an application for a writ of halous corpus to secure Abe Ruef's release on bail. Incidentally, RAYMOND HITCHCOCK the application calls the attention the appellate court to the remarks madby Judge Dunne from the bench with in the Schmitz case.
