BRADLEY DECLARES IN FAVOR OF FAIRBANKS

New Kentucky Senator-Elect Out Footed for Indiana Statesman as the One Man to Defeat Bryan—Is Intimate Friend of Roosevelt.

FRANKFORT, Ky., March 19.—Senator-elect W. O. Bradley has given out a statement announcing himself as decidedly for the nomination of Vice President Fairbanks for the presidency by the republican national convention...

FOR A WATER SYSTEM.

The city council has taken a step in the right direction by getting down to business on the water proposition.

The special committee has not yet made its report, and until the public is taken more fully into its confidence...

A gravity municipal water system is the best investment any city can make, and it is ten times true of Medford.

Newbury in the Race.

Jacksonville, Or., March 17, 1908. To the People of Jackson County: A rumor has gained currency, doubtless through the agency of my political "friends," that I had determined to withdraw from the race for district attorney on account of my health.

Now, the republican federal officeholders of the state, with a few exceptions, are banded, organized and earnestly laboring to carry the state for Taft.

Why He Is for Fairbanks. "Frankly, I favor the nomination of Fairbanks, because I believe he is the most available candidate. First, he is the unanimous choice of the republicans of his state; second, he is a man of exalted integrity, spotless record, great ability and will not antagonize any element of the republican party; third, he is our neighbor and friend.

Senator-elect Bradley has received the following letter from President Roosevelt: Washington, D. C., March 2, 1908. My Dear Senator Bradley—I must add just a line to the list of congratulatory notes you are receiving.

Good Coffee Values. I was reading about a fellow who was asked what he had had for lunch, and he said: "A piece of bologna, some almost eggs, a cup of near coffee and some not quite pie." Well, you won't find any "near coffee" around this shop; that is, if we sell it to you for coffee. It's easy for a grocer to give you a good run for your coffee money if he isn't too stingy. Coffee is lower than ever before and qualities better. It all depends upon how much a grocer is willing to pay for his coffee. You can buy the real old Govt. Java or you can buy Java which comes from Brazil, but whatever we sell you, whether it be Java, Mocha and Java or Costa Rica, you may know it is the best grade that can be sold for the money. We have a big coffee trade, and that helps us to give you fresh roasted coffee any old day you want it, and not the tasteless kind which has lost most of its strength. I expect a lot of ladies in the store today to buy our 25c coffee.

HOW ADVERTISING OFFSET EFFECTS OF THE PANIC

As an instance of the value of newspaper advertising to increase or force trade, the following facts are remarkable. During December the orders received by the Douglas Boot & Shoe company of Boston, Mass., fell off in consequence of the business depression following the panic. The advertising manager of that large concern mentioned the matter to Governor Douglas and asked his advice, whether under the circumstances they should place the usual amount of advertising during January and February, which are usually the slowest months in the year in the shoe business.

Thus the business sagacity of Governor Douglas has overcome the hard times, and his optimism has proven an antidote to the republican panic. The advertising manager of Governor Douglas explains the phenomenon of increased sales, when by all the rules of business there should have been a decrease, as entirely produced by the increased advertising. Other advertisers of shoes were drawing in their horns and many of their former customers were induced to patronize the Douglas shoe because it was more than ever brought to their notice.

Moral: Never let up in your advertising during a dull season. Better increase it.
