SPORTING NOTES.

In the Coliseum at Chicago on the night of April 3, George Hackenschmidt, the world-renowned wrestler, will contest for the world's championship title with Frank Gotch, the American champion. The bout has attracted attention on both sides of the Atlantic. The men will wrestle in a finish, the winner gaining two falls out of three and carrying off the lion's share of the gate receipts, besides a large side bet and the championship title. Hackenschmidt, who is popularly known as the "Russian Lion," is not a stranger to America.

Dallas College won the first of a series of basketball to be played by this institution and Multnomah club for the championship of Oregon. The score was 18 to 16. Multnomah had things all her own way in the first half and for about ten minutes of the second half, but after that Dallas crawled up and won out in the last two minutes of play.

Santa Barbara fans have noticed the great improvement in the playing of the Beavers during the past week. The players are handling themselves better, have developed greater speed and have displayed clever ideas. McCreddie seems to have a group of prominent winners this year. Calvin Doumaire of Chicago defeated E. W. Gardner of Des Moines, N. J., in their match in the national amateur billiard tournament, now being held in Chicago. The score was 400 to 35. Doumaire's average was 57.17, which breaks all previous amateur records for 14.2 billiards. Gardner's average was 5.

Tommy Burns, the American heavy-weight champion, made short work of Jim Roche, the Irish champion, in their contest at the Theatre Royal in Dublin for the world's heavy-weight championship. Practically only one blow was struck. Burns knocked Roche out even hardly more than a minute of the first round had been completed by a short look to the jaw. So quickly did the end come that the great crowd which filled the theater in the expectation of seeing the Irishman put up a good fight for the title hardly realized what had happened.

PATRIOTIC KOREANS SHOOT AN AMERICAN ACCUSED OF BEING SPY FOR JAPANESE

D. W. Stevens, Member of Jap Council at Seoul, Is Shot at San Francisco After Being Physically Assaulted at Hotel--Accused of Fathering Program of Repression in Korea and of Working to Exterminate Natives in Interest of Oppressors--Blamed for Occupation of Country.

SAN FRANCISCO, March 23.—Following a physical attack by four Koreans at Fairmont hotel last night, D. W. Stevens, a member of the Japanese council at Seoul, was shot this morning at the Ferry depot as he was about to leave for Washington. The shooting was done by N. W. Chum, a Korean. Stevens was shot twice, one bullet penetrating his right lung, the other the groin. A third bullet struck a companion of the shooter, I. W. Chong. A mob of 500 pursued the shooter, who ran from the scene. He was finally captured by H. Sexton, a deputy in the assessor's office.

BIG STICKY ITEMS.

Most of the families in this part of the country were doing business in Medford last Saturday. Mr. and Mrs. Albert Turpin and son Vernon spent Sunday at the hospitable home of Mr. and Mrs. W. Gregory. The pupils of the Roosevelt school gave a pleasing entertainment Friday afternoon, March 20. Mr. Jones, their instructor, is doing some very good work in the school. John Beltz is disposing of his household goods preparatory to leaving this country. John Bigham's nephew, Charles, together with his family, friends, cousins and household goods, arrived in Medford Saturday night, having chartered a car from their home in California. They were met at this city by John Bigham and sons, William and Elbert, with teams, and their goods were moved to the former's ranch on Sticky, where after a short visit with their relatives they will move to their new home in the Dead Indian country. Miss May Bigham is teaching a successful term of school in the Glendale district across Butte creek. This is her second term in the same district. James Stevens, Fish Lake Ditch company's chief, has quit work at the ranch and returned to his home in Medford, having been called thither by the death of his father-in-law, Mr. Foster. Mrs. Stevens is also in very poor health. Mrs. E. G. Roberts has been quite sick with a gripple, but is somewhat improved at this writing. Mrs. Alfred Smith, who spent part of the winter at her father-in-law's, J. W. Smith, is being very ill at her home in North Medford. Her many friends regret her illness and hope to hear of her speedy recovery. The Fish Lake Ditch company has a force of men at work repairing ditches along the line and preparing for their summer use. Mrs. E. J. Roberts and daughters, Mesdames Nellie Gail and Lulu Deery were calling on friends in the vicinity of Jacksonville last Wednesday.

McDONN'S DEATH NOT A CASE OF SUICIDE. Dr. A. F. Kellogg, coroner of Jackson county, made an investigation in the case of the death of Daniel W. McDonn, which it had been reported had committed suicide last Tuesday evening. He found that the deceased was afflicted with asthma and was choking spells. Two neighbors were present with Mr. Anderson when he expired. No relative was present during his last sickness. His remains were laid to rest in the Odd Fellows' cemetery Monday morning in the presence of a few friends and neighbors.

strong in physique and in splendid health and it is possible that he will recover.

Attacked in Hotel.

The attack on Stevens at the Fairmont last night was the outcome of a visit from a committee of four Koreans who called upon Stevens to verify an interview in a newspaper in which Stevens applauded the attitude of Japan in Korea. Stevens did not retract his statements, and he was knocked down, his head striking a marble floor. He rose quickly, seized a chair and held his assailants at bay until assistance arrived.

Speaking for the committee, one Earl Lee, who speaks English, said that while Stevens is paid by the Korean government, he is doing what the Korean people do not want him to do, and that in reality Stevens is in the service of Japan, and says:

"Since Japan began to 'protect' Korea thousands of my countrymen have been killed, their property confiscated and hundreds of villages burned by Japanese troops. The Japanese want

MANY APPRECIATE MUSIC AND DINNER

The Hotel Nash is the most metropolitan hotel south of Portland and has done not a little to spread Medford's fame abroad. Travelers are surprised and delighted to find such a first-class facility in a city of this size, and this attractive feature creates with the attending restaurant a favorable impression of the city at the outset. The Sunday dinners are evidently destined to play a great part in the social life of Medford, besides being one of the best accommodations the city could have.

BARNUM WINS OUT.

Will Erect Frame Depot. W. W. Barnum will soon begin the erection of a new depot opposite the Wells-Fargo express office. It will be a frame structure 26x48 feet, inclusive of the warehouse and will be fitted up in 100 class shape.

CARTER A CANDIDATE FOR RAILROAD COMMISSIONER

William A. Carter, formerly of Gold Hill, recently of Salem, is an announced candidate for the office of railroad commissioner for the first district of Oregon. Mr. Carter was once a member of the legislature from Jackson county.

to open schools in Korea to teach their own language, but no school can open unless it be Japanese.

"They disbanded the Korean troops because they were loyal, because so long as Korea had soldiers Japan could not do much in the country. Japan has planned to send 6,000,000 emigrants to Korea in the next eight years. If Japan controls my country two or three years Korea will be Japan, or a part of it."

Stevens has been adviser to the Korean council since November, 1904. From 1883 to that time he was legal adviser to the Japanese legation at Washington.

The Koreans also charge Stevens with being in this country as a spy for the Japanese army.

In an interview with a representative of the Associated Press at the hospital, Stevens attributed the assaults to student agitators, who believe that Stevens is responsible for Japan's protectorate over Korea. Physicians express the belief that Stevens will recover unless untoward complications ensue.

PRESIDENT DECIDES UPON PROGRAM OF LEGISLATION

WASHINGTON, March 23.—President Roosevelt has determined on a legislative program the enactment of which will be urged upon congress in a special message which will go in this week. Each of the measures to be proposed involves perplexing difficulties and each will have far-reaching effects on business and economic conditions of the country. The program is the product of important conferences, through which the president has been put in possession of the views of all interests concerned. Likewise the attitude of the leaders in both branches of congress has been made known. Its success depends upon the combined effort, which he believes can be brought to bear in behalf of the whole plan by those affected especially by some one of its features. The program includes: A declaration in favor of revision of the tariff in a special session to be held after March 4, 1909. An amendment to the Sherman anti-trust law so as to make important concessions to combinations of both labor and capital. Limiting the powers of certain courts in the use of the injunction in labor disputes. Passage of an employers' liability bill.

CALIFORNIA REPUBLICANS FALL IN LINE FOR TAFT

SAN FRANCISCO, March 23.—At a meeting of the state central committee the machine set-wards gave way before the Taft sentiment. All the old stand-bys of the party swung into line and when the primaries are held in May it is predicted that Taft will be the only man in the voting.

Colonel George Stone, the chairman of the committee, regarded as the machine spokesman, said there was nothing more to it.

"It's all Taft," he added.

Harriman and Herrin have withdrawn all opposition, and the Taft endorsement will go through with almost no opposition.

LUMBERMEN INDORSE OLD RAILROAD BOARD

Clyde B. Atchison of Portland and T. K. Campbell of Cottage Grove were unanimously endorsed for re-nomination and reelection to the railroad commission of the state of Oregon at the monthly meeting of the Oregon & Washington Lumber Manufacturers' association.

The meeting was largely attended by prominent lumber men from all parts of the state, and when the question of candidates for the state commission came up everybody spoke in favor of the above named. The endorsement met with the hearty support of every one present.

In discussing the question special stress was laid upon the fact that the record of these men for the past year as railroad commissioners entitles them to consideration and that their experience will prove of great advantage during the ensuing term of office.

SPANISH KING IS SUEED BY HIS NATURAL KINSMEN

MADRID, March 23.—Judges in the Elena Sainz affair called at the palace yesterday to take the evidence of the queen mother. Elena Sainz was a Spanish actress by whom King Alfonso had two natural sons. The children are now suing the estate of Alfonso for an annuity, which they claim was left to their mother by the king to revert after death to them. The queen was deposed a few days after the death of Alfonso XII. Senor Salmeron came to the house hold and said that Elena possessed certain letters and demanded \$15,000 for their return. The amount was paid and the letters burned, but the suit of the Sainz heirs is based entirely upon letters identified with those which the queen paid to have burned.
