

\$8000 PUBLICITY FUND RAISED BY ALBANY

Sleepy Old Town Joins Procession of Oregon Cities in Quest of Publicity—Thousand Facts of Willamette Valley Excursions to Nearby Sections.

One of the most convincing compilations of facts ever circulated to advertise a given section of country is the "Thousand Facts of Production," compiled by J. R. Shepard, giving actual results of producers throughout the Willamette valley. This compilation deals with fruit, vegetables, livestock, cereals, grasses, poultry, hops, and nuts.

Albany's Lizard Fund. A fund of \$8000 for publicity purposes, with the assurance that this will be increased to over \$8000, places Albany in the front rank of active Oregon communities.

Special Excursions Planned. Portland runs more special excursions of her business men out to points of interest throughout her trade territory in the northwest than any other

city in the United States, and special excursions are now being discussed to the Rogue River valley, Lewiston, Idaho, and Hermiston, Or., as well as to other points. The Portland Commercial club, the Pendleton Commercial association, and the commercial bodies of Umatilla, Echo, La Grande, Baker City, The Dalles, Hood River and other points along the line of the O. R. & N. will join in an excursion to Hermiston the latter part of May to celebrate the opening of the headgates of the Umatilla government irrigation project, upon which the government is spending \$1,000,000. It is expected that several thousand people will be present to witness the turning of the water upon the arid lands of Umatilla county.

Old Yamhill Awakening. Meetings are being held in different parts of Yamhill county for the purpose of organizing the Yamhill County Development league. This will be no interference with the local bodies in the different cities and towns, but will embrace them all in an effort to thoroughly advertise the resources of Yamhill county. A meeting was held at Newberg last Tuesday. Another will be held at McMinnville tomorrow. M. O. Townesdale has been elected president, and the people of Oregon can rest assured that Yamhill county will do its full part in advertising the resources of the state.

The Portland Commercial club has decided to move into its new home May 1. This building is an eight-story steel, covering a quarter block, and when completed will cost to exceed \$500,000, and be the most complete equipment owned by a national commercial body in the United States.

Much Water for Medford

The council's committee, accompanied by the Commercial club committee, guided by the Honorable William Ulrich of Eagle Point, have returned after making a complete investigation into all the water heads east of Medford. They report that Medford is very favorably located as plenty of pure mountain water is here for the going after it, while the country is very much broken and it will be difficult to get a pipe long enough to pipe the big spring at the head of Big Butte creek, this is a very large and fine supply of water, and the Honorable William Ulrich of Eagle Point says that with the assistance of one of Shortle's Garnett's Mud S pumps this water can easily be forced over the Olanahala mountains. Every where we went we found evidences of Nature's Pure Point, as some one has tried to run a pipe all the winter in the Big Butte country with this popular spring, knowing as they did that the figures would prove false. The fact is a large quantity of water was used and the water was found to be the same as the water with the fresh air close to Mount Dix. There is no doubt that

TRIBUNE WANT ADS ARE TIME AND MONEY SAVERS

Wise Talks By the Office Boy

I was reading about a big firm back east that claims that preservatives are not necessary to the food-preserving industry, while all the others maintain that the new law, if strictly enforced, will put them out of business. But one big firm, with a big reputation for putting up sound fruit can prove its position for all the rest. It's only a question of using sound fruit. Sound fruits, like sound women, need no preservatives. Say, it isn't me that's making all this wisdom. It's the paper I was telling you about. The boss takes a lot of trade papers and that keeps me posted on what is going on in the provision world, you bet. I think Proffered Steak are the nicest, and Heinz comes next, then Bishop. What do you think? Try a jar?
