Her daughter, Mrs. Roberts, remains with her mother as special nurse.

SPORTING NOTES

None of Medford's pitchers have made good as yet, hence the Seafarers beaten. Portland tries twice in one session. Vernon pitched the fifth game and would have won had not Madson made a last throw toward the infield and allowed the three men on bases to score.

Dallas college's basketball team clinched the Pacific coast championship by defeating the Seafarers (Wood) aggregation on the local floor—scored by a score of 46 to 37. This was the second of the championship series of three, Dallas winning the first at Sacramento a week ago. Dallas players secured 22 field markers and 26 free throws. Dallas has now disbanded for the season. The boys lost but one game, the Mosquitos (Gal.) losing on close scores, and the result might have been different had Pecan had a chance to play. They are the undisputed champions of the Pacific coast.

With the Butler-McLagan wrestling match on next Wednesday night, Portland is the objective point of no less than a dozen wrestlers of prominence. Out of the contingent it is expected that some good matches will result. One of the best of the big fellows to show up is L. A. Grant, a 195-pounder, who has pinned the shoulders of a number of big exponents in the past.

Tommy Burns, the heavyweight champion pugilist of the world (with Jeffries in retirement and Jack Johnson looking for a chance to fight for this title), has made \$80,000 since he first entered the ring in 1900. Burns incidentally has picked up more soft money than any of the previous champions in his class. In arranging his matches he does not require the services of a manager, who in his opin-

ion would be simply so much extra and unnecessary expense. Burns is lucky if for no other reason than the fact that nowadays there are few really good heavyweights in the ring. He is a scientific boxer himself, a hard hitter and is game, but in general comes up he does not compare favorably with such past masters of fistfights as Jeffries, Fitzsimmons, Corbett, Sharkey and Moxey, any of whom would have disposed of Burns if he had been fighting when those men were in their prime. But at that Burns, in the estimation of many fair judges, is the best white heavyweight in the ring to date.

W. H. West, a former middleweight champion wrestler of the coast, is staying in Medford and plans to make this valley his home. He intends to open a young men's class in boxing and wrestling in the near future.

Marshfield's New School

The Marshfield Board of education has let the contract for the erection of a new \$20,000 schoolhouse to Remond & Tobe of Portland.
