Pa says a rose by any other name would be just as expen-sive back east this time of year. sometimes think he pines for the piney woods in old Penob-scot, Frappe County, Maine, where he was raised—but that's one thing yours truly never yearns for. The good mountains and the good old ocean and nice old Oregon atmosphere are good enough for m . But it's all in how you were raised. Pa likes clam chowder and corn on the cob, and harvest apples and a lot of things that a kid who was born this side of the snow sheds hasn't had much chance to get acquainted with. Those who have lived on both sides of this great country and lived long enough to know what's long enough to know what's what can get all those things just as nice one place as an-other, if you know where to buy. We've got clam chowder from Boston that is just as nice as any you ever ate on the sand, and lots of other things that have that "Down East" taste.
