

BUTTE FALLS ITEMS.

Scott Claspfield is in the valley purchasing supplies. A large amount of machinery for the Butte Falls Lumber company was taken to the mill this week from Medford. J. T. Patton has gone to the Parker ranch. He has purchased a home in Eagle Point. Mailcarrier Bayburn intends to build himself a house in Butte Falls. He now carries the mail to Eagle Point. John Allen acted as one of the judges of election and took the returns to Jacksonville.

Church services are held every Sunday in the schoolhouse. It is expected that we will soon build a neat chapel. F. V. Medjiski has gone to the valley. He reports grass and crops looking above the average.

A good hay ranch would be a paying proposition hereabouts.

Mr. Miller, the new manager of Butte Falls Lumber company, is contemplating the erection of a summer residence in the town.

Butte Falls is the coming summer resort of Jackson county, as it possesses all the features for an attractive residence point for both winter and summer. The woods being filled with game and the waters with fish, while the air and drinking water are all that the most exacting can desire.

The temple of justice will soon have its exterior and interior finishing complete and Judge Peetz will be in the seat of justice ready to hear and determine complaints.

B. F. Edmondson will build himself a home in Butte Falls, he having bought a desirable lot for that purpose.

Inquiries for Butte Falls business and residence lots are increasing and property is advancing upon the strength of the contemplated movement in mill matters.

The Iowa camp has a new manager for the sawmill.

The country roads are gradually improving under nature's treatment, and our people take much interest in the excellent work of the Tribune, and it has many friends in hearty accord with its views and commend its action in stirring up the "sonny ring."

Newbury had workers in the field on election day, but they soon left when they learned how solid the precinct was for Mulkey.

Ed Walker and wife appear to be quite popular among the camp residents.

Mrs. Charles Edmondson is visiting and assisting her mother during the sickness of Miss Frankie. The latter is now convalescent.

Ranger Swinburn was here Friday. This is his district and he finds everything O. K. He should be careful as to the men from whom he obtains information, as they are not always reliable, neither without malice.

Widow Heckathorn has fitted up a nice rooming house for the general public.

Parties have been here to open up a butcher shop—a much-needed business for our community, as our working population is now growing and will rapidly increase as soon as the millwork opens up and the box-factory is established.

It is rumored that one of our young ladies will soon wed. Guess who it is?

Ben Frederburg is having plans drawn for his new residence, which he will soon build.

Butte Falls will likely be incorporated this summer, and we will set about improving local conditions.

AMUSEMENTS.

Fresh from a 12 weeks' engagement at Eureka, Cal., the Margaret Hes company will open an engagement of 5 nights at the Medford Opera House on Tuesday, April 25, on which occasion they will present for the first time in this city, "The Senator's Daughter." The company comes most highly recommended by the local manager at Eureka and being headed by Miss Hes herself, who will be remembered as the leading lady at the Alcazar Theater in San Francisco for two seasons, should be a guarantee of a most pleasing entertainment.

For this engagement the prices have been reduced to 25, 35 and 50 cents, and as a further inducement to come out and get acquainted with this company, all ladies will be admitted free on the opening night, when accompanied by a paid reserved seat ticket.

MEDFORD MAIN OFFICE OF NEW AUTOMOBILE

The beautiful red touring automobile called the Pacific, and owned by J. M. Root and son, appeared upon the streets of Medford last Saturday afternoon for the first time. The Pacific car is the result of the work of Messrs. Root, who designed the model, and had the car produced according to their specifications.

The Pacific has 108-inch wheel base, four-cylinder, water-cooled engine, Bosch imported high-tension magneto, and in fact all of the very latest equipment, bringing the Pacific strictly up to the minute in automobile production. The Pacific has a double chain drive and a 15-inch clearance between the hubs, can show a speed of 60 miles an hour and is a great hill climber.

Messrs. Root control the factory output of the Pacific automobile, a name which they have copyrighted. This car is built to meet the demand for a high grade automobile at a reasonable price which will do the work required by the owners of machines on this coast. The main sales office will be in Medford.

Kidney Troubles May Be Sapping Your Life Away—Medford People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Medford testimony to prove it:

Mrs. William Charley, living corner Fourth and G streets, Medford, Or., says: "I never had the slightest trouble from my kidneys until some time ago, when I fell and injured my back. From that time on I noticed that my kidneys were in a deranged condition. They were too frequent in action and gave me much annoyance. My back was so weak and painful that I was unable to stoop over, and at night I could not sleep. I learned about Doan's Kidney Pills and procured a box at Haskin's drug store. In less than two weeks I was greatly improved, so continued taking them and am now feeling fine. I have recommended Doan's Kidney Pills to a great many people since they cured me."

Wise Talks By the Office Boy

Pa says a rose by any other name would be just as expensive back east this time of year. I sometimes think he pines for the piney woods in old Penobscot, Frappe County, Maine, where he was raised—but that's one thing yours truly never yearns for. The good mountains and the good old ocean and nice old Oregon atmosphere are good enough for me. But it's all in how you were raised. Pa likes clam chowder and corn on the cob, and harvest apples and a lot of things that a kid who was born this side of the snow sheds hasn't had much chance to get acquainted with. Those who have lived on both sides of this great country and lived long enough to know what's what can get all those things just as nice one place as another, if you know where to buy. We've got clam chowder from Boston that is just as nice as any you ever ate on the sand, and lots of other things that have that "Down East" taste.
