MEDFORD MERCHANTS JOIN BOARD OF TRADE T. S. Townsend, president of the Portland board of trade, and Fred Miller, secretary of the same institution, were in Medford Wednesday afternoon. They had an informal meeting with the Medford merchants for the purpose of explaining the plans of the board of trade, which will directly benefit all merchants who are members of the organization, in that they will be able to make better sales of their produce and find a ready market without employing an agent or being present. They can also make purchases more readily and at better figures. The

board of trade is conducted on the same plan as other larger institutions, everything that may be for sale is placed. Resident merchants of Portland will be materially benefited, as they can get quotations of prices any hour of the day. This institution is strictly a merchants' board of trade and is confined to the handling of fruits, butter, eggs and other perishable goods, and also regulates rates. Several Medford merchants became members. The membership fee is nominal, the object being to bring the small and large dealer in close touch with each other.

BAND CONCERTS THIS SUMMER IF PROPOSAL IS ACCEPTED

There is to be a meeting of the Commercial club this evening. Why would not this be a good time to bring up the matter of having a weekly band concert in the park during the hot months? The boys have been working faithfully under the direction of Chas. D. Hasselrigg, and has grown from a handful of ten or twelve men to a really good concert band of 25 men playing such music as "Pauze," "Mazurka," "Bohemian Girl," "King Dido," etc. These concerts can be assured if the Commercial club will spend a few hundred dollars and equip the band with uniforms. A good band can certainly do much toward boosting a city, to say nothing of the enjoyment the weekly concerts will give. It's a good thing; push it along.

BRING JOHNSON BOOM TO DEMOCRATIC CONVENTION

SPRINGFIELD, Ill., April 23.—Ten men from Chicago, headed by Maxwell Edgar, brought the Johnson boom to the democratic state convention today. The convention, which was called to order at noon, listened to an address by the temporary chairman, who also will be a permanent presiding officer.

SPORTING NOTES

Brooklyn won his second game against Los Angeles last Sunday, making two of the five games won by Portland up to Tuesday. This is certainly a good record.

Double the offer made by an English scullion for a return match between Champion Frank Gatch and two fasthands, Tom O'Rourke has offered the pair a prize of \$20,000 for a match at New York in June.

Tommy Barnes knocked out "Jimmy" Smith, the South African boxer, in the fifth round of what was scheduled as a six-round bout at Paris, France, Saturday. The fight was witnessed by the biggest crowd that ever attended an affair of the kind there, and high prizes were paid for the seats.

Packey McFarland, arriving at Chicago from the Pacific coast last Friday, left behind him unshaken the biggest guarantee ever offered in California, and one of the largest ever shown to any fighter. \$17,500 for his own and, on his own, a \$10,000 battle with Joe Gans. Of \$10,000 insurance sum \$10,000 was offered for the fight itself and \$7,500 for Packey's interest in the mat-

ing pictures. Wise as a fox, Packey declined. "I want to go right home and see the folks," said the lightweight, "and then I'll mix 'em with the boys." All previous records for the mile on roller skates were broken last week when William Robinson, American amateur champion, did the distance in 2:21, which is three seconds faster than Bill Moore's professional record of 2:27. Packey McFarland, since beating Jimmy Britt, has expressed the idea he held and expressed for some time that he believed he was the peer of every lightweight with the exception of Al Gans. Now he does not bar him. It can't be that he thinks his own victory has outdistanced him to this claim.

Hans Wagner, said to be the greatest ballplayer extant, has finally signed up with Pittsburg again. He received a previous offer from the San Jose branch of the California league. Hans stated early in the training season that he was to give up baseball and take to a chicken ranch. He probably figured that it would take a mighty big pile of hen fruit to roll up a tidy sum like \$10,000, his contract price.

"Slicers" Henley, who was once connected with the Medford team, last week pitched a wonderful 17-inning game at San Francisco against the Oakland Commuters, winning out by a 4-3 score. As the game progressed the lengthy twirler appeared to become stronger. His opponent was Hopkins.
