This year the paramount issue in Oregon is Statement No. 1, election of senators by the people, government by the people rather than by politician and the trusts. Extensive preparations are being made for the annual cherry fair to be held in Salem about the first of July, and from information received it is apparent that the fair this year will surpass that of 1907. Dr. John S. Parson of Ashland, who recently underwent an operation in San Francisco for gallstone, has returned to his home from Tolman's Springs, where he spent a month for the benefit of his health, which is much improved. It has been many a year since wool sold as low as 19 cents a pound, although recent sales here have been between that figure and 12 cents. Valley venient to breed for the mutton market rather than for the fleece. Rev. Robert Tweed has left for Belknap, Wash., where he goes to take charge of Bethany Presbyterian church, located in the suburbs of that city. Rev. James M. Wilson, formerly Presbyterian pastor at Ashland, is pastor of a leading church at Bellingham. Rev. Mr. Tweed's family will remain at their home in Ashland, says the Tidings. Marshal Hammerdy had a case rather out of the ordinary on his hands a few days ago, when he was obliged to give a woman who had a "float." She arrived from the north on the local and carried an abundance of booze aboard. Next morning she made herself rather obnoxious about town and Fritz courtously escorted her to the train and shipped her south—Gold Hill News. To cap the climax of recent sharp advances in fruit jars, manufacturers and jobbers are today quoting an advance of \$1 a gross in the value on jar caps. Porelain caps that formerly sold at \$2.50 a gross are now selling at \$3.50. In recent years the price on caps has never gone beyond \$2.25 until a short time ago. This advance, coupled with the rise of 40 to 50 per cent in the price of fruit jars a short time ago, makes home fruit preserving much more expensive. However, no advance has yet occurred in jar rubbers.

At Portland on Wednesday, "Chubb" Pernell won his third straight fight from the Angels. He has been "jinks" to the Lou Lane ever since he left Grants Pass. McRedie must put much more dependence in Pernell if he wishes to win the pennant. He does give the boy a square deal. The University of Oregon won the track out at Pullman, Wash. Wednesday afternoon by a score of 75 to 47, which give the Oregonians the championship of the northwest, with Whitman in second place. Oregon led from the start and was strong throughout. Los Angeles lost the first two games at Portland, dropping into third place. Kinella and Pernell put the Indian sign on them. The standing of the clubs Thursday morning was: San Francisco, 529; Oakland, 515; Los Angeles, 509; Portland, 455. It lacks only a few weeks of 20 years since Tommy Ryan became conspicuous as a pugilist. It was July 20, 1888, that he knocked out Joe Johnson in five rounds at Marion, Mich., that being his first important fight. In his 20 years he has fought 119 times, and in only three of those years has he kept out of the ring. His last bouts were with Dave Barry and Hugo Kelly late in the winter of 1907. Ovie Overall, the Chicago National's pitcher, after winning 14 straight games, was defeated by Philadelphia yesterday. Dan Kelly, the world's champion sprinter, at Philadelphia, May 12, in practice, ran the 100 in 10 seconds and made a lap of 23 feet in the broad jump. For the short time that Kelly has been under the care of Trainer Mike Murphy he has made wonderful strides toward the goal in both the sprints and broad jump, and the veteran trainer says that when the proper time comes the Oregon boy will uphold his reputation as the world's champion. Tommy Sheehan, formerly with Tacoma, is now leading the National league batsmen, with an average of .462. Tommy Burns, the American heavyweight, is going to pick up another bunch of easy money, the sacrificial offering being Bill Squires, whom the champion put out with a punch in San Francisco. The Roche-Burns fight put up a purse of \$7500. The contest will take place in Dublin the first week in July. A side bet of \$250 has been deposited by the principals. Squires, by his jinxing victory over Roche, has acquired quite a following.

CHALLENGE DE SAGAN. BOME, May 16.—Count Boni de Cas tellano has had detective watching Prince Heli de Sagan and his former wife since the latter arrived in Naples. His object is to get evidence to show before the French courts when he applies to them to remove his children from her custody. The count will challenge De Sagan in a duel, it is asserted here, the moment the prince sets foot on French soil. The stay of Prince de Sagan and Mme. Gould at Monte Carlo probably will not be more than three days. The prince played at the casino last night and had a trifling loss.

RUSSIANS TAKE TWO HUNDRED CHINESE WITHOUT PASSPORTS. ST. PETERSBURG, May 18.—The Chinese legation here is in receipt of a telegram from the Chinese society at Khabayovsk, Siberia, complaining of the arrest there of 200 Chinese residents because they were without passports. The Russian authorities raided the Chinese theater and imprisoned the entire audience, including many prominent merchants. It is becoming apparent that Russia is acting upon a desire to prevent Siberia from being overrun with Chinese emigrants.

AMUSEMENTS

Judging by the laughter and commendation, the unanimous opinion of the crowded house which was entertained for three hours Saturday evening by "Mrs. Temple's Telegram," was that it was the best show which has been seen in Medford for many months. A great many things contributed to its success. The play itself was genuinely funny. The small cast was par and away above the average seen here. The leading woman, Margaret Snow, had an attractive personality as any woman whom the writer has ever seen in a road company. Her strongest point was her absence of any "effort," and her apparent obliviousness of the charming stage picture which she made. Mr. Bernard had the biggest share of the work, and no part could be better suited to him. The mounting of the play, both in the stage settings and costumes, was a revelation compared to what is ordinarily seen in the Medford Opera House. The company brought their own scenery. Every one laughed and enjoyed it. Every one was happy and went away satisfied, and what more need be said in praise of any show.

SPORTING NOTES. At Portland on Wednesday, "Chubb" Pernell won his third straight fight from the Angels. He has been "jinks" to the Lou Lane ever since he left Grants Pass. Double Your Money. Did you ever stop to think how rapidly you can make a fortune by doubling your money? For instance, say you start with only 1 cent and double it every day for only one month, and you will be surprised to see that you have accumulated several million dollars. Figure it out for yourself and become convinced. We simply mention this to show you how rapidly money accumulates when doubled over and over again and call your attention to the fact that real estate in Medford is doing that one thing; during the past two years you know of many instances where Medford property has doubled in value over and over again. As a matter of fact, the present prices of Medford real estate are very low, and it is a better buy now than it ever was. Medford has doubled in population during the past two years, and it has only commenced to grow; the surrounding country is increasing in population and value faster in proportion than is Medford, which is bound to increase the population of Medford and the value of real estate faster than ever before. The immense acreage planted to orchards as it comes into bearing alone means the doubling of Medford's population again inside of two years, and the doubling and quadrupling of its real estate values within the same period of time. Coupled with this are the immense timber resources now being opened up for the market and the great mineral resources now being rapidly developed. The Gold Ray Realty Company of Medford, of which Dr. C. R. Ray is president, owns over 10,000 acres of farming and fruit lands all over the valley, as well as acre property, business property and town lots in the City of Medford, which they are offering at very low prices on long time and on easy terms, and it will pay prospective buyers to investigate same before buying elsewhere. This company also offers to build houses to suit purchasers and sell same on long-time, easy monthly payments. Call and investigate at their office with the Rogue River Electric Co., 206 West Seventh street, Medford, Or. 52

Local Pleasures For the Women of Medford

Soon after we opened this store a lady remarked that she hadn't been downtown for three months. We were wondering why, when she followed up her former remark by saying that she didn't get any pleasure out of a trip downtown, because she saw the same old stereotyped surroundings—nothing particularly interesting to see and but few people shopping. We invited her to come and visit this store often and as usual her that she would never be urged to buy and that she was always welcome to spend as much time as she liked in our store. A transformation has taken place in the habit of coming downtown and always found much pleasure in just seeing our windows and interior displays, and she says: "I find my neighbors here and my friends and I visit with them and we have come to the conclusion that your store is doing much good here by selling good goods at reasonable prices and everything guaranteed to give satisfaction or money back." Everybody is invited to come here and rest or wander at will in the store.
