SPORTING NEWS

Dr. S. F. Miller Defeated Fred Reed in two straight falls in their match at Seattle. The first fall was from a bar and chimney hold and was secured in one hour and 17 minutes. Reed is the first man who has shown the same speed in a hold and the contest was very close up to the last fall. Reed bridged and kept his shoulders off the mat for two minutes after Miller got the hold on him. The second fall came in 25 minutes and 22 seconds and was from a body and arm hold.

The seventh boat race between every one of the three crews of the Portland regatta and did not allow the Lee crew to make a run during the whole time. Several crews and several were their pluck and they all distinguished themselves as winners.

Mr. Hall players is now allowed to leave his position in the field to superintend the contest on a few days, after possibly of appearance from the game for the afternoon. This is the calling of President Phillips of the national league.

Mr. long waiting the experienced boat builder had shown Spite Falls, in which a number of Central Point people are interested, is to be completed and opened to settlement. The latest completion is to be made in 20 days and is one of the best bodies of timber in the state. The land is all held under "squatter" rights, and as soon as the survey is completed and filed the statements will be able to make to get things in their hands. E. J. Henry, a civil engineer of Klamath Falls, has the contract for the work and is expected here in a few days to commence the survey. E. W. Jeffers has been long in the field with an assembling a crew of men and a packing outfit for the party, and the work covered by Mr. Henry's contract, which some people would not credit to him, but he will complete all the summer, says the Central Point Herald.

Subjunctive Among Initiators and Respondents.

One of the planks of the republican state platform is as follows: We are opposed to the abuse of the initiative and referendum by the submission to the people of large numbers of measures of the same kind. The people are too busy to give their votes the attention necessary to insure wise action. The number of measures to be submitted to any one election should be limited and it should be further provided that a measure once adopted shall be a plank in the platform for a period of six years thereafter.

The latest part of this plank is clearly directed against women suffrage. This proposition was thoroughly canvassed two years ago and was defeated by a majority of 10,000. There has been no change in public opinion on this question and the submission to the state has been chiefly of those opposed to the amendment. Nevertheless, it is again brought up on the ballot under the misleading title of "equal suffrage" in the hope that through the inattention of the voters and the confusion which will follow from the large number of propositions submitted, this measure may slip through. The convention is right. This is an abuse of the initiative. The amendment ought to be defeated by a large majority than that of two years ago.

ADVERSE DECISIONS FOR KLAMATH BOWMENLEADERS

KLAMATH FALLS, Or., May 21.—Bowmenleaders in the pine belt of Southern Oregon certainly have a hard row to hoe. Two decisions just handed down by the general land office are hard ones for those who are trying to fence lands that are heavily timbered and are at an elevation where it grows every night.

Several decisions have been rendered recently, but the most important ones are written on the Bowmen, involving a valuable quarter section of timber land in Lake county, and that of Fisherman in Harney. In the former instance C. E. Thompson filed in the November of 1905, and in April of last year C. L. Williams of Paisley, Or., filed an affidavit of contest, alleging abandonment. The officials in Harney rendered a split decision, the majority favoring the plaintiff and the contesting the defendant. The case was appealed and the contest was sustained by the assistant commissioner of the general land office.

The decision is based on the fact that the land, because of its altitude, cannot be cultivated, and because it is covered with a heavy growth of timber.

MADE LARGE SUM BY WHOLESALE MURDER

LA PORTE, Ind., May 21.—In her campaign of murder, Mrs. Belle Gurnee is said to have carried on a very profitable "business," which, according to the latest figures obtainable, netted her \$25,000. A tabulation which follows shows how she obtained sums of money from these victims:

- M. Sweeney, first husband, life insurance, \$8000. Peter Gurnee, second husband, life insurance, \$4000. Charles Erdman, Newcastle, Ind., \$2000. Herman Kestner, La Salle avenue, Chicago, \$2000. Ole Solberg, Iola, Wis., \$2000. John H. Mac, Elbow Lake, Minn., \$1500. Andrew K. Hapstick, Aberdeen, S. D., \$2500. George Harry, Tualuma, Ill., \$100. Henry Gorkoff, Iola, Wis., \$1000. From five insurance in Gurnee home, Chicago, \$2500.

In addition to these sums, Mrs. Gurnee is supposed to have received \$1000 each from four other men whose bodies were found on the "murder" farm, and \$1000 each from 15 men with whom the woman had been corresponding. This makes a grand total of \$57,500 which Mrs. Gurnee is supposed to have received. The authorities are failed so far to learn what the woman did with the money. It is thought that the \$700 which she put in the bank shortly before her home was consumed by Gurnee was all the money that was left. It is likely she lavished most of the money she took from her victims in real estate.

TO REPUBLICAN VOTERS

AN overwhelming majority of Oregon's voters by registration have formally declared that they believe in the principles of the Republican party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the Republican National convention. Let every Republican voter in the First congressional district uphold the honor of the Republican party in Oregon and strengthen the influence of Oregon's delegation in the national convention by voting for H. M. Cake for United States Senator and W. C. Hawley for Representative in Congress. If either of these Republican nominees fail of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's voters will be smirched and Oregon's delegation to the national convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the Republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the Republican party, it is your duty to be at the polls June 1 and vote for Cake and Hawley. 53-59

JUDGE DUNN AT WOODVILLE—DIVISION OF COUNTY MOOTED

(Woodville correspondent Gold Hill News.) From Judge Dunn's talk at the Willcox hall Wednesday evening, it would appear that the only manner in which the people along Rogue river can ever expect to have a substantial bridge structure across that turbulent, unfordsome stream is to divide the county. So little attention is paid to our roads by our road supervisor that we are considered in disgrace by the traveling public. We pay sufficient taxes to keep our roads and bridge floors in fine condition. We are willing to be taxed and have so indicated by petition to the proper authorities for a substantial wagon bridge across Rogue river at Woodville. But it is evident we are not going to get relief from the present administration of the county affairs. A very good cure of this state of affairs will be, as suggested, a division of the county.
