

SOCIALISTS ALONE HAVE A PLATFORM

Only Political Party With Wherewithal and Declarations in County Election Full Ticket in Field Except for County Superintendent of Schools.

The socialists are the only political party with a platform in Jackson county. The platform reads as follows.

We, the socialists of Jackson county, Oregon, in convention assembled, hereby endorse the principles of socialism as embodied in the state and national platforms of the socialist party.

We realize that society is divided into two distinct classes and that the class struggle is a conflict over the division of the product of labor. This conflict must ever exist as long as the present private ownership of the means of producing the necessities of life endures.

We declare our aim to be the organization of the working classes and those in sympathy with them into a political party for the purpose of capturing the powers of government in order that the producing classes may receive the full products of their labor. But in order that the workers may the sooner gain political control, we favor all immediate measures which will aid them in this conflict. As a means to this end we favor the following measures:

Demands of Socialists.

First—We demand that all property be assessed at its full cash value, and that we favor a graduated income tax.

Second—We demand the re-enactment of the householders' exemption law, whereby \$500 worth of personal property shall be exempt from taxation.

Third—We favor the levying of a special tax for the purpose of maintaining good roads throughout the county and that 50 per cent of the money secured by said tax shall be used on branch roads in district where collected.

Fourth—We favor the public construction of electric power plants for the purpose of supplying heat, light and power, and the construction of electric railways for the means of transportation.

Favor Eight-Hour Law.

Fifth—We favor the eight-hour work day for labor, the abolition of the contract system on all public works and that all such work shall be directed by the proper county officials, and that living wages be paid to all public employees.

Sixth—We favor the building of commodious schoolhouses in each district in the county, the use of a uniform set of text books and the increase of salaries to teachers, according to ability, with no discrimination on account of sex.

Seventh—We demand the enforcement of the Oregon child labor and compulsory education laws.

Eighth—We are heartily in favor of the proposed amendment to our state constitution giving the electorate the right of recall of unfaithful public officials.

Ninth—We especially endorse the plank in the state platform demanding the enfranchising of women.

Tenth—We pledge our candidates, if elected, to sign a blank resignation, to be filled and presented at any time they fall to work for the principles of socialism as embodied in this platform.

YREKA JURY CONVICTS CORICA OF MURDER

YREKA, Cal., May 30.—"Murder in the first degree, imprisonment for life."

This was the verdict returned by the jury in the trial of Domonico Corica, who was charged with killing William Amos at Medford on December 15 last.

Judge Beard instructed the jury that the verdict was not in the proper form. They were instructed that they could bring a verdict of murder in the first degree and might recommend the defendant to the mercy of the court.

The jury retired and soon brought in a verdict in accordance with the court's instructions.

Corica heard the verdict without showing any emotion. He has been indifferent during the progress of the trial, frequently laughing during the proceedings.

PRESBYTERIANS CHANGE IMPORTANT CHURCH LAWS

KANSAS CITY, May 30.—Church government, temperance and marriage and divorce were the important subjects before the general assembly of the Presbyterian church of the United States of America today.

By far the most important action of the session was the adoption of a resolution which makes it impossible for any paid agent or member of the church boards, or any permanent officer of the general assembly except the moderator to serve on the executive committee, the ruling body of the administrative department of the church.

Wise Talks By the Office Boy

Pa says a rose by any other name would be just as expensive back east this time of year. I sometimes think he pines for the piney woods in old Penobscot, Frappe County, Maine, where he was raised—but that's one thing yours truly never years for. The good mountains and the good old ocean and nice old Oregon atmosphere are good enough for me. But it's all in how you were raised. Pa likes clam chowder and corn on the cob, and harvest apples and a lot of things that a kid who was born this side of the snow sheds hasn't had much chance to get acquainted with. Those who have lived on both sides of this great country and lived long enough to know what's what can get all those things just as nice one place as another, if you know where to buy. We've got clam chowder from Boston that is just as nice as any you ever ate on the sand, and lots of other things that have that "Down East" taste.

MILLER & EWANK

Medford will have Lots of money every day If the Prohs don't go And vote it away.

It is a mystery why some cities in the United States vote away their revenue in the way of liquor licenses—while sturdy Uncle Sam continues to take in money in the way of revenue and government licenses. But it is no mystery why the citizens of Medford smoke the cigars manufactured by the Rogue River Valley Cigar Works: Because they are the best on the market. Try them.
