MARSHFIELD ALSO TO RELY UPON CHARTER

Case Is Similar to Medford-Local Option Law to Be Tested as Privilege Supersedes State Authority-Liquor Dealers Will Appeal to Supreme Court

MARSHFIELD, Or., June 3 .- There has arisen a legal point in regard to the local option fight in this county which may mean a lawsuit after the election. It is announced that if the county should go dry the liquor interests will go to the supreme court for a decision as to how it affects Marsh.

Since the local option law was adopt ed Marshfield was granted a charter in which it states that the city council has the right to license, tax and regu late the saloons. Some of the lawyers hald that this means that it is entire ly up to the city council as to whether or not there shall be saloons and that, even though the county should vote dry,

from the supreme court.
This applies only to the Marshfield charter, so, if the county as a whole should go dry, the other towns would be compelled to close the saloons. If the county as a whole goes wet the districts or towns which vote dry must be dry and the cities voting wet can be wet, but this does not apply if the county as a whole goes dry, unless, of course, the saloon interests can win in their claim that the Marshfield char

WESTERN STATES TO GET FOREST RESERVE COIN

WASHINGTON, June 3 .- The fact that western states are hereafter to re-ceive 25 per cent of the receipts of forest reserves in lieu of 10 per cent which they have received during the past two years, is due very largely to the work of Senator Fulton and Representative Hawley of Oregon. Mr. Fulton who proposed the amend-

of 1. H Miller and i. Purdin Willamette to Olive and East Tenth lature, receiving tota votes street, from Willamette to Oak.

Return to Trit West

WASHINGTON, June 3,-Represe tative Tawney of Minnesots, chairman of the committee on appropriations, to day presented to the house his annual review of fiscal appropriations and expenditures. The keynote of his speech was sounded in the declaration that "the insistent demands of the people and of the public service result in an increased aggregate when enacted in-to law;" and the "efforts of the majority to maintain a policy of greater economy were frustrated by an obstruc-tive and recalcitrant minority." Taw ney stated the total appropriations of the total revenues of the government estimated to congress by the secretary of the trensury are placed at \$878,123, 011; that in addition to the authorized expenditure of \$851,088,670 for the op eration of the government during the next fiscal year, appropriations are also made as follows:

In deficiency acts, exclusive of \$12,466,750 for public buildings authorized at this session, \$44,520,223; for requirements of thesinking fund, \$18,000,000; for redemption of national bank notes \$25,000,000; for construction of the Pan as a whole, it will not affect this city. At least this is the claim that is made, nud it is declared that the saloons will not close until there has been a decision from the supreme court.

At least this is the claim that is made, 187,000; for miscellaneous and special objects, \$1,000,000, including \$250,000 for the relief of storm and flood sufferers in the southern states, and \$403. 000 for the payments of claims of the Roman Catholic church in the Philip pine islands, making a grand aggregate for the next fiscal year of \$1,008,804.

894.
Tawney said the estimates submitted congress by the executive as a basis for the appropriations made amounted to \$1,079,449,288, or an excess of \$70, 440,394 over the total of the appropri-ations of this session and an excess of \$156,651,145 over all the appropriations made at the last session. A subtraction of the totals of estimates and appropriations, be said, showed that the pres ent house cut down the estimates for the ordinary operating expenses of the government \$124,347,172.

The grand total of appropriation wishes to get loan of \$300 on made at this session exceeded the ores of raw land that is worth last session by \$88,000,750. Lock Box 656.
