MARSHFIELD ALSO TO RELY UPON CHARTER

Case Is Similar to Medford-Local Option Law to Be Tested as Privilege Supersedes State Authority-Liquor

MARSHFIELD, Or., June 3 .- There has arisen a legal point in regard to the local option fight in this county which may mean a lawsuit after the election. It is announced that if the county should go dry the liquor inter-eats will go to the supreme court for a decision as to how it affects Marsh-

Since the local option law was adopt ed Marshfield was granted a charter in which it states that the city council has the right to license, tax and regu-late the saloons. Some of the lawyers hold that this means that it is entire ly up to the city council as to whether or not there shall be saloons and that, even though the county should vote dry, as a whole, it will not affect this city. At least this is the claim that is made

from the supreme court.

This applies only to the Marshfield charter, so, if the county as a whole should go dry, the other towns would be compelled to close the saloons. If the county as a whole goes wet the districts or towns which vote dry must be dry and the cities voting wet car county as a whole goes dry, unless, of course, the saloon interests can win course, the saloon interests can win ter is not affected.

WESTERN STATES TO GET FOREST RESERVE COIN

WASHINGTON, June 3 .- The fact that western states are hereafter to re-ceive 25 per cent of the receipts of forest reserves in lieu of 10 per cent forest reserves in near of the which they have received during the past two years, is due very largely to the work of Senator Fulton and Representative Hawley of Oregon. It was Mr. Fulton who proposed the amend-

of 1 H Miller and I Purdie, both democrats, have been elected to the legislature, receiving tots votes respectively (except Mound precinct) of 1853 and 1811 against 1661 for see Hammersley and 1535 for H. Kubli, republicans. Their election is due simply to the fact that they supported Statement No. 1 and stood ret popular election of federal senators. Purdin received 610 votes in Medford, Miller 472 Hammersley 390, Kubli 214. Purdin's plurality over Hammersley 382 216, in the county 150, and Millers over Hammersley in Med-

ford was and in the county 172.

We our Joses, democrat, for sheriff, received the largest vote among democrat, 2 total of 2168, against D. H. Jackson's 1724. Jones' plurality is 444. In Medford Jones received 624 votes to Jackson's 388, carrying the city by

Judge Neil, democrat, is safely elected county judge over the incumbent, Judge Duan, seesiving 1976 to his opponent's 1829, a plurality of 147. Neil received 506 rotes in Medford to Dunn's 445, a plurality of 61, and though

Achiand gave Dunn 285 lead, the brush precincts have saved the day for Neil.

**The State of the Court of the miller had a caser rub. Owens was successful by a good vote. Grieve had a fair plurality over Dow. Singler was elected constable in Medford and Cannon defeated Stewart as justice of the peace by 103 plurality.

The prohibitionists have won a decisive victory, carrying the county by n total vote d 2118 as against 1849 cast by the wets. The wets carried Medford by 16 the vote being 531 to 515. They carried Jacksonville by 98 and Gold Hill by 72, but lost Ashland by 218, Central Point by 70, Phoenix by 68 and nearly all the country precincts.

CONGRESS SPENDS BIGGEST SUM IN COUNTRY'S HISTORY

WASHINGTON, June 3.-Represen tative Tawney of Minnesota, chairman of the committee on appropriations, to-day presented to the house his annual review of fiscal appropriations and ex WANTED—Large he penditures. The keynote of his speech was sounded in the declaration that 'the insistent demands of the peopl Dealers Will Appeal to Supreme Court and of the public service result in an increased aggregate when enacted in to law;" and the "efforts of the ma-jority to maintain a policy of greater economy were frustrated by an obstruc-tive and recalcitrant minority." Tawney stated the total appropriations of the session to be \$551.088.070 the session to be \$851,088,670. He said the total revenues of the government estimated to congress by the secretary of the treasury are placed at \$878,123, 011; that is addition to the authorized expenditure of \$851,088,670 for the operation of the government during the next fiscal year, appropriations are also made as follows:

In deficiency acts, exclusive of \$12, 496,750 for public buildings authorized at this session, \$44,529,223; for require ments of thesinking fund, \$18,000,000; for redemption of national bank notes, \$25,000,000; for construction of the Pan ama canal (bonds to be issued), \$29, as a whole, it will not state claim that is made, and it is declared that the sulcons will not close until there has been a decision from the supreme court.

Morabfield

ama canal (bonds to be issued), 82-3, 187,000; for miscellaneous and special objects, \$1,000,000, including \$250,000 for the relief of storm and flood sufferers in the southern states, and \$403. 000 for the payments of claims of the Roman Catholic church in the Philippine islands, making a grand aggregate for the next fiscal year of \$1,008,804,

Tawney said the estimates submitted to congress by the executive as a basis be wet, but this does not apply if the for the appropriations made amounted to \$1,079,440,288, or an excess of \$70, 440,394 over the total of the appropriations of this session and an excess of \$156.651.145 over all the appropriation made at the last session. A subtraction of the totals of estimates and appropri ations, he said, showed that the present house cut down the estimates for the ordinary operating expenses of the government \$124,347,172.

The grand total of appropriations made at this session exceeded those of last session by \$88,006,750.
