

# PARK OFFERED ON BEAR CREEK

### Attorney Phipps Will Deed Two Acres to the City--Road to the Tract Must Be Secured.

The Commercial Club held its regular meeting Wednesday night.

The president and vice president both being absent, J. A. Perry acted as chairman. The minutes of the meeting held May 20 were read and approved. The land uniform committee reported that definite arrangements had been made to have the ball game Thursday, June 11, and that the business houses had agreed to close from 2 until 4 o'clock.

The committee on ordinances reported that their chairman, Mr. Root, had gone before the city council and asked that several matters be taken up, among which were the removal of poles from Seventh street, and that a crematory be erected to burn the refuse of the city, instead of buying a dumping ground and having all the garbage, etc., dumped where it would rot and cause stench and disease.

Mr. Phipps stated that he had offered to deed to the city a tract of land containing about two acres. This is about a half mile from Seventh street along the creek, if the committee could get a right of way along the creek for a driveway and would make the two acres into a park. As none of the committee having this matter in charge were present, the matter was not acted upon.

A motion was made that the secretary arrange to furnish literature to Miss Coss, who expects to take a trip offered by Mr. Bates of the Pacific Northwest through the eastern states, and that the matter be taken up with the Commercial Clubs at Ashland and Jacksonville. The motion carried.

J. M. Sweeney of Detroit was present and made an interesting talk.

### CLEAR LAKE DAM BIDS HAVE BEEN REJECTED

KLAMATH FALLS, Or., June 4.—Local officials of the reclamation service have been advised that the secretary of the interior has rejected both bids that were filed on the construction of the Clear Lake dam in the Upper Klamath project. The bids were by Mahoney Bros. of San Francisco and by Mincey Bros. & Co. of Nevada.

The grounds for rejection were that they were much higher than the government estimate, and that the required per cent of lands in the upper project were not signed for government irrigation. The government requires 85 per cent, and so far only 75 per cent has been signed.

It has not been announced what action will be taken, but it is very probable that the work will be undertaken by force account just as soon as the necessary lands are signed.

### CUMMINS DEFEATS SENATOR ALLISON

DES MOINES, Ia., June 4.—While both sides in the senatorial contest claim the victory in republican primaries, the indications are that Governor Cummins has defeated Senator Allison. This is the first test of the new primary law.

There were many surprises in the returns. Southern Iowa seems to have gone through a revolution. The city of Clinton, home of Congr. saman Hepburn, gave Cummins 526 and Allison only 298, and this victory by the governor is taken by his adherents as a sample of the results that will be reported from the stand-pat territory. At the same time, the governor is holding his own or showing gains in northern Iowa, which is the natural progressive territory.

### GIGANTIC POWER PLANT UPON SPOKANE RIVER

SPOKANE, Wash., June 4.—Work on a gigantic power plant, costing from \$500,000 to \$1,000,000, has been started by the Washington Water Power company at Little falls on the Spokane river, near Bearden, Wash. A head of 68 feet will be secured and 30,000 horsepower developed. This will give the company a total of 61,000 horsepower at its three water power plants, besides a 20,000 horsepower steam plant reserved for emergencies.

### BARNEY OLDFIELD TO QUIT AUTO SPEEDING

LOWELL, Mass., June 4.—Barney Oldfield has made his last automobile race, so he says.

"Last Sunday night's accident was enough for me," he said.

To show that he is in earnest, Oldfield has obtained employment as a chauffeur for H. W. Whipple, an Andover banker, whose only car is a 30-horsepower, and probably could not go over 20 miles an hour. Oldfield says he has cancelled all his engagements for races.

### DORRIS NOW HAS TELEGRAPH SERVICE

DORRIS, Cal., June 4.—The Western Union Telegraph company has been completed to this town and a service is now established. The line will not be extended from here until the railroad is farther advanced. Practically all of the business from Klamath Falls now goes over this line.

All of the mail from Klamath Falls now comes via Dorris and all of the business for the entire Klamath country passes through here.

### MORE DISSENSION ON THE KLAMATH PROJECT

KLAMATH FALLS, Or., June 4.—Already there are signs of dissatisfaction in the Upper Klamath project because the bids on the Clear Lake dam were rejected. The land owners under that part of the Klamath reclamation project have decided to hold a meeting in the near future for the purpose of discussing the question of discontinuing relations with the Water Users' association and also the entire project.

The people of that section of the county feel that the refusal to accept either of the bids means that nothing will be done in that section this year. The proposed meeting will not be held until after the adjourned meeting of the association, which occurs on June 5th.

Last year there was much dissension in the upper project, and it now appears that this year is to be a repetition of what occurred during the last working season.

### SENTENCED FOR LIFE FOR MURDERING WIFE

BELLINGHAM, Wash., June 4.—Li Wing Hi, the Oakland Chinaman who by his own confession, aided his alleged wife to cut her throat in the Sumas detention house April 26, is guilty of murder in the second degree, according to the findings of the jury, which returned a verdict last night after being out for an hour. It is likely an appeal will be taken if the Chinaman can raise the funds required for such action.

When it was announced that the jury was ready to report to the court the prisoner was brought from the county jail and took his place at the district attorney's desk. He appeared neither to know nor care what was being said as the foreman of the jury announced the decision of the 12 men. No interpreter was kept to tell him of the fate which awaits him, if he is unable to appeal his case.

### SUCCESSFUL LAMBING SEASON IN LAVA BEDS

I. D. Applegate came up from the lava beds yesterday, where he has been for some time looking after his sheep interests. He reports a very successful lambing season, saying that most of the sheeps made better than 100 per cent, and that 105 per cent is about the average. Shearing is about to begin in that section and the clip will be very good. At this time there is no strong market for the wool clip, but it is thought that buyers will soon be in the field and that a good price will be received, says the Klamath Falls Herald.

### PORTLANDER AS REFEREE IN UNUSUAL FIGHT

NEW YORK, June 4.—R. L. MacLeay, a mine owner of Portland, Or., told the story today of refereeing one of the most remarkable fights ever pulled off.

MacLeay arrived on the Mauritania. While crossing the ocean he fell in with C. L. Perkins, a Cambridge graduate, and some strangers. The latter were card sharps and swindled their new friends out of several thousand dollars.

Perkins caught one of the swindlers cheating and challenged him to a duel with fists. The men went to the main deck and, with the Portlander as referee, started the fight. The ship's officers interfered after the gambler had been badly beaten.

### JUROR PREFERRED WORK TO HEARING ARGUMENTS

PORTLAND, Or., June 4.—Eleven members of the jury in the Rooney damage case, which is being heard here today, took with a great deal of amusement upon H. B. Dakin, the twelfth member. Yesterday they were courted him.

Dakin, who is a tile layer, got a job repairing the tiling at the Concord building yesterday while on his way to lunch. He thought the work more important than the case, so, taking off his coat, he sat at it. After jurors, attorneys and spectators had fumed and fretted for half an hour Dakin entered his seat in the jury box. He escaped with a severe reprimand.

### BILLY NOLAN ARRANGES MATCH FOR M'FARLAND

CHICAGO, June 4.—Billy Nolan, manager for Paeky McFarland, has almost closed arrangements for a fight between McFarlane and Freddie E. Welsh in San Francisco Wednesday night, June 24, before Sam Berger's club.

Both fighters have agreed to sign a set of articles, but a difference of one hour in the weighing time is holding back the deal. It is expected that this will be settled today. Welsh is in Los Angeles, and his manager expects to hear from him as to the mooted point before the papers are signed.

### Mail Changes at Klamath

KLAMATH FALLS, Or., June 4.—Postmaster R. A. Emmitt has received notice from the postal department that beginning June 1 mail for Klamath Falls and vicinity will arrive over the California Northeastern railway.

This will bring the mail into Klamath Falls at 7:30 p. m. if the train arrives at Dorris, the terminus, on schedule time. The new route will mean that mail from the south will arrive 20 hours earlier, and mail from the north four hours later.

### Instructed for Bryan

LAKEVIEW, Or., June 4.—The democratic county central committee recently held a meeting here and elected as delegates to the state convention Dr. B. Daly and Joseph S. Lane. They were instructed to support William Jennings Bryan for president. Dr. Daly was also elected state committeeman.
