INDIANA REPUBLICANS SHOUTING FOR KERN

INDIANAPOLIS, Ind., July 14.—Mayor Bookwalter, the republican local leader, will take a leading part in welcoming John W. Kern to his home city. The mayor said: "Kern will not be a load for Bryan, as I have seen charged. He will help Bryan carry the load. In 1904 he ran ahead of Parker in Indiana, while the republican candidate who opposed him ran 5000 behind Roosevelt. I believe Kern will be eight or ten thousand stronger than his ticket in this state. He is just the finest fellow I know. It is gratifying to see a man like Kern, who has no money, nominated for office because of his ability and without regard for financial reasons, which seem to have so much weight in political sessions these days. The democratic leaders are jubilant and say that nothing can keep them from sweeping the state, which usually is doubtful up to the very day of election. The local committees are planning an elaborate reception for Kern. The old reliable Albany Nurseries have the largest stock of fruit trees on the Pacific coast. Peaches, apples, peaches, plums, apricots, nectarines, cherries, English walnuts, shade and ornamental trees, berries, roses and shrubs, all of which I offer at lowest prices consistent with first-class nursery stock. Having been with this nursery 15 years, I can guarantee all stock to be true to name and free from disease. I handle nothing but Oregon grown trees. L. E. WARNER, Medford, Or.

MANY BUYERS ATTEND SALE OF PIERCE TRACTS

Many people having been taking advantage of the great sale of small tracts in the Pierce place two miles east of town going on today to go out and have luncheon on this pretty spot and many purchases were made. Numberless carriages and several autos were pressed into service and all day long, bearing large placards that announced their errand, they passed down Seventh street loaded with eager buyers. Mr. Pierce was too busy to be interviewed, but judging from the hosts who flocked to his sale must be well pleased with the results of the advertising campaign which he has been carrying on. He promises that these tracts offer unusual opportunity to those who wish to buy a small place close in and set it to fruit. The price is low and the terms easy, and he assures all that it is bound to rapidly appreciate in value.

WASHINGTON ON RAMPAGE

BELLINGHAM, Wash., July 14.—The Frazer river is again on a rampage, and according to present indications the disastrous results of the inundation of the Suman prairie a month ago will be repeated, this time with even greater severity. Great anxiety is felt here for the safety of homes. It seems a foregone conclusion that the flood will enter the dwellings of farmers in the next 24 hours. The cause of the present swelling of the river is the same as in the first flood a month ago—the melting of mountain snows due to warm weather.
