FRIGHTFUL CARNAGE AT RECAPTURE OF TABRIZ

SLAUGHTER OF INNOCENTS IS TERRIBLE

Populace Beg Russia For Protection From Outrages--Massacre Horrible

ST. PETERSBURG, July 21.—M. Politoff, Russian consul at Tabriz, today wired the foreign office that the populace is begging him to protect the women and children from the outrages of the shah's troops.

Today's dispatches state that the massacre is as bad as the pillage of the Khivana quarter when the revolutionists were annihilated there last week.

Politoff's wire states that women and children have taken refuge behind the villa walls and are imploring him to ask his government to send aid to the people of Tabriz.

King Edward sent a telegram to the shah's government several days ago demanding that the slaughter cease, and it is likely that some concerted interference by England, France and Russia to restore order in northern Persia and Turkey will result.

ST. PETERSBURG, July 21.—Official communications received here today state that sharp fighting is in progress in Tabriz today.

Rachin Khan, the leader of the shah's troops, who was driven from the turbulent city yesterday, returned during the night with heavy reinforcements and recaptured the town.

Both armies have mobilized at Tabriz for the fight for control of northern Persia.

TEHERAN, July 21.—Word received here today that Rachin Khan has recaptured Tabriz early this morning has put a damper on the revolutionists, who had prepared for a general uprising here in the event of the success of the cause in northern Persia.

The shah's palace is being rapidly transformed into an impregnable fortress. Agents of the shah are circulating petitions among the people urging the ruler to abdicate the constitution and take charge of the country.

BOTHWELL JURY FAILS TO AGREE

No Decision--Case Brought By Miss Elsie E. Eaton for Salary

The suit brought by Miss Elsie E. Eaton against J. A. Bothwell, late banker of Hebron, Neb., and still later president of the Realty Bond Syndicate of Oregon, to recover \$100, alleged to be due her as wages for her services as stenographer, was heard in Justice Cannon's office yesterday afternoon before a jury.

The issue raised was whether or not Miss Eaton was employed by J. A. Bothwell in his private capacity or acting for the company.

Plaintiff's Statement. The plaintiff testified that from the letter which induced her to come here from Kansas, by stating "there was employment for her," she understood that she was to work for Mr. Bothwell, although the letter did not mention him, and was signed by J. N. Mitchell, for whom she had previously done some work.

She further testified that when she came here Mr. Bothwell arranged about her salary, and agreed to pay it, and subsequently promised to do so several times. W. H. Stalker testified along the same lines. He stated that the stenographer was sent for at Bothwell's instigation, and that he was familiar with the contents of the letter, and gave his personal draft to cover the expenses of the trip.

Defendant's General Denial. Defendant Bothwell entered a general denial of most of the plaintiff's evidence. He denied ever knowing of the contents of the letter sent Miss Eaton. As to subsequent arrangements with the plaintiff, he had a very faulty memory, and on cross-examination he seldom answered directly, but usually by "I don't remember" or "I don't think so."

Of one thing he was certain, what ever he had promised he had only acted in behalf of the company. The money already advanced by him had been charged up to the company. Any money now due was from the company and not from him personally. Despite plentiful objections by attorneys on both sides, the various troubles of the company had a pretty thorough airing. Attorney E. E. Kelly represented the plaintiff and W. L. Vawter the defendant. The case will be retried.

LUMBER MILL MAY MOVE TO MEDFORD

Williams Brothers, millmen and lumbermen of Grants Pass, may move to Medford on account of the treatment received from the people of Grants Pass. They must move somewhere, having been notified to get off the railroad right of way just as they had finished installing a door and sash factory. There was no suitable ground to erect the mill upon at Grants Pass, so the railroad right of way was leased provisionally, subject to notice to vacate in 30 days. A rival concern filed a complaint just as the mill was completed.

LIEN FILED AGAINST JOHN D.'S LAUNDRY

WHITE PLAINS, N. Y., July 21.—John D. Rockefeller, who is erecting a half million-dollar mansion on his country farm called Boxwood at Pontico Hills, together with other buildings, is having considerable trouble over the erection of a large laundry on his grounds. Four judgments have been filed against him by some of his contractors, and today a lien was filed against him in the Westchester county clerk's office. It is said the filing of the judgments grew out of the construction of a laundry on which Rockefeller issued a sub-contract.

CONVICT GOES HOME TO SEE DYING MOTHER

SALEM, Or., July 21.—For the first time in the history of Oregon's state penitentiary permission has been given a convict to return home and visit his mother. The precedent has been established by Governor Chamberlain, who received an urgent request from a dying woman that her son, who is an inmate of the prison, be allowed to see her before she passes away. The governor was touched by the plea and immediately issued an order permitting the convict to visit the bedside of his mother for an hour. The prison authorities refuse to divulge the identity of the convict or his parents.

Footrace Won by American

LONDON, July 21.—Melvin Sheppard of New York won the final heat in the 800-meter foot race at the Olympic games today, covering the distance in 1 minute 54.45 seconds. Ed Robertson has returned from a business trip to Klamath county.

ROOSEVELT NOT TO MINGLE IN CAMPAIGN

PENSIONS FOR OLD PEOPLE

London Socialists Rejoice Over Greatest Victory in Forty Years

LONDON, July 21.—Socialists are rejoicing today over what they consider the greatest victory they have won in 40 years, the passing to second reading in the house of lords of the old-age pension bill, which is now assured of becoming a law. The bill was passed after a bitter fight in which the United States pension system was denounced by Lord Rosebery.

Lord Cromer aided Rosebery in his fight on the bill. They admitted that it was the gravest measure that had come before the house for many years and predicted that its passage would result in the adoption of a protective policy.

Expressing the belief that a conflict would be forced upon England before many years have passed, Lord Rosebery declared that it is the first duty of the country to prepare itself for such an attack.

SAN FRANCISCO, Cal., July 21.—W. H. Whalen, formerly superintendent of the Iowa division of the Chicago & Northwestern railway, has been chosen by the Southern Pacific as superintendent of the Shasta division of the road, which includes 270 miles of mountain country lines from Red Bluff, Cal., to Ashland, Or., with the new line now building from Weed in Shasta county to Klamath Falls in Oregon. NO MORE PRIZE FIGHTS PULLED OF IN SPOKANE

SPOKANE, Wash., July 21.—That part of Spokane's population that find amusement in watching prize fights is glad today, because Prosecuting Attorney Barnhart has put the lid on ring contests of the real kind. Hence those who were looking forward to a fight between Bob Fitzsimmons and Stanley Ketchell are disappointed. Their hopes ran high until Monday night, when the match between Kid Sealer and Alie Attell was called off at Recreation park. Everything was in readiness for the scrap, when it became known that 40 warrants had been taken out for participants in the contests. That ended all. It is said that the fight between Fitzsimmons and Ketchell may be pulled off soon in a north Idaho town.

AMERICANS JOIN WELCOME TO WALES

QUERBEU, Que., July 21.—Thousands of tourists from the United States and eastern and western Canada are arriving here to take part in the 300th anniversary of the founding of the city. It is understood that the United States battleship New Hampshire will fire the first salute to the prince of Wales when he arrives on the British ship Indomitable Wednesday. Today the French speaking physicians of North America will open their congress.

The arrival of the prince of Wales Wednesday will be made the occasion of the greatest celebration, but Thursday will be given over to a great naval pageant.

Watkins of Ada, O., the vice-presidential candidate, have decided to begin at once a vigorous campaign in which they expect to carry the issue of prohibition into every state and territory before the election. ADMIRAL ROJESTVENSKY DEAD OF A BROKEN HEART

NATIONS TO HELP DEFEAT SULTANS FOES

Other Powers to Assist In Preserving Integrity Of The Turkish Empire

ST. PETERSBURG, July 21.—M. Touchard, the French ambassador to Russia, and Russian Foreign Minister Isvotsky today agreed that France and Russia will aid Turkey if the sultan is unable to crush the Macedonian uprising. Other powers, they say, will be forced to join them in preserving the integrity of the Turkish empire.

This decision was reached today after a long consultation at which official dispatches from the scene of the revolt at the French embassy and was abroad in the greatest secrecy. It was not until today that the United Press was authoritatively informed of the decision that had been made.

The official reports received here today that led to the conference, stated that the revolt which started a week ago in eastern Macedonia because of the failure of the sultan's troops to arrive at the barracks on time, has spread to all portions of Macedonia. The outrage yesterday on the capture of a military train has inflamed the disaffected portion of the Turkish army and it is feared that the uprising will become general. Late reports this afternoon indicate that the sultan's troops have joined in the revolt and the army had been repulsed at every turn in the road.

The report that France had taken a hand in the affair created a great sensation in diplomatic circles.

Just what attitude England will take is not known, but it is freely predicted here that England will be ready to join Russia and France. There is talk of the "triple alliance" that was supposed to have been formed at Reval when Czar Nicholas and King Edward met, following the visit of President Fallieres of France to England, and it is predicted that England will join the combination.

RELAY RACE FROM NEW YORK TO CHICAGO

CHICAGO, Ill., July 21.—John Martin, an 18-year-old youth, dashed up La Salle street in a splendid finishing sprint between lines of cheering spectators and delivered a silver tube, containing a message of greeting from Mayor George B. McClellan of New York to Mayor Buse of Chicago, who was waiting for it on the steps of the city hall, at 9:40 o'clock this morning. This ended the great relay run of the Y. M. C. A. athletes from New York to Chicago, 11 hours and 50 minutes ahead of the schedule, shattering all records. Martin is a member of the Oak Park Y. M. C. A. and holds a record of 62 and a fraction seconds for a quarter mile. He made the dash from Jackson boulevard to the city hall in beautiful form.

More than 2000 runners participated in the great race, having been stationed at relay points varying from one mile to a mile and a half apart. Each man delivered the silver tube to the one who took up the race where he left it off.

The Chicago athletes took up the race at South Bend, Ind., at 8:40 o'clock last evening, and all night long they raced ahead with the New York mayor's greeting, determined to uphold the honor of their city in the final stages of the race. The roads along the route were lined with spectators early today from the furthestmost outskirts of the city, and the runners were spurred to greater efforts by the cheers of enthusiastic admirers.

LINCOLN, Neb., July 21.—Former Attorney-General Frank S. Monett of Ohio and E. H. Moore of Youngstown, O., are hurrying back to their state today bearing a message of peace from Bryan. The Commoner sends word to the democrats of Ohio that they must cast aside all personal differences and get together in a united effort to carry the state. FLY CASTING TOURNAMENT

Anglers to Try for Prizes --Among Them "The Tribune's" Silver Cup

A fly casting tournament will be held at Medford by the Medford Rod and Gun club in connection with the shoot held August 13-14. Prizes will be offered to those making the best casts in the various classes, and a great deal of interest attaches to the contest, as it is a mooted question as to who makes the best cast. The Tribune silver cup will be awarded the winner, and the participants will enjoy a day's fishing on the Rogue.

President Enyart is receiving many letters from prominent sportsmen and marksmen relative to the shoot, and there promises to be a record attendance from all portions of the north-west.

TO ORGANIZE THE INDIANS

While here the trap shooters will organize the Band of Pacific Indians after the fashion of the Indians, a middle west association, the Canadian Indians and the Eastern Palefaces. A "good" Indian in the trap shooters' sense is a long way from a dead one. He is a true sportsman, who follows the trail, not to slaughter, but for the love of the hunt. The eligibility requirements extend to other fields, too, and the successful candidate must pass muster before his fellows, that he "speaks the shaft of comradeship true to the mark."

When the organization started in the middle west 11 years ago it had a dozen members. It has become so popular that scores of applications for membership are made to it yearly, yet so closely are the candidates scrutinized and the number limited that it has less than 100 members now.

Start With a Dozen.

The Pacific Indians will probably start with ten or a dozen members, and limit the admissions for next year to ten men. Mr. Abraham is a moving spirit for the organization, and F. C. Riehl, grand scribe of the Indians, is helping him. Riehl has moved west from Alton, Ill. He was a prime worker in the original band and is anxious to start one here. The Indians are noted everywhere for their annual shoots, which are without distinction among the men. Professionals and amateurs will shoot together, and all talk of shop will be strictly tabooed.

The projected association has boomed shooting here considerably, and several California men have applied for membership.

ANTI-NOISE CRUSADE ON IN NEW YORK CITY

NEW YORK, July 21.—Effects of the anti-noise crusade inaugurated by Police Commissioner Bingham were noticeable today, particularly in the residence districts, where formerly the cries of hawkers, wandering musicians and fakirs were incessant. Several arrests last night had the effect of curbing many of the noise-makers of their mania. When the offenders were arraigned in police court today light fines were imposed with the promise of more severe punishment upon a second offense. The police commissioner said today that he would not be able to suppress all unnecessary noise immediately, but that he had ordered his officers to use discretion in making arrests, and much would be accomplished in time.

RETCHELL AND KELLY AGREE UPON WEIGHT

SAN FRANCISCO, Cal., July 21.—Stanley Ketchell and Hugo Kelly will weigh in at 158 pounds when they battle for the middleweight championship here on the evening of July 31 under the auspices of the Pacific Athletic club according to the terms of agreement reached early today. They will make their fight at 6 o'clock the evening of the fight. The question of a referee was not touched on at the conference.

SORROW FOR NAVAL HERO WIDESPREAD

Commander of Russian Navy in Battle With Jap Fleet Grieve Over Defeat

ST. PETERSBURG, July 21.—Dispatches today from Badnaheim, Germany, say Admiral Rojestvensky died of a broken heart as the result of sorrow and disgrace.

Preparations are being made for a demonstration in honor of the admiral who had been much beloved since he heroically pleaded guilty of being responsible for the surrender of the Russian fleet in the battle of the Sea of Japan, voluntarily facing the penalty of death to save his officers.

Political conditions are such, however, that it is probable the funeral will be unostentatious and without display. The circumstances of the death of Rojestvensky have touched the heart of the Russian people and sorrow is widespread.

The papers recount at length his self sacrifice when he assumed blame for the loss of the Russian fleet. When the ships were surrendered Rojestvensky was wounded and practically unconscious and could have made a strong personal defense, if he had desired. His death sentence was commuted by the czar, but his honor he believed was forever lost.

In the latter days of his life he pined and sorrowed continually, and the advice from the German town where he found refuge say there is no doubt that his heart was broken.

COUPLE ARRESTED FOR STEALING GEMS

PORTLAND, Or., July 21.—Arthur H. Clute and his pretty wife, Lillian, both stylishly dressed and bearing the appearance of refinement, are under arrest here accused of stealing diamonds valued at \$1050 from Jacob Fleishman, a jeweler, whose place of business is in Cranbrook, B. C. They were found in a neat little flat.

In the presence of the police at the station, Mrs. Clute reached down in her bosom and brought forth a number of jewels and handed them to her attorney. Clute followed suit by taking a ring from his finger and giving it to the same attorney. Then the prisoners turned to a policeman, it is said, and declared that it was the alleged stolen property.

It is charged that while the couple was in Cranbrook Mrs. Clute ordered a tray of jewels sent to her home on approval, saying she would make selections and notify the jeweler. This was on April 10, since which time Fleishman has never seen the jewels of the Clutes.

BIG REGISTRATION FOR SAN FRANCISCO ELECTION

SAN FRANCISCO, Cal., July 21.—The fight between the reformers of both parties has brought out a larger registration yesterday than ever before registered for the primaries in this city. A total of over 65,000 voters have registered so far and the rush to the recorder's office is still on. Over 2000 voters registered yesterday.
