

# BLOODSHED IMMINENT IN TURKEY

## Young Turk Party Elated Over Success--Wish Abdul Hamid to Abdicate the Throne

CONSTANTINOPLE, August 13.—The police today are searching for the headquarters of a group of Young Turks who are plotting to overthrow the sultan, alleging that his efforts at reform are insincere. The city was thrown into a state of confusion when the object of the search being made by the police was learned, and it is feared that the high tension that has prevailed here since the change in the government was announced may result in bloodshed before long.

The leaders of the Young Turk party are elated over their victory and make no secret of their desire that Abdul Hamid II abdicate the throne. They want Yusef Izzeddin, second in line for the Turkish throne, proclaimed emperor.

### Izzeddin Narrowly Escapes.

Izzeddin barely escaped death at the hands of assassins lately and the ease with which the news was suppressed has led to the belief that supporters of Abdul Hamid are responsible for the plot.

Details of the attacks are hard to get, but it is said that Yusef himself believes that someone is trying to eliminate him as a menace to the sultan's power and perhaps his life.

Yusef believes that the grant of the constitution was merely an expedient by which Abdul Hamid has prepared to gain time, and as soon as he considers himself strong enough, it will be withdrawn. The openness with which he has expressed his opinion has brought all the radicals under his banner, and several demonstrations have been in his favor.

### Sultan's Hands Full.

With Yusef threatening trouble in Constantinople, Niaz Bey VIII in arms, Macedonia in disorder and Asia Minor far from quiet, the sultan has his hands full. Several members of the diplomatic corps have informed their government that they doubt whether the council will ever trust its present head.

### Powers Not to Interfere.

WASHINGTON, August 13.—Broken-hearted over his political downfall, Mehmed Ali Bey, Syrian, today rickles in the upper room of the little red brick house that was until yesterday the legation of the Ottoman empire. He has denied himself to all callers and refused to discuss his recall or state what he plans to do.

Mundji Bey, his successor, who was until yesterday consul general of Turkey at New York, strolls the hotel corridors explaining to all comers that the change is simply the result of the new regime.

Mundji and Ali had a conference last night, but Mundji refuses to discuss the meeting or state what transpired.

## HAWAIIAN COMMISSIONER TO CONFER WITH HIS CHIEF

SAN FRANCISCO, Cal., August 13.—J. W. Pratt, commissioner of public lands in the Hawaiian islands, is in this city today en route to Washington, where he intends to visit the United States land office with the purpose of improving the system of caring for the public lands of the islands.

"Lands in Hawaii are under the Hawaiian law instead of the federal law of the United States," explained Commissioner Pratt, "as a result of the recent visit to the islands of Secretary of the Interior Garfield. I was led to see that the provincial laws there are too cumbersome and with the advice of Garfield and other officials at Washington I hope to perfect a system that will be more modern and adequate."

"We also have in view the reclamation of large tracts of land that can be made exceedingly productive. By improving these backward lands, we hope to attract the settlers."

## GERMAN NOBLEMAN DIES UNKNOWN AND A PAUPER

WASHINGTON, August 13.—Baron Alexander de Pury-Hervey, formerly an aide to Bismarck and a member of one of Germany's greatest families, has been buried in a little suburban cemetery on the Bladensburg road, a pauper and unknown. But few of his friends knew his secret. When he died they tried to get the German embassy with papers that proved his identity and an attaché of the legation was delegated to attend the funeral.

The baron served in the German army, married a princess, got into trouble and fled from the fatherland. His son, whom he never saw, was born after he left Germany and is an army officer. The baron did newspaper work in New York, married an actress, whom he later divorced, ran a newspaper in Wisconsin, and secured a position in the government printing office. He died a pauper.

## BIDS BEING TENDERED FOR 6000 STEEL CARS

NEW YORK, August 13.—Agents of various railroad car equipment companies are here today preparing to submit bids on 6000 steel cars reported to be desired by the Harriman lines. It is expected that an order will be placed at an early date, as specifications for more than half the number of cars have been filed with the companies with a request of estimates on the cost of equipment.

It is not stated for what purpose these new cars will be used, although there is a possibility that some of them will be placed on the New Mexican line which last week closed a contract for 28,000 tons of steel rails, the largest order placed by Harriman since the panic.

The cost of the 6000 new cars will be between \$6,000,000 and \$7,000,000.

## 2,300,000 GALLONS OF RUM LAPPED BY THIRSTY FLAMES

LLEXINGTON, Ky., August 13.—A fire believed to have been of incendiary origin which raged from 10 o'clock last night until nearly daylight this morning, destroyed six large bonded warehouses of the Greenbaum distillery in Midway, Woodford county, containing 47,500 barrels of whisky, burned the Southern railway trestle and two county bridges and threatened the northern part of the town of Midway. The actual property loss was at least \$500,000. The loss to the government in the destruction of whisky in bond amounting to 2,300,000 gallons (the tax, of course, unpaid) will be nearly \$2,500,000.

## CINDER IN HER EYE CAUSES GIRL'S SUICIDE

ST. LOUIS, August 12.—Miss Margaret Neumann threw herself under an Iron Mountain passenger train last night; her legs were cut off. Hurried to the hospital she begged the surgeons to kill her and end her sufferings. She died there today.

A cinder from a locomotive was lodged in the girl's eye ten months ago; severe inflammation followed, which the most skillful treatment did not relieve. Miss Neumann became profoundly melancholy; besides she had the illusion that her parents were about to put her in a sanitarium. She eluded their loving vigilance last night and fled from her home, 1829 Benton street, to the railroad tracks.
