

GOVERNOR AT KLAMATH FALLS

States That He will Appoint State Commission to Handle Road

KLAMATH FALLS, Or., August 20.—Governor George E. Chamberlain, J. P. O'Brien, manager of the Harriman lines in the northwest, and F. S. Stanley, secretary-treasurer of the Deschutes Irrigation company, arrived in the city Tuesday from Pelican Bay, where they are the guests of E. H. Harriman for a few days. The party was met at the Upper lake by a delegation from the chamber of commerce and the distinguished visitors were escorted to the Lakeside Inn, where a dinner was served in honor of the governor and his friends at which about 50 of the representative citizens of this city were present. Following the dinner the governor was escorted to the courthouse park, where he addressed the large crowd that had gathered.

In speaking of the road to Crater Lake the governor said:

Favors State Appropriation.
"I will tell you a state secret and one that will be of direct interest to you. But a few days ago a number of gentlemen visited me in Salem for the purpose of discussing ways and means of bringing this county to the attention of the people of the country, and as a result of this conference I will, in a couple of days, announce the appointment of a commission that will have for its object the devising of means for the construction of an automobile road from a point on this side of the mountain to Crater Lake, around that magnificent body of water and on down to a point to connect with the Southern Pacific railroad on the eastern side of the mountain. If the state constitution will admit of it I will be in favor of a state appropriation or the levying of a tax for the purpose of constructing this highway and I believe that this county and the one to the west of you will be willing to levy a tax to aid in the same work. To show you that I am going to be impartial in the appointment of this commission, I will tell you now that I am going to place thereon some of the citizens of your county."

Harriman's Promise.
"You people can hardly appreciate the amount of good that the visit of Mr. Harriman will do to this country. When you remember his wealth and position and the fact that he has selected this county as the spot for his summer recreation it will readily be seen that it will result in the coming of thousands of people to this section. Mr. Harriman promised me that he would use his influence to induce his friends and acquaintances to visit this county, as he was delighted with his trip here and particularly the hospitality shown him by the people of this city and county, the magnificent climate and wonderful scenery. The fact that his 12-year-old boy, within less than a week after his arrival here, unaided, killed a 300-pound bear will do much to bring to the attention of the people of the east what you have to offer. Here was Roosevelt spending weeks in the canyons of Louisiana, with a retinue of helpers beating the brush for bear and returning empty-handed, while this 12-year-old boy can come out here and within a short distance of Pelican Bay bring down a 300-pounder."

The work of getting out finishing material for the school building being far under way the mill will start on Monday for a regular run.
It might be a good idea to pen the pigs that roam around and lessen the chances of fleas. Let the Commercial club take the matter in hand.

The Conkling and Taylor parties are enjoying themselves very much encamped near the banks of Big Butte. They are having fine fishing and a little venison for a change.

MAJORITY OF WOMEN WANT FULL SUFFRAGE

TRADESTON, SCOTLAND, August 20.—A vote has been taken of all the women who now have municipal suffrage as to whether they would like to have Parliamentary suffrage too. The vote resulted, yes, 1,462; no, 76; neutral, 443. Women have had municipal suffrage in Scotland since 1881, in England since 1909 and in Ireland since 1898. The telegraphic despatches report that the "straw vote" lately taken by the London Daily Express on woman suffrage went against it. The English papers are now at hand with an analysis of the vote, by which it appears that the majority against it was made up of men. The women's vote was in favor by a majority of more than 17,000.

LA FOLLETTE EXPRESSES ADMIRATION FOR BRYAN

LINCOLN, Neb., August 20.—Before an audience of 4,000 at the Epworth assembly last night, Senator Robert M. La Follette expressed great admiration and friendship for W. J. Bryan, but insisted that he himself was a republican. The fight against the railroads to secure lower rates and no discrimination, he said, had started back in the 70's by Wisconsin, Illinois, Iowa and Minnesota. These policies were not the product of the minds of either Bryan or Roosevelt, he said. A man in the audience accused La Follette of being a democrat, but he denied it. He spoke for some time on the Aldrich-Vreeland bill, which he denounced as vicious.

FOREST FIRES NEAR YOSEMITE

Troops Are Doing All in Their Power to Check the Flames

YOSEMITE, Cal., August 20.—A telephone message from Major Benson this morning states that the forest fires that have been burning for several days in Hetch Hetchy valley country are more fierce today. Additional cavalry have been sent to aid the troops already assigned to assist the rangers in fighting the fire which may prove the most disastrous ever known in the national park.

Thousands of Acres Burn.
Thousands of acres have already been burned and in many places the trail of Lake Elinor has been cut off. City Engineer Manson of San Francisco said today that he feared that the supervisors' party would be delayed.
Major Benson is at Hog ranch with the fire fighters and is keeping the flames under control there.

The supervisors from San Francisco will camp at Crocker's tonight and leave for Hetch Hetchy tomorrow morning on horseback. They expect to be in Hetch Hetchy five days.

Telephone Lines Down.
Forest fires on three sides of Hetch Hetchy valley may impede the visit of the San Francisco supervisors here. Superintendent Benson of the park and 40 soldiers have been fighting the fire for ten days in McGill meadows between Lake Elinor and Hetch Hetchy valley.
The government telephone lines between headquarters at Yosemite and the Hetch Hetchy country have been burned off by the fire, which has cut off the trails.
The supervisors left for Crocker's by stage and expect to camp in the Hetch Hetchy valley Thursday morning.

ANOTHER FRANCHISE ASKED FOR IN ALBANY

ALBANY, Or., August 20.—A franchise for a street railway system has been asked in Albany. Messrs. Rhodes, Richie and McDonald, all of Albany, are at the head of the movement. The franchise calls for practically the same streets as covered by the Welch franchise granted some time ago, but as this company seems disinclined to commence work, the franchise will probably be revoked.
Mr. Rhodes said that beside taking in the fair grounds, they would also establish a city park along the line.
The action of the Welch people has been considered unsatisfactory. Work was to have commenced months ago, but no construction was done at all. In order to hold the franchise ties and rails were dumped along the streets, but, being a menace, have been ordered removed.

JOE GANS HAS STARTED TRAINING FOR NELSON

SAN FRANCISCO, Cal., August 20.—Although Joe Gans tried to open his training quarters quietly at Alameda, several hundred fans were present today to see the black boy work, when they learned that he started preparation for his fight with Nelson yesterday.
Gans, however, announced today that he will do no work until next Sunday, when he will begin in earnest. Several sparring partners have been found for him and there will be some lively times between now and the big fight. Abe Attell is scheduled to work in Gans' gymnasium.

"Something which is of considerable interest to the public generally and which is perhaps not generally known is the system of prepaid orders now in effect between stations of the Southern Pacific company and all points in the United States. By means of this system tickets may be purchased at Medford from any place in the United States and mailed or telegraphed direct to the party wishing to come here. Sleeper accommodations and small amounts of cash in connection with these tickets may also be furnished at the same time."

ANOTHER Man Separated From His Wife! Who Is Responsible?

We refer to a man who lives here and keeps his family in Portland because he cannot find a house for them in Medford. This is bad for him and bad for Medford. The real estate men tell us they cannot supply half the demand for houses. We will furnish the LUMBER, LATH, SHINGLES and CEMENT, if someone will get busy and build a few more houses to rent.
