SAN FRANCISCO, Cal., August 22.—It became known today that Robert Brent Mitchell, the fugitive stock broker, whose failure and subsequent flight to Honduras in December, 1905, was a sensation, is negotiating with his creditors in this city to allow him to return to San Francisco. Mitchell is said to fear that the secret extradition treaty now being negotiated between the United States and Honduras will make it necessary for him to return anyhow.

Miss Margaret Craighoad and Miss Etta Taylor of Muncie, Ind., for two weeks, beginning August 25, will have on display at Van Dyke's a complete line of art needlework, consisting of stamped and finished pillows, table covers, centerpieces, mats and under wear. Just before he left that city to come to Portland he was presented with a loving cup by members of the lodge in eastern Washington.

OREGON MAN TAKES FOURTH PLACE IN SHOOT

CAMP FERRY, O., August 22.—With a score of 299 in a field of 277 other contestants, R. E. Shields of Oregon won fourth prize in the president's contest, the closing event in the National Rifle association's tournament. Sergeant A. Best of the United States infantry won first prize, Captain P. W. Allen of Massachusetts was second, and third place was given to Lieutenant S. A. Harris. Best's score was 304.

Mr. and Mrs. A. S. Rosenbaum, who have been spending their vacation in Klamath county, are at home again.

SMITHSON COULD HAVE WON MORE EVENTS

SAN FRANCISCO, Cal., August 22.—According to Sam Bellah, the Stanford pole vaulter, and the first of the Pacific coast athletes to return from London, Forrest Smithson, the Oregon hurdler, would have won the 100-meter race had he been entered. "Smithson was in perfect shape," said Bellah, "and I think he could have won that race easily, for he was easily more wit than any American athlete who was entered for competition. In his event Smithson was away at the start like a shot out of a gun and he surprised his teammates. His showing was remarkable." Bellah expresses disgust with the attitude of the English towards the American cases, and confirms the many reports which arrived here at the time of the games concerning the discrimination of the British officials. With the exception of the lag of war incident, the Stanford athlete states that the protests of the Americans were justified in every case.

MANY VISITORS PAY RESPECTS TO TAFT

HOT SPRINGS, Va., August 22.—Judge Taft was busy with visitors today. Among those who called upon him were Postmaster-General Meyer, Gifford Pinchot, United States forester; Theodore Shonts, president of the Interborough Metropolitan Traction company of New York, and G. W. Painter, a missionary from China. The candidate held conferences with all four men. It is understood that Shonts, who formerly was at the head of the Panama canal construction, talked over reports from the isthmus and the future plans for the canal.

MRS. DUKE SIGNED CHECK ON THE WRONG BANK

CHICAGO, August 22.—Mrs. Alice L. Webb Duke, divorced wife of Brodie L. Duke, millionaire tobacco merchant, was tried today on a charge of having defrauded the Great Northern hotel by means of an alleged worthless check. The case was given to the jury this evening, Judge Kersten of the criminal court instructing the jurors to bring in a sealed verdict tomorrow morning. The defendant was confident of acquittal when she left the courtroom. The defense asserted that Mrs. Webb signed the \$50 check which caused her trouble under a misapprehension. She had money in one bank, it was said, but inadvertently signed a check on an institution from which her funds had been withdrawn. The witnesses for the hotel company admitted that the check had since been redeemed and the account settled. Mrs. Helen M. Hopley, formerly companion to Mrs. Webb, testified that Mrs. Webb was suffering from pleurisy on the day she signed the check, and was under the influence of stimulants and narcotics. This was followed by the testimony of Dr. James Park, who said that he had attended Mrs. Webb and treated her for pulmonary congestion.

HARRIMAN LINES ADOPT NEW BILL OF LADING FORM

After numerous joint conferences between shippers of the country, the interstate commerce commission and the railroad traffic managers, a new uniform bill of lading has been adopted by the Harriman lines in this territory which will go into effect on the Oregon lines November 1. The uniform bill of lading represents two or three years of study and conferences on the part of the three interests. It is believed it will eliminate some transportation features of the present forms objectionable to shippers on account of the limited liability of the carriers. The interstate commerce commission made no order in the matter, but acted simply as an intermediary, as being interested in the satisfactory adjustment of the question. The bill of lading in its new form will probably be adopted by all rail lines in the country.

GRAND LAKE, Cal., August 22.—President P. C. Campbell of the University of Oregon is today on his way to Sulphur Springs with his bride, formerly Mrs. Susan Campbell Church of San Francisco, to spend a few days' honeymoon. SACRAMENTO, Cal., August 22.—AS WELL AS LOCKSMITHS

SACRAMENTO, Cal., August 22.—That Cupid laughs at lions as well as at locksmiths is the discovery made by J. A. Fisher, secretary of the state fair, which opens here next week. Fisher advertised a reward for couples who would allow themselves to be married in the lions' cage, and several couples have come forward to take up the offer. J. A. Wilson, a farmer of Folsom, and a bucket dance of the same town want to try it. A circus performer, Miss May Sullivan, wants to take up the offer. She had no prospective lion hand, but says she will get one.

LITTLE CHILDREN PRAY OVER 2000 DEAD BIRDS

CHICAGO, August 22.—"We are very sorry, O God, that all the poor birds had to die, for we would like to have them stay around in the trees; but we needed rain, and we guess you know what is best, and we hope that you will take them all to heaven." Two thousand birds were killed by the terrific storms of Tuesday and Wednesday in the groves near West Sixtieth and Ada streets, and today all the children in the neighborhood paid their last respects, including the foregoing prayer, to their little friends that would sing no more. With childish rites and genuine solemnity the little feathery bodies were laid at rest. About the wide grave the children stood with bowed heads, sobbing as they stroked flowers. The rain, which came after 23 days of drought, was the heaviest in 23 years.

HORSE UP SIDE DOWN IN NEW SEWER TRENCH

A valuable horse narrowly escaped serious injury Saturday morning by taking a fall into the trench dug on West Ninth street. The horse was one of a team used in refilling the trench. The driver backed the animal too far and the animal landed on its back in the trench. For some time it was impossible to move the heavy animal until a rope was passed under its shoulders and it was turned over on its feet. The horse was then able to scramble out. It was injured beyond a few scratches and bruises.
