

# KNOX THROWN FROM AUTO

## Senator From Pennsylvania With His Family Hurlled From Machine

GENEVA, Switzerland, Sept. 8.—Hurlled from an automobile when the machine collided with another, Senator Philander C. Knox of Pittsburgh and his wife were slightly injured and his son, Philander C. Knox, Jr., was seriously hurt here late Sunday.

The Knox party was traveling at a high rate of speed, when the chauffeur lost control of the machine. Before the car could be brought back into its course again it crashed into another automobile.

The force of the impact threw the Knox machine into the ditch and hurled the occupants through the air. The party was picked up apparently more dead than alive and rushed to a hotel in another machine. Medical examination revealed the fact that Senator and Mrs. Knox were not seriously injured.

Philander C. Knox, Jr., fared badly, however, and was unconscious for several minutes after the accident. He is badly bruised, and it is thought that he suffered internal injuries.

The machine in which the Knox party was riding is a wreck, making it impossible to determine whether a mechanical defect or the chauffeur's carelessness is responsible for the accident.

### CAN GROW EUCALYPTUS IN ROGUE RIVER VALLEY

That eucalyptus trees can be grown in the Rogue River valley has been demonstrated by Dr. C. R. Ray, who some years ago planted some at Gold Bay, which have thriven remarkably. It is a tree that requires no attention, grows on barren hills or in swamps and is valuable for fuel, railroad ties, telegraph posts and furniture.

Furniture made in Sacramento from eucalyptus wood grown in California shows remarkable strength, beauty and hardness, says the Sacramento Bee. The wood is said to be harder than second growth hickory, and is exceedingly durable. Of late years the eucalyptus has attracted much attention as a source of valuable wood for railroad ties and other purposes, and extensive plantations have been set out by railroad companies and individuals. The trees grow remarkably well in California, reaching gigantic proportions in 20 years, and becomes available for cutting in much less time. It is not affected by disease or insects, and its wood has an uncommon power of resisting decay from fungus and other causes.

There is much waste or unimproved land in our interior valleys, more or less subject to overflow, which could be profitably planted with eucalyptus, pending reclamation. The tree seems to endure floods, with no perceptible injury, and needs much moisture to attain its best growth.

**No More Whiskers.**  
Six of the seven men in this year's crop of presidential candidates have smooth-shaven countenances—the seventh—that's Mr. Taft—has a mustache. The era of bearded politicians, which began with Abraham Lincoln in 1861, and continued, with only one interruption, until the end of Benjamin Harrison's administration in 1893, is past.

What is true of presidents and would be presidents is equally true of congressmen. Of 193 photographs of members of congress published in a contemporary last December, only ten had beards. In public life whiskers have gone out, rather than come out. Nowadays, hair is not a facial asset.

Three of the seven candidates of this year do not have any even on their heads. We have gone back to the Roman-like physiognomy of Washington and the early fathers.—New York Tribune.

### TEAMSTER INJURED IN LUMBER WAGON RUNAWAY

Elmer Page, a teamster for J. H. Keal, who operates a general merchandise store at Talsima, narrowly escaped serious injury if not instant death while coming down Hayes hill with a load of lumber Friday. He was driving a four-horse team, riding one of the wheelers, when one of them stepped upon a small stick which struck the horse with such force that he kicked and got over the tongue of the wagon. In the course of this floundering around of the horses the brake beam broke and the load of lumber ran onto the horses, cutting off the hind foot of one and killing the other wheeler outright, and the first had to be shot.

In the mixup one of the horses fell completely over the other. Mr. Page was thrown from his saddle and sustained the dislocation of his right shoulder.—Grants Pass Courier.

### COLONEL VILLAS LEAVES FORTUNE TO U. OF W.

MADISON, Wis., Sept. 8.—It was learned today, when the will of the late Colonel W. F. Villas was made public that he has left a fund to the University of Wisconsin that will total \$300,000 some day.

The estate is valued today at \$3,000,000. The widow is to have the income and the only daughter is to have \$30,000 a year.

Three trustees for the fund are to be named by the governor of the state and the board of regents of the university. This is the first large fund ever left the University of Wisconsin.

Medford Tribune, 50c per month.

### TALENT ITEMS

The Young brothers are prospecting on Wagner creek. Fred Rapp and Marion Sowash were Medford visitors last Sunday. Marion Youst is carrying the mail from the cars to the postoffice. G. A. Gardner has taken charge of the postoffice and has it moved into his place of business. Timothy Burnett is putting up a neat cottage in the front of town. It looks a little suspicious, Tim.

J. H. Luellen is building himself a new residence on his ranch north of town. Mr. Luellen bought the J. S. Stagg's place a few weeks ago and has started in to improve it. Meserve Bros. and J. S. Spitzer contemplate doing a little ditch and other development work on their Wagner Butte mining property in the near future and extract a little of the precious metals from Mother Earth.

J. S. Spitzer is figuring on having a building put up on his property near his livery stable for the accommodation of the editor of the Talent Rustler. Let the good work go on, Mr. S., as we need buildings to make a town in Rogue River valley or anywhere else. Pierce H. Wilson has just patented his automatic farm gate. He has it on exhibition at his place on Bear creek, near Talent, and it works fine and looks good to us. His friends hope he may do well with it, and he should, as he has had hard luck, having sustained injuries from being blown up by giant powder about a year ago in a well he was digging for Mr. Laperty. He lost the sight of both eyes.

### BUTTE FALLS ITEMS

M. Baldwin has been in Medford on land business. Sam Hudson has gone to Medford for store supplies for Wheeler & Claspill. The huckleberry hunters have all returned heavily laden with an abundance of berries.

Frank Kassater, deputy sheriff, has been summoning different persons to appear before the grand jury.

The directors have had the new school building, now being erected, insured, which is a very wise move.

Scott Claspill and Mrs. Claspill are on a visit to Medford. Mr. Claspill will bring back a load of store goods. C. E. Powers is superintending the new school building and will probably take the contract for completion of it.

### FRENCH AERONAUT BREAKS WORLD'S AEROPLANE RECORD

PARIS, Sept. 8.—Leon de la Grange, the French aeronaut, president of the Aviator club of France, established a new world's record yesterday at Issie, when his aeroplane sailed for 33 minutes, beating the world's record that he established yesterday by sailing 29 minutes and 54.45 seconds. Today's flight was remarkable for both the duration and the distance traveled. He circled the parade grounds at Issie 17 times, going over 10 miles in all.

The great aeroplane was under perfect control every minute of the flight. The inventor maintained an average height of 20 feet. He ascended as high as 30 feet and as low as 12. Hundreds watched the flight of the aeroplane, and Wilbur Wright, the American inventor, was the first to congratulate the Frenchman on his success. "I expect to beat you to the hour mark," said Wright in talking to La Grange.

### FRISCO LABOR PARTY TO FIGURE IN CAMPAIGN

SAN FRANCISCO, Cal., Sept. 8.—That the Union Labor party intends to figure in the coming state and national campaign are clear today, when the common platform on resolutions appointed at the county which was opened last night began to prepare its report.

The committee will have several days in which to work on the report. It is understood that some of the candidates already nominated for the state legislature by the Democrats will be endorsed by the labor party and in other cases, the laboring men will have candidates of theirs. The convention adjourned after the committee were appointed. It will meet again some eight next week to complete its labors.

### FOREST FIRE WIPES OUT MINNESOTA TOWN

DULUTH, Minn., Sept. 8.—Forest fires which destroyed Snowball, a suburb of Hibbing, are menacing that city today, and if the breeze which fanned the flames into activity after they had been practically subdued, increases, the fire will devastate a large section of territory.

The fire swept over a radius of 25 miles, practically wiping Snowball from the map. The inhabitants escaped, but are homeless, and in many cases have lost everything they possessed.

The refugees are praying for rain, but there are no indications that nature will aid in quenching the fires.

The work of rebuilding Chisholm, which was wiped out by the fire, began today.

### PAPKE PUTS KETCHELL OUT IN THE TWELFTH

LOS ANGELES, Sept. 8.—A draw kept Stanley Ketchell out in the 12th round of their battle at Jeffries' fighting place yesterday afternoon, and clinched the title of middleweight champion of the world. Ketchell had a previous decision over Papke and the betting was 2 to 1 in his favor. The fight was one of the bloodiest in the history of the game. Papke was the aggressor and won all along the line.

### Camp Meeting at Phoenix

Seventh Day Adventist camp meeting in a large tent at Phoenix beginning September 15 and lasting six days. General men from abroad will be present. W. B. White of Walla Walla, Wash. F. M. Borg of Seattle, C. W. Finz of Portland. Other speakers from various parts will assist. Some live and interesting themes will be presented. Everybody invited. Preaching each day 10:30 a. m., 2:30 and 8:00 p. m. Also good singing.

### HOPE DEFERRED.

There was a governor man at Coos Bay, who said to the people one day, "Mr. Harriman said that when you're all dead I'll push a railroad over this way." But those people have waited for aye. Each year from June until May, while asking in vain. For a Harriman train To handle their products each day.

So they'll now adopt a new code. They will follow a much different mode. They will go right ahead With their government dredge And to hell with Harriman's road. —Wedderburn Radium.

### GOODWIN DENYS HE INFLUENCED EDNA GOODRICH

SAN FRANCISCO, Cal., Sept. 8.—In spite of persistent rumors to the contrary, Nat C. Goodwin today denied that he was instrumental or in any way connected with breaking off the engagement of Harry McMillan, a Goldfield mining man, and Edna Goodrich, for three years Goodwin's leading lady. He also denied that divorce proceedings have been instituted against him by his wife, Maxine Elliott.

"Miss Goodrich's contract with me expired some months ago," said Goodwin. "If she chose to engage herself to McMillan that was her own affair. I think myself that the story of my wife and Miss Goodrich being entangled in my domestic affairs was suggested by McMillan himself for petty notoriety and personal aggrandizement."

"I do not know where Miss Goodrich is now, and she is not to become my leading lady this season. I did not follow her to Europe, as has been reported, but went to Paris on a mining deal, having rushed away to get ahead of another man."

### STANDARD OIL READY WITH ANSWER TO GOVERNMENT

CHICAGO, Sept. 8.—It was announced today that the Standard Oil company has prepared its answer to the government's petition for a rehearing in the case in which Judge Landis' fine of \$29,000,000 was revoked. The answer will be filed in the United States circuit court of appeals Wednesday.

### Attell and Moran Draw.

SAN FRANCISCO, Sept. 9.—A draw was the result of the mill between Abe Attell, featherweight champion of America, and Owen Moran, who holds a similar title on British soil. The referee stopped the fight in the 23d round, pleasing the huge crowd. Both fighters fought a clean battle and exhibited much cleverness. The two game youngsters will probably meet again.

### Mrs. Olive Page Dead.

Mrs. Olive Page died at the home of her son, W. E. Page, of this city Monday evening, September 7, at the age of 87 years and 7 months. Funeral services will be held at 4 o'clock Tuesday afternoon, Rev. G. LeRoy Hall officiating. Interment will be in the I. O. O. F. cemetery.
