

MANY PEOPLE AFTER LAND

Trainloads Arriving Daily to Be on Hand for Rush to Land in Dakota

DALLAS, S. D., Oct. 8.—Trainloads of landseekers have been arriving here all day to be on hand for the rush to the opening of the Rosebud Indian reservation, the last of the rich tracts of farming lands in the United States to be opened by the government.

United States Marshal Seth Bullock arrived here today to take charge of the situation. He appointed five deputies in case of an emergency. So far there has been no lawlessness.

Dr. Albert Phillips of Chicago and Frank Lewis of Florence, Neb., were caught picking pockets in the crowd and fined \$50 each. They were then escorted to the state line by deputy sheriffs and told not to return. They promised not to come back.

Several thousand homesteaders arrived today from Illinois, Iowa and Kansas and it is estimated that by tonight the total register here will reach 60,000.

There are five other registering places on the border of the reservation, and it is thought that at least 225,000 persons will be on hand when the land lottery is opened.

FORTY PERSONS NEARLY ENTRAPPED BY FLAMES

SAN FRANCISCO, Cal., Oct. 8.—Forty persons narrowly escaped being burned to death early yesterday in the sleeping rooms adjoining a French laundry at 135 McAllister street. Police and firemen battling through smoke and flames brought out a score of lightly clad women and girls, who had slept unconscious of their danger.

Many of the rescued women were overcome by the smoke and fright, and the ambulance stewards were kept busy giving restoratives.

The fire started in the coal yard of J. McAleer next to the laundry and when the firemen arrived the laundry and lodging house were ablaze. For a time the flames threatened the apartment houses opposite, and the police ordered the occupants to vacate. This added to the panic-stricken throng on the sidewalk and kept the police busy restraining those about from entering the buildings in an effort to rescue their belongings. Nine horses perished in the coal yard. The laundry and lodgings and a meat market were destroyed, causing a damage of \$10,000.

Talented Chorus Director.
The Christian church is happy to announce to the music loving public that they have in Mr. Edmunds, the chorus director, one who has had large experience in chorus work. He is a man of marked ability both as leader of song and as soloist.

Mr. Edmunds served as chorus director for six months at St. Paul's Cathedral, Cincinnati, O.; then at the Presbyterian church at Nashville, Tenn., for two years. From Nashville he went to Birmingham, Ala., where he served the large Methodist congregation as soloist for two years. This was a very large and influential church, the building seating 5000 people. The last three years Mr. Edmunds has been director of the Baptist Choral society at Greensburg, Ind.

The music at the Christian church will be put on a high plane. The chorus already numbers 25. By the time of the Whiston Longman meeting in November there will be nearly 50. Fifty consecrated men and women singing with the spirit and the understanding also will help anyone to a higher life.

The solos of Mr. Edmunds are rendered in a very effective manner. There is feeling, expression in every word. They lift the soul from low, groveling things of earth and enable one to see as never before the glory of a holier life and him who is the inspiration of the new life.

The public is cordially invited to worship at the Christian church. Strangers especially made to feel at home.

MINE WORKERS FACE CRISIS

Officials Resign Positions Pressure to Be Brought to Have Men Stay

INDIANAPOLIS, Ind., Oct. 8.—With the simultaneous retirement today of Vice-President J. B. White and Secretary-Treasurer W. D. Ryan, the United Mine Workers of America face a crisis in their organization. Ryan is the former leader of the Illinois operators, with supervision of the south-west territory.

John Walker, an avowed socialist, leading the socialist wing of the organization, numbering 300,000 men, is a candidate to succeed President Lewis. White is weakened by the withdrawal of Ryan and Ryan, who have been consistently supporting the conservative policies of John Mitchell.

White's retirement is due to ill health. Various reasons are assigned for the withdrawal of Ryan. It is likely that strong pressure and argument will be brought to bear on both men to hold their positions until the organization election next fall.

The fight between Lewis, who is conservative compared with his prospective opponent, Walker, will be bitter, according to the leaders in the Mine Workers' organization.

DIRE DISTRESS.

It Is Near at Hand to Hundreds of Medford Readers.

Don't neglect an aching back. Backache is the kidneys' cry for help. Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, diabetes, Bright's disease.

A. W. Mountryman, living corner P and Tenth streets, Medford, Or., says: "I was bothered with my kidneys for a long time, and experienced all kinds of suffering. I was very irritable and was unable to see the bright side of life. My kidneys were very irregular in action and annoyed me greatly. I doctored a great deal, but did not find any relief until at last I heard of Doan's Kidney Pills and procured a box at Haskins' drug store. I used them as directed and in a short time they proved to be the remedy I needed. My system was toned up, the pains and ache relieved, and my health returned. I am glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A Map of Jackson County

The Tribune and Southern Oregonian is having made at great expense a fine, colored, lithographed map of Jackson county.
This map will show all cities, towns and villages, rivers and waterways, section and survey lines, railroads and projected railroads, wagon roads, forest reserve boundaries, election precincts and other data needed by everyone. All townships shown in colors.
This up-to-date map will be ready for distribution some time in December. It will be sold only through The Tribune and Southern Oregonian.
This will be your only chance to secure a good map of Jackson county, as all map editions are out of print and plates were destroyed in the San Francisco fire, necessitating new plates made at an enormous expense.
Further details later. Ready in December.
