DOUBLE ROMANCE IS TALE TOLD BY MINERS

RENO, Nev., Oct. 12.—Mining men from Goldfield are repeating a story today to the effect that Maxine Elliott, former leading woman and wife of Nat Goodwin, is to marry MacMillan, the mining man, who was until recently engaged to marry Edna Goodwin, the leading woman of the Goodwin company. The story says that Goodwin has gone to Europe to marry Edna Goodwin. Close friends of the actor claim that the remarkable alleged double romance is true, and point to the fact that Goodwin left Nevada last week immediately after obtaining a divorce from Maxine Elliott. Goodwin hurried from Nevada immediately the divorce was secured. A rich strike of ore on his mine near Goldfield would not detain him. MacMillan's friends say that he met and won Maxine Elliott on his recent trip east, when he and Edna Goodwin agreed to disagree.

SCRAPPING IN SISSON OVER THEATRE LICENSE

SISSON, Cal., Oct. 12.—The wrangle over the license of the I. O. O. F. Opera house came to a sudden close at the regular meeting of the town council this week. Manager Phillips of the opera house was under the impression that the city would fix the license at \$50 a year, but when he found it was raised to \$100 he objected. He says the councilmen promised to make it not over \$50 a year. The Old Fellows, who own the opera house, talk of locking up the hall unless the city lowers the license. A petition will be circulated asking the councilmen to lower the license.

FERDINAND IN SHAPE TO DO BATTLE

Has Summoned All Classes of Reserves - Gives Turkey Three Days to Recognize Bulgaria

SOPIA, Bulgaria, Oct. 12.—The Bulgarian government at the direction of Czar Ferdinand, today summoned all classes of reserves, which means that the whole army of the country will take the field in support of the threat to declare war unless Turkey recognizes officially the independence of Bulgaria within three days. Active preparations for actual warfare are being rushed today in all parts of the country.

Although Bulgaria has not as yet taken any official recognition of the fact that the Turkish forces in the straits of Bosphorus fired upon the new flag of Bulgaria, still the insult was taken by Ferdinand as a declaration of war, but he has awaited the time when he could mobilize his forces so as to properly carry on the war and not be hampered by any lack of preparation.

The populace of Bulgaria are loud in their threats against Turkey and are continually urging their newly made czar to give the word which will let them at the throat of the sick man of the east. There seems but little doubt but that war will result and as long as Bulgaria can obtain money and supplies the war will be carried on.

It is now seen that Ferdinand waited until the affairs in the Turkish empire were in such a state as to make his declaration of the independence of Bulgaria come at a time when it would be difficult for the Turks to wage successful warfare.

CONSTANTINOPLE, Oct. 12.—The Turkish government has as yet given no indication as to what its reply will be to the demands of Bulgaria to recognize the latter's independence.

MANILA MERCHANTS TO PROSECUTE OFFICIALS

STREET SCENE IN MANILA.

Storekeepers Indignant At What they Claim Is Criminal Negligence Regarding Cholera

MANILA, P. I., Oct. 12.—The Merchants' association of Manila today adopted resolutions pledging themselves to prosecute the city officials whom they charge with responsibility for the cholera epidemic through laxity in sanitary measures.

The merchants are indignant at what they claim is criminal negligence on the part of the officials of the city charged with preserving the health of the public.

They say that not only have the laws themselves been lax, but the health officials have neglected to enforce sanitary laws on the statute books.

The merchants claim that the cholera was wiped out after the sanitary conditions were improved and this could have been done before the epidemic and many lives saved, besides millions in dollars loss by the quarantine.

QUESTION WHO PAYS INTEREST

City Recorder Asks Nuveen & Co. for \$59,000 Pending Settlement of perplexing Question

CITY RECORDER COLLINS HAS ADVISED THE bond buyers, John Nuveen & Company of Chicago, that the city will accept \$59,000 of the first allotment of \$100,000 pending the receipt of answers to inquiries forwarded by letter to the house, regarding interest on the issue. The \$59,000 is to be used to pay for the water distributing system of the city.

The points upon which the city wishes information are raised in regard to the accrued interest on the bonds from the date of the bonds, July 1 until the date of delivery, which amounts to some \$800. The city officials understood that interest was not to start until delivery of the money.

As the city wishes to have the money at once to pay for the distributing system, the recorder has asked the bond house to forward \$59,000, the matter of the interest to be settled at a later date.

A special session of the council was held Monday afternoon to consider the matter, but no action was taken other than telling the recorder to go ahead with a request for \$59,000.

The banks in the city have advanced some \$45,000 of the money used in constructing the distributing system, and it is to wipe out this debt that the money is needed.

BUILDING CANNOT KEEP PACE WITH NEWCOMERS

PORTLAND, Or., Oct. 12.—Active publicity work has resulted in such an influx of people in the more active communities of the Pacific northwest that housing the newcomers has really become a serious problem in some of the towns. New residences are being constructed as rapidly as possible, and rental long in advance of their completion. In some of the fruit districts, cars loaded with household goods are occupying the tracks and the delay in their unloading is making the orchardists apprehensive as to trackage for their fruit shipments.

The roses for which the north Pacific coast is so famous are blooming with almost the freedom and perfection of early summer, and the approach of autumn has added to their coloring. The Portland Commercial club has resumed the decoration of its tables with flowers furnished by differ at members, the display being the subject of much comment by eastern visitors in particular.

NOT PART OF CONTRACT WITH COMMERCIAL CLUB

An impression seems to have gained ground that the splendid story of Rogue River valley in October Sunset was a part of the advertising contract with the Commercial club. This was not the case, but was written by Mr. Aiken, editor of this magazine, as being a good and desirable story for Sunset, and was entirely voluntary upon his part.

COUNCIL FAILS TO SEE WHERE INTEREST COMES IN

The city council held a brief informal meeting Monday afternoon and dismissed a demand of John Nuveen & Company for interest on the bonds, amounting to \$800, which accrued before the money has been received by the city.
