

AMUSEMENTS.

At the Bijou.
A special music attraction is billed at the Bijou tonight in addition to the regular program.
Professor Casey & Sons of rare ability in the orchestra line will furnish music during the evening.
The pictures for tonight are of a high order and a good entertainment throughout is assured. Doors open at 7:15 p. m. Sunday matinee at 3 p. m. Evening performance at 7:15 p. m.

At the Savoy.
The performance tonight at the Savoy is a particularly strong one, being entertaining, instructive and amusing. The headliner is "The Power of Labor." It is a beautiful story picture portraying the troubles of capital and labor in the steel works. Through the picture runs a pretty love story. The acting is the best and the scenery is very realistic, especially the scenes in the mill showing the fiery furnace.

"Aeroplane Flights" shows Henry Farnum's "heavier than air" machine making successful flights at Coney Island. This picture is very instructive and interesting.

The other pictures, "A Trip Through Russia" and "Biscuits Like Mother Used to Make," are very good, the latter being a laughograph that will cause you to laugh as you have never laughed before.

Miss Effert sings the beautiful illustrated story song, "All is Fair in Love and War."
Entire change of program Sunday, featuring the "Yellowstone Park Hold-up." Special matinee Sunday afternoon at 3:30.

The Marvelous Actophone at the Grand.
Special arrangements have been made by the managers of Dreamland for the appearance of the singing and talking "Actophone" for three days only, opening Sunday matinee at 2:30 o'clock, at the Grand. So much has been heard of this wonderful moving picture device that naturally everyone is anxious to see the Actophone which combines the presentation of scenes, dramas, opera, vaudeville, etc., in lifelike motion upon a canvas and at the same time one can hear the voices of all persons speaking or singing the respective parts as though they were hearing and seeing the original productions.

The "Actophone" is the invention of that great French genius, Lumiere of Lyons, France, who originated the wonderful microscope, which originally was founded all Europe with the lifelike motion pictures, and which today is the leading feature attraction on all vaudeville bills in large eastern cities. The Actophone company of San Francisco secured the territorial rights of Oregon for the exclusive privilege of the Actophone and this company, which will appear at the Grand Sunday, is the only one now traveling under the personal direction of the expert electrician, Mr. W. H. Pank, who has lately returned from the east after installing 27 machines in as many different cities in the east.
When one can hear and see Caruso, the great tenor, who secures \$1000 for singing at the Metropolitan opera house, New York, hear him sing, see him act, is it any wonder that people are willing to stand, unable to get seats. Admission 15 and 25 cents.

Revival at Christian Church.

What promises to be the greatest meeting the Christian church has ever held in Medford has been in progress just two nights and the audiences already tax the seating capacity of the church. Mr. Whiston preached a splendid sermon last night on the subject, "God's Highway." Mr. Forrest Edmunds sang a solo in a very effective manner. Mr. Longman led the large chorus last night. He has a beautiful tenor voice. The audience enjoys the solos and the spirited singing. It is very inspiring.

The sermons are directly to the intellect, as well as the heart. Whiston knows how to preach.

Tomorrow promises to be a great day. The Bible school meets at 10 o'clock and aims to have 200 in the school.

The morning subject will be "The Headship of Christ." At 7:45 will be a sermon for honest skeptics. Don't fail to hear it.

Subject tonight at 7:45 sharp, "Sleep and Death." Cordial welcome to all.

Methodist Episcopal Church

"A Sinner Up a Tree and What Happened to Him," will be the subject next Sabbath evening. In the morning the theme will be "Laying Secretly the Foundation of Church and State." Sabbath school at 10 a. m. Epworth League at 6:30 p. m. All are invited.

Christian Science.

Christian Science services are held every Sunday morning at 11 o'clock in the Commercial club room. Subject of the lesson sermon for November 8, "Adam and Fallen Man." All are welcome. Sunday school at 10 o'clock.

Holders of coupons or tickets will please bring in and use at once. Gregory Studio. 291

A Map of Jackson County

The Tribune and Southern Oregonian is having made at great expense a fine, colored, lithographed map of Jackson county. This map will show all cities, towns and villages, rivers and waterways, section and survey lines, railroads and projected railroads, wagon roads, forest reserve boundaries, election precincts and other data needed by everyone. All townships shown in colors.

This up-to-date map will be ready for distribution some time in December. It will be sold only through The Tribune and Southern Oregonian.

This will be your only chance to secure a good map of Jackson county, as all map editions are out of print and plates were destroyed in the San Francisco fire, necessitating new plates made at an enormous expense. Further details later. Ready in December.
