

WATTERSON'S SON KILLED

Son of Famous Editor Plunges From Building In New York

NEW YORK, Nov. 12.—Harvey W. Watterson, son of Henry Watterson, editor of the Louisville Courier-Journal, plunged to death from the 10th floor of his office building at 37 Wall street Thursday afternoon. The body shot downward from a height of 110 feet and landed on the roof of a ten-story building adjoining. Almost every bone in his body was broken and his head was crushed.

Watterson was 30 years old and married. He was the junior member of the firm of Wing, Russell & Watterson. The body was removed to the Watterson home after the coroner declared death was due to an accident.

MAN ARRESTED BY DETECTIVES FROM MEMORY

PORTLAND, Or., Nov. 12.—John Burns, wanted in Santa Jose, Cal., on a charge of highway robbery, is in the city jail today, having been arrested on the street last night by two detectives with good memories.

Several days ago the local police received a circular bearing a description of Burns, but no picture. The description was read at police headquarters and it was still fresh in the memory of Detectives Coleman and Tennant when they observed Burns crossing the street. They followed him for some distance and finally nabbed him.

COFFEY CHARGED WITH MURDER OF ACHIARDI

YREKA, Cal., Nov. 12.—Steve Coffey, the colored man who shot V. Achiardi at Sisson October 30, has been formally charged with the crime of murder. The complaint was sworn to by Peiro Reiner. Coffey will have his preliminary hearing tomorrow at 10 a. m. before Justice of the Peace William Thomas of this place. B. K. Collier and Taylor & Tebbe have been retained by Coffey to defend him.

There will be quite a number of witnesses present at the hearing, as subpoenas are out for several on each side, and the hearing will probably consume the major portion of the day.

SPRAY YOUR ORCHARDS NOW

For Santa Jose Scale, and Use Sampson's Concentrated Lime and Sulphur Solution.

Scale lives and works all the year round. Don't forget this. As the old scale dies the new is ready to carry on the destruction of our orchards.

The scale is less vigorous in the fall, and more easily and surely destroyed than in any other season of the year.

Therefore now is the best time to attack and kill it. If you spray now, many a valuable tree will be saved that otherwise, because of the scale, would not retain life enough to start up in the spring.

You have more time now; there is less wind to scatter and waste the spray, and make it hard to cover every part. Then, too, you cannot tell what may happen to prevent thorough spraying in the fall.

But, above all, the result of fall spraying are absolutely certain.

Sulphur Solution.

These are all "spray facts." We claim no wonderful chemical discovery in this spray, but we do claim most emphatically that:

Sampson's lime and sulphur solution always produces satisfactory results, and does no injury. There is no better spray manufactured than Sampson's lime and sulphur solution.

Sampson's lime and sulphur solution is a clear, cherry-colored solution free from sediment. It is guaranteed to test 30 degrees Baume. If your dealers cannot supply you, write to us.

Be sure you use Sampson's spray. Manufactured by

GRANTS PASS CANNING CO., Grants Pass, Oregon.

IMPORTANT TO SHIPPERS.

The interstate commerce commission under circular 3080 has ruled as follows:

No. 1.—Each package, bundle or piece of less than carload freight except brick must be plainly and indelibly marked showing the name of consignee and the name of the station, town, or city and the state to which destined. When the character of the freight prevents marking as required pasted labels or securely fastened cloth lined metal or leather tags may be used.

The old style cardboard or heavy paper shipping tags will not do, and freight so marked will not be accepted at the office.

Shippers will save delay by complying with these instructions, as the depot force must comply with the law and has no jurisdiction in the matter. 203-02.

Prepaid Railroad Orders.

"Something which is of considerable interest to the public generally and which is perhaps not generally known is the system of prepaid orders now in effect between stations of the Southern Pacific company and all points in the United States. By means of this system tickets may be purchased at Medford from any place in the United States and mailed or telegraphed direct to the party wishing to come here. Sleeper accommodations and small amounts of cash in connection with these tickets may also be forwarded at the same time."

AMUSEMENTS.

"Just Out of College."

The following from Tuesday's Portland Journal is self-explanatory:

A grouchy, dyspeptic nation owes a debt of gratitude to George Ade for his work as a playwright. There are scores of good comedies, but Mr. Ade's are easily among the very best of present day productions that have no other mission than to amuse.

Such a play is "Just Out of College," which is the bill at the Baker theater this week. No more hilariously funny combination of pure, clean humor and good-natured satire has ever been seen in this old town. The little play had the big audience at the Baker last night fairly doubled up with mirth from the time the curtain went up on the first act.

There is a fairly well defined plot to the play, as in most of Mr. Ade's comedies, but its strongest hold on the liberties of the audience is its marvelous fidelity to human nature — American human nature. The characters are people you meet every day and the things that they do are things that you yourself have done, or seen done, a thousand times.

The company is fully equal to the demands of the piece and is one of the most evenly balanced road companies seen here in many days. William A. Mortimer as the college youth, personally, is not so well fitted for the part as might be wished, but does it well.

The star of the skit is Lester Crawford, as "Slivers" Mason, "Jiggys" college chum. "Slivers" is a youth with a perpetual "souse" and to see him and especially to hear his song, "Just Like That," is enough to make a Methodist bishop poke a Mormon apostle in the ribs with sheer joy.

Sale is now on.

At the Savoy.

The large crowd present at Medford's popular theater last night pronounced the performance as high class in every respect. "The Bogus Lord" is one of the latest laughographs and it is certainly named right, judging from the laughs it caused. It shows the troubles caused by a valet who tries to impersonate his master. Many funny situations are the result. The other picture, "The Wages of Sin," is an Italian tragedy. The story of this picture was evidently taken from the book "Vendetta. The acting could not be improved up and the scenery is very beautiful. This picture alone is well worth the price of admission.

Miss Effort pleases with the beautiful illustrated song, "I'm Sighing for You." The same performance will be given tonight.

At the Bijou.

When it is a feature attraction, you can pretty near bank on its being at the Bijou. It has been so in the past and will continue to be so in the future.

"The Cowboy's Baby" is yet to be surpassed as a most interesting and realistic production. One never tires of the great hero of the plains, as was clearly shown by the large and appreciative audience at the Bijou last night.

The opening of the picture shows an attack on an immigrant train by a band of Indians. The immigrants are completely annihilated with the exception of an infant child. The cowboys ride up after the massacre and find the baby and ride away with it to a nearby ranch. "Arizona," a leader of the cowboys, adopts the child. Finding the cry of it too much for him, he marries a former sweetheart to afford the little one a better home. A jealous Mexican rival, accompanied by his band, steals the baby. A big running fight between the Mexicans and cowboys takes place and the baby is recaptured. Other good selections are billed. High class vaudeville booked for the Bijou next week.

Ladies, come in and register so that we can mail a handsome Christmas souvenir to your address. Medford Furniture Co. 228

SECOND MATCH FOR MEDFORD

West and Welsh will Wrestle Again in Opera House November 18

W. H. West of this city and Jack Welsh of St. Paul have agreed to wrestle for a second time in the Medford opera house, November 18.

The men gave a splendid exhibition recently and certain business men put up a purse to have a second match. In this match Welsh agrees to throw West three times within an hour. If West gets one fall on Welsh within the hour or stays the limit without a fall he wins the match.

The two men will open training quarters in the Miles building, where, in the mornings, one can watch Welsh work out and in the afternoon West.

WHAT THE KIDNEYS DO.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

John Davis, living on Bordman street, Medford, Or., says: "I was afflicted with kidney trouble for 12 years, and, although I doctored and used many remedies, I was unable to find relief. I suffered severely from pains in my back and generally felt tired and worn out. Learning of the merits of Doan's Kidney Pills, I decided to try them and procured a box at Haskins' drug store. I had only used them a short time when I noticed a great improvement in my condition, continued and was benefited in every way. I am still using Doan's Kidney Pills, and the results are so satisfactory that I feel I can recommend them very highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name — Doan's — and take no other.

NORTH DAKOTA IS LAUNCHED IN QUINCY

QUINCY, Mass., Nov. 12.—The North Dakota, America's greatest battleship, the first ship of the "Madsen" type to be constructed in the United States was launched Tuesday at the yards of Fore River Shipbuilding company before a company of distinguished men and women.

Miss Mary Benton of Fargo, N. D., who had been chosen by Governor John Burke to officially christen the battleship, broke a bottle of champagne across her bows and the great ship slid down the ways amid the cheering of a great throng of people who had come from Boston and neighboring cities to witness the launching.

The crowd included Governor Burke and his staff and a delegation of navy officers and representatives of the state of Massachusetts and the city of Quincy.
