JEALOUSY OVER CUBAN GIRL LED TO TRAGEDY

BERKELEY, Cal., Nov. 28.—Jealousy over Dolores Rodriguez, a pretty Cuban girl, who kept house for one faction in a colony of quarry workers at East Bay, just north of Berkeley, is said to have caused the fatal shooting yesterday when Jose Tabada received a charge of buckshot in the abdomen and lay in the roadway for hours before medical aid was summoned.

Tabada is now at the Albatraz sanitarium in this city and it is not expected that he will recover from his wounds. Bernardo Norbiger, one of Tabada's comrades, is also in bed suffering from a gunshot wound in the knee. Ten Cubans, who participated in the fight, are in jail at San Pablo.

AMUSEMENTS

At the Savoy.

An excellent comedy performance is billed for the Savoy tonight. "Hubby's Vacation" will make you smile from ear to ear, then your sides will shake with laughter. Hubby certainly has a good time on his vacation. He deceives his wife a little too much with the result that she decides to surprise the dear boy and is badly surprised herself. She finds him in jail instead of confined to his room with a cold. The plot is original and full of wholesome comedy.

"The Cross Roads" is a picture with a strong moral, is well acted by efficient actors and the scenic arrangements are very realistic.

In addition to the above strong pictures, other features of the entertainment make the performance hard to beat.

Entire change of program Sunday, featuring the latest and strongest pictures on the market.

Chinese Puzzle Police.

Before the great San Francisco fire Chinatown was one of the most dreaded sections in the city. The Chinese were the source of constant trouble to the police officials. The highlanders from time to time would make away with one of the higher and wealthier class of Chinese and the police would be called upon the scene to find their work most dazzling and mystifying. Little evidence could be found to work upon, and the police could do little more than go the rounds of the opium dens and various dives of the highlanders. At times, however, the police were successful in tracking down the Chinese criminals. The picture at the Bijou tonight shows one of the latter cases in the San Francisco Chinatown. The picture is the genuine article on the affair that was so broadly published in the newspapers some time ago. It is tonight at the Bijou.

ADMIRAL PICTURES FLEET HELPLESS WITHOUT COAL

WASHINGTON, Nov. 28.—The possibility of the great Atlantic battleship fleet, strong and powerful, afloat, lying weak and helpless because of lack of coal, was shown today in the report of Admiral William S. Cowles, chief of the bureau of equipment, to the navy department. According to the report, the cruise of the fleet shows the need of more colliers. Had there been foreign complications or a combination of troubles the fleet might have been helpless in some foreign port.

FOREIGN OFFICERS HAVE COPIES OF INTERVIEW

LONDON, Nov. 28.—It is leaking from every European capital that the foreign offices have complete copies of the suppressed interview between Dr. William Hale and the emperor of Germany.

Numerous versions are being published, and they all correspond in the main with the American publication. One, however, includes a most savage attack upon the Vatican, which is severely criticized for its alleged "interference."
