Ed Whitcomb visited Jacksonville on Thursday writing up accounts.
For the short time we are here you have an opportunity of having expert work in rebuilding and repairing sewing machines. As a rule you have only been able to have the services of an incompetent workman. People living in the country and surrounding towns need only to bring head of machines. Rooms at Dr. Stenhouse's, corner Ninth and H streets. Phone 209.

FREE INSTRUCTION IN HORTICULTURE

A six weeks' course in horticulture is now under way at the agricultural college, Corvallis, Or., and there is a large attendance from different parts of the state, the attendance being more than double that of last year. Some of the most interesting work in the course is yet to come. Many fruitgrowers are unable to attend the course for the entire six weeks, but are able to come for a few days or several weeks. The course is open to them at any time. There will be two weeks more of apple pruning and work in budding and grafting. In addition to this, special lectures are given on the various phases of fruit growing, truck gardening and landscape gardening.
Beginning on February 8 a special course of two weeks will be given in walnut grafting. This should be of great interest to people contemplating engaging in this industry. The most important methods of walnut grafting will be taken up, including the very successful and famous Payne method. In addition to the lectures practice will be given in the work, including nursery grafting, and the top working of the large American black walnut trees found scattered over the state.
In the last two weeks of the course two hours a day of practical instruction will be given in spraying, pruning, staking and setting of orchards. This work includes apples, grapes, peaches, cherries, etc.
Special lectures will be given by some of the best authorities on horticulture to be found in the northwest. These courses are open to anyone interested in horticulture. Come at any time.
MAMAM MELBA IS TO SING FOR CHARITY

UNITED STATES SEIZES LARGE CONSIGNMENT OF DIAMONDS

EL PASO, Tex., Jan. 29.—A consignment of diamonds has been confiscated by the custom authorities at Los Angeles from B. Schreyer, as the result of an investigation at this port. The cases for the gems were sent through the mails from Mexico and intercepted here. It was believed the jewels had been smuggled in.
Joe Parker has recovered from a recent illness and is again greeting his many friends in Medford.
From February 1 to May 1 I will give to the best looking child in Jackson county from 5 to 10 years old, \$10 in gold. Prizes taken all week and Sundays from 1 to 4 p. m. Four prominent ladies of Medford to be judges of photos.

ATTENTION

FOR SALE
If you are looking for some good land cheap, I have it, for \$10 and \$20 per acre, near good railroad town.
W. M. FRENCH,
Room 7, Jackson Bank Bldg.

AMUSEMENTS

Hi Henry's Minstrels Tonight.
Hi Henry's famous minstrel troupe comes to the Medford Theater tonight and will undoubtedly be greeted by a big house, as this company has borne the most excellent reputation for years past and this season is evidently up to the former standard of excellence judging by the favorable press notices it has received all over the western country.
The costumes and stage settings are said to be particularly effective and Hi Henry's orchestra is always good. From press notices one would infer that this company has probably the best vocal choir in minstrelsy today.
Seats, 25c, 50c, 75c and \$1.

HOOD RIVER MAN BUYS ORCHARD TRACT NEAR ASHLAND

S. T. Rolph, who recently disposed of valuable orchard interests in the Hood River district, and came here to take a look at the Rogue River valley, was so well pleased here that after a few days' inspection of the valley, he purchased a promising orchard property just south of Ashland, the old Holm place of 23 acres, from D. A. Horn. The consideration was in the neighborhood of \$7000, it is reported, says the Tidings.
The property in question is one of the most desirable in point of location, as well as development, in this section, and it is generally conceded that Mr. Rolph has a money-maker in his purchase.
Local real estate incements are becoming more active again since the recent unfavorable spell of weather, and a large number of transactions in Ashland city properties have been reported within the past week.

BUTTE FALLS ITEMS

Frank Netherland of Derby has been visiting among our people and incidentally took a fine big hog home with him.
G. W. Jeffers of Dudley is making a trip to Medford and will soon return and start in making large improvements upon his homestead.
T. Erickson of Willow Creek section is down in the valley making commutation upon his homestead.
It is hoped that the settlers in and around Dudley will amicably adjust their differences growing out of the survey and each man will do justice to the neighbor.
Wanna Parker's son Ben is still in the Coast Bay country, but is expected to return in the spring.
M. C. Mahoney came in from Medford with a load of freight for Merchants Briggs and Hughes.
Aaron Beck has about recovered from his late sickness.
The homesteaders around the Lake Creek section are all at their homes doing what they can to pass the long, homeward winter days in the hills.
Ed Walker is down in the valley from the Crater lake camp and reports the roads as something frightful.
R. H. Bradshaw of Little Butte section is in Medford on legal business.
G. W. Abbott and C. O. Baker are making quite a business stay in the valley.
Frank Neil of Derby is quite often called upon to attend notarial matters for nearby residents.
John Caldwell has fitted up his new store with a good and well selected line of furnishing goods.
J. I. Patton journeyed with Frank Netherland to Medford on Thursday on legal business.

ASHLAND WILL NOT GET ARMORY APPROPRIATION.

Salem, Or., Jan. 28.—The Senate committee on military affairs, through its chairman, C. J. Smith of Umatilla, reported a bill to provide \$40,000 for state armories, half of this sum to be spent next year, and the other half the year following.
This bill embraces the views of the committee as to what should be done for the national guard at this session. Senator Multt's bill calling for \$20,000 for an armory at Ashland will be unfavorably reported. The action of the committee will probably forestall four other armory bills, each asking for \$20,000, that were to have been introduced in a day or two. These bills were coming from Baker City, Pendleton, Oregon City and Woodburn.
The committee measure entrusts the expenditure of the money to the state military board, and gives it power to select sites for the armories, dividing the money as it may see fit. But the bill requires that no locality shall secure an armory until it agrees to pay half the cost of the buildings and grounds. This means, in effect, that \$80,000 be spent for the construction of armories, half to be paid by the state.

NOTABLES PAY HONOR TO MEMORY OF M'KINLEY

WASHINGTON, Jan. 29.—President Roosevelt appeared today wearing a carnation in his buttonhole, in loving memory of his predecessor in the presidential chair, and his example was followed by half the citizens of the national capital. The Carnation League of America inaugurated the custom of remembering the birthday of the late William McKinley by wearing a carnation, his favorite flower, and it is now generally observed in Washington and throughout the country. Democrats as well as republicans among the senators and representatives paid this mark of respect to the martyr president today.

UTILIZING POST CARD FAD FOR EARTH QUAKE SUPPHER

NEW YORK, Jan. 29.—The post card fad will be utilized by the American-Italian general relief committee, operating in conjunction with the American and Italian Red Cross societies, to add to its fund for the immediate relief of the sufferers from the earthquake in southern Italy. The committee has authorized an official memorial post card to be sold for the benefit of the naked, starving victims of the greatest catastrophe in history. Money has not been coming in rapidly enough to meet the urgent demands of a terribly stricken people, and it is hoped that a large fund will be raised through the small contributions of purchasers of these post cards.

SISKIYOU LIQUOR LAW IS HELD TO BE O. K.

YREKA, Cal., Jan. 29.—The state supreme court has upheld the decision of the superior court of this county in the case of the people vs. M. Leonardini, which decision declares the county liquor ordinance effective in covering the wholesaling of liquor in this county.
Leonardini was arrested for violating the ordinance, the charge being "selling liquor without a license." He was found guilty before Justice Thomas, after setting up the defense that the ordinance did not apply to wholesaling and that he was engaged only in the wholesale business. He appealed to the superior court and Judge Beard upheld Justice Thomas. The case was then carried up to the supreme court, with the result as stated.
The case has attracted more attention than any other liquor case ever tried in the county, as the anti-saloon sentiment is growing quite strong in Siskiyou and the saloon men are trimming their sails to meet the threatening storm. The better class is desirous of seeing the laws strictly enforced as a matter of protection to their business.

INSANE WOMAN TRIES TO KILL CHILD; KILLS SELF

SAN MATEO, Cal., Jan. 29.—Seized with a fit of insanity, Mrs. Mary Serogen, wife of Fred Serogen, a carpenter, today attempted to kill her 7-year old daughter and then committed suicide after setting fire to her home in Hayward park.
The maniacal attack came on the woman at the breakfast table, a moment after her husband had kissed her goodbye and left for his work, and the murderous assault on the little girl was made in the presence of two other children, a girl 9 years old and a boy of 2. The injured girl will recover.

HOPKINS UNIVERSITY IS HOLDING BIG TRACK MEET

BALTIMORE, Md., Jan. 29.—Teams from some of the leading universities of the east will take part in the annual indoor track meet of Johns Hopkins university, to be held tomorrow evening in the Fifth regiment armory. One hundred and fifty colleges, schools and athletic clubs have been invited and a long list of star entries has been received.
Arrangements have been made to have a one-mile relay race between Hopkins and the University of Virginia, which bids fair to be one of the most exciting events of the evening, as the rivalry between the two institutions is keen. The last time the two teams came together in Baltimore the boys from the Old Dominion beat the Black and Blue by a hairs-breadth, and Coach Hoffman of Hopkins will have his men in the best condition for the crack of the pistol.

MIKADO KICKS OUT SPINELESS NOBLEMAN

LONDON, Jan. 29.—A scandal without precedent in the annals of Japanese society is stirring official and social circles of Nippon today over the withdrawal of the mikado's patent of nobility from Count Tozo and the resignation of various officials who are accused of countenancing the count's prospective marriage to Princess Take, although the count had already married an European woman of gentle birth.
The story as printed in a Tokio newspaper is that Count Tozo, who is 21 years of age, met and married Mrs. Elena Addison, a Hungarian by birth, and widow of an Englishman, while a student in England. When he returned to Japan his family refused to recognize the match, and, ignoring the European wedding, forced the count to woo the princess.
News of the affair was first published by an editor who learned the story and during the subsequent revelations the count was degraded. The match with the princess was broken by the emperor's order.

WALLA WALLA FRUIT IS UNHURT BY THE COLD

WALLA WALLA, Wash., Jan. 29.—"Absolutely no damage has resulted to the fruit of the Walla Walla valley as a result of the recent cold snap," said the county fruit inspector today. "Rather the cold weather has benefited the fruit in the orchards of this valley and there will be a better crop as a result."
"There was a small percentage of fruit buds killed by the cold, but not nearly enough to affect the crop any more than by acting as a help in causing less fruit to set on the trees. Walla Walla could stand a three-fourths loss and not be damaged, but the damage really is not more than 10 per cent."
"Peaches, apricots and such fruit are all that are hurt at all and from careful inspection I am able to state that they are not damaged in any way that will lessen the yield. The cold has put the trees back so that there is not as much danger of midwinter budding and that is another good result. Walla Walla fruit has as good prospects today as at any time in the history of the valley at a similar time of the year."

KANSAS CELEBRATING HER ADMISSION DAY

TOPEKA, Kan., Jan. 29.—Kansas day, the 48th anniversary of the admission of the Sunflower state to the Union, will be celebrated today through out the state by meetings of patriotic and historical societies and special observances in the public schools.
THERE WILL BE NO JUNKETING TRIPS
SALEM, Or., Jan. 29.—There will be no junketing trips. That was decided at a meeting of the joint committee appointed to provide for a permanent system of adding the state accounts. Senators Bingham and Hart and Representatives Buchanan, Mahoney and Clemens are on the committee.

NOTICE

Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at the meeting to be held on February 2, 1909, for a license to sell spirituous, vinous and malt liquors in quantities less than a gallon, for a period of six months, at his place of business at Nos. 112 and 114 Front street, in said city.
Dated this 29th day of January, 1909.
JOHN HARRINGTON.

FOR THE HOUSEWIFE

Remedy For Soft Corns.
Place between or over the toes a small piece of newspaper, folded several thicknesses. Change it every morning before putting on the shoes and wear it during the day. At night remove this piece of paper and substitute another prepared in the same way, thus wearing a folded paper every day and night for four or five days. The paper prevents friction and chafing and prevents shoe pressure on the corn, after which nature effects the cure. Castile soap placed between the toes is said to be a cure and preventive of soft corns.

Oatmeal Baths For Children.

Nothing is more common among children than a little rash on the body, caused by various trivial things. A good cure and one which will prove soothing and cooling to the skin is the oatmeal bath.
Take one cupful of oatmeal and boil it for half an hour in half a gallon of water. When sufficiently boiled pass through a coarse strainer and add the liquid to the baby's daily bath. Avoid using soap. This will be found to refresh and soothe the irritation wonderfully.

Household Wisdom.

A little flour sprinkled in the pan when eggs are frying will prevent the spluttering hot fat that is so disagreeable.
Mud stains may be removed from tan leather shoes by rubbing them with slices of raw potato. When dry polish in the usual way.
Finger marks on paint can be easily removed by rubbing them with a clean white cloth dipped in kerosene. The wood should afterward be wiped with a dry cloth.

Hair Shampoo.

First boil a pint of water. Add to this a third of a cake of pure white soap shaved fine. Boil this until the soap is melted. Pour this mixture into a jar before it thickens and let it cool. To shampoo the hair mix a couple of tablespoonsful of this paste into warm water and when it is dissolved apply to the hair and rub it into the scalp several times. Then rinse the hair well in clear, warm water.

Mushroom Sauce.

Peel and chop off the roots of a half pound of mushrooms. Put into a saucepan with two cupfuls of brown gravy, the yellow peel of a half lemon and salt and pepper to taste. Cook thirty minutes, strain, add the juice of a half lemon and pour over steak. Then garnish with sliced button mushrooms fried in butter.

Useful Cooking Appliance.

The most careful of cooks with the many different demands in the course of preparation under her eyes will slip up occasionally and relax her vigilance for a second, when some one of the articles on the stove is touched by the finger of fire. Scorching food is one of the most inexcusable offenses

PREVENTS SCORCHING OF FOOD.

of the cook. A simple piece of apparatus to prevent this mishap has been devised. It consists of a metal affair resembling an inverted egg plate, generously perforated with small holes. This rests on the bottom of the kettle and effectually prevents the contents from coming into contact with the overheated bottom.

Ham—Old English Style.

Spread eight or ten slices of cold boiled ham with mustard and add a dash of cayenne pepper to each slice. In the baking dish put one tablespoonful of butter and a third of a glassful of currant jelly. Melt together, then put in enough slices of the ham to fill the dish. Let it brown and serve immediately.

The Sunnyside Coal company have moved into their new offices in the Jackson County Bank building.

AUGUST BELMONT IS PUT UNDER KNIFE OF SURGEON

NEW YORK, Jan. 29.—August Belmont went under the surgeon's knife at the Memorial hospital today. The physicians there said variously that the operation was for "internal appendicitis" and "chronic appendicitis." But at Mr. Belmont's offices in Nassau street the representatives said the operation was to end a recurrent illness following a wound he received in a polo game in 1905.
All said that Mr. Belmont came out of the anesthetic in splendid condition and would recover in a few days. He was taken to the hospital Tuesday night, and the operation was performed this morning. He was on the operating table almost an hour.

MANAGER OF DEPARTMENT IS LEFT TIDY LITTLE SUM

SEATTLE, Wash., Jan. 29.—A fortune of \$485,000 has fallen to H. L. Strong, a resident of this city, and the modest salaried manager of the sales department of the Frye-Brubn company through the provisions of the will of his stepfather, the late John Roberts, a Fremont, O., banker. Strong has gone east to attend the funeral of Roberts, and to take possession of the fortune left him.

EDNA WALLACE HOPPER SUEED BY A TRUSTEE

NEW YORK, Jan. 29.—Charles F. Littlefield, trustee in bankruptcy for A. O. Brown & Co., filed papers in the United States district court today against Edna Wallace Hopper, an actress, and A. O. Brown, as head of the bankrupt firm, asking the defendants to account for the value of an automobile and life insurance policy and judgment in that amount. Mr. Littlefield says that Brown transferred a \$7500 automobile and \$25,000 life insurance policy the day the petition was filed.

NOTICE

is hereby given that the undersigned will apply at the regular meeting of the city council of Medford, Oregon, on February 2, 1909, for license to sell salt, vinous and spirituous liquors in less quantities than one gallon for 6 months at lot 11, block 20, in Medford, Oregon, for a period of 6 months.
W. M. KENNEDY.
Dated January 19, 1909.

Attention is being called to the Alaska-Yukon-Pacific exposition in every piece of literature being sent out by the Soo line. The big western railroads are all advertising the Pacific exposition to induce travel to the coast in 1909.
