KLAMATH "BLIND PIGS" LEARNING TO BE GOOD

KLAMATH FALLS, Or., Feb. 17.—Since the beginning of the prosecution of the parties charged with violating the local option law a decided change has been brought about in the conditions in this city. Several of the dives have gone out of business and the others are not selling liquor as promiscuously as they formerly did. There is still considerable drunkenness, but it is confined mainly to the hangers-on about the dives.

So far all of the calson men who have been arraigned have been fined either \$200 or \$250 and were admonished that in case of a second offense they will be given the maximum penalty, which is both fine and imprisonment in the county jail.

The fact that the Wright is to be tried on a perjury charge has dissuaded the others from having a jury trial and it is probable that those who have not yet been given an opportunity to plead will enter a plea of guilty and pay a fine, thus saving the county a large sum of money and insuring for themselves a small fine for the first offense.

ROAD MACHINERY ORDERED FOR KLAMATH

KLAMATH FALLS, Or., Feb. 17.—As this country develops the necessity for good roads becomes more apparent and the county commissioners are planning an extensive campaign for better highways. They have placed an order for several thousand dollars' worth of machinery, and during the spring and summer a large force of men will be employed. First, attention will be given to the roads that are used most extensively and then work will be done on those of less importance.

Included in the shipment of machinery is a steam roller, a traction engine and a rock crusher. It is the intention of the commissioners to build a small section of macadamized road each year, which will eventually result in excellent main thoroughfares.

GALE SWEEPS FLOOD FROM NIAGARA'S CREST BARING ROCKS

NIAGARA FALLS, Feb. 17.—Not since March 29, 1838, have the falls of Niagara presented such a spectacle as today, a high wind driving the water back up to Lake Erie, ice gathered on the reefs by Goat island and the New York mainland.

Many people wandered about the river bed to unusual places. The volume of the Horseshoe falls was greatly lessened and down in the gorge the rocky ledges in front of the American falls was fully exposed.

The water in the lower river was fully 40 feet below the normal stage and old residents admitted never having viewed it in a similar condition.

3000 PEOPLE AT KLAMATH FALLS: 500 OF SCHOOL AGE

KLAMATH FALLS, Or., Feb. 17.—Residents of this city are not guilty of tree suicide. The population of Klamath Falls is estimated at approximately 3000. On Lincoln's birthday more than 500 school children gathered in the parade and participated in the patriotic exercises. The day was also marked by all of the business firms and young and old turned out to do honor to America's greatest citizen.

NORFOLK, Va., Feb. 17.—Considerable public interest is manifested in the application of Naugle Bessie, a Japanese, who is steward in the United States navy, for American citizenship, which came up for hearing in the United States court today. Bessie bases his application on the act of congress permitting aliens to become citizens after service of five years in the United States navy. The federal government is opposing the application under the general law which limits citizenship to aliens who are free whites.

MACHINERY ARRIVES FOR CREAMERY PLANT

KLAMATH FALLS, Or., Feb. 17.—Scheduled among the new industries that this city is to have in the near future is a creamery, the machinery for which has already arrived and is being installed in a building recently erected in the Hot Springs tract. The plant will be ready for business about March first and will be operated by O. P. Goodrich of this city and J. A. Hollands of Washington. This is the first creamery to be established in Klamath Falls, but there are three others in various parts of the county.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Medford Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back, they think that it is only a muscular weakness; when primary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disease. That is just where the danger lies. You must cure those troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Medford people testify to permanent cures.

M. S. Bilon of Medford, Or., says: "I received very gratifying results from the use of Doan's Kidney Pills. I suffered from what doctors called rheumatism caused from an excess of uric acid in my system. My kidneys were out of order and the trouble served to run down my general health. I could not sleep without becoming dizzy and was feeling miserable, when Doan's Kidney Pills came to my attention, and I prepared a box at Haskins' drug store. I was so encouraged that I continued and was soon entirely free from the complaint."

For sale by all dealers. Price 50 cents. Castle Millburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
