The Big Four Lumber company and the Medford Saw & Dock factory have the contracts for the lumber and mill staff for a new \$25,000 hotel at Mac Dale, Cal.

Dr. and Mrs. J. M. Reams have returned from a month's visit at Salem and Portland. The success of the Crater Lake bill is due in no small degree to Dr. Reams' efforts as a lobbyist.

Ward Whitehead of this city recently paid a business call on Gold Hill residents.

Fred McCallahan formerly of this city, who has been in Marshfield the past year, is renewing old acquaintances here.

The work of preparing the bill grounds for the spring work of 600 among people who are interested in the Oregonian would easily knock it, but it is not likely that it will. The railroad company has the Oregonian's ear and the great and world wide character of the advertising that will result in consequence of making this route of the world's greatest tourist travel naturally obstructive.

The program is a good one, and it is allowed to be carried out it will dem-

Jacksonville business man that has changed heads within the last two weeks.

Mrs. M. M. Putnam returned Sunday from an extended visit with her daughter, Miss Elmer, at Santa Barbara, Cal.

The hospitable and genial Colonel George F. Mins of Central Point entertained a few of his friends at a most enjoyable and party on Saturday evening at his home on "Seven Oaks." A jolly gathering in solution followed.

W. J. Dorell and this week to G. H. Kerner has been placed near Grants Pass and other quarter sections amounting to 40 in 1909-1900, for \$20 an acre. This is one of the largest tracts of land sold in the granite district for some years, says the Outlook.

The old Oracle mine, according to the Pacific Outlook, in the Grant district has recently made up a parcel of ore for the Tucson smelter which, it is said, will assay into very high figures. The smelter plant is also getting out a lot of heavy stuff that is said to run all the way up to \$1000 a ton.

Mrs. W. E. Brown returned home on Saturday evening. While away she secured the services of Miss Grace Brown as her traveling companion for the winter.

Colonel Fred L. Van Velle of Yale is making some great improvements on the place recently purchased by him in that valley. The trunk house is being completely remodelled and other improvements under way. The colony plan is now being inaugurated, for which is found a beautiful natural site in a grove of night oaks. The place has been named "The Caladenia."

A big boaster's meeting is being planned for Gold Hill on Tuesday evening, says the News. The meeting will be held in the open house in the evening and every citizen of Gold Hill will be invited to be present. Many important subjects will be discussed, and a general plan of boosting Gold Hill will be formulated.

The St. Albans, Vt. Messenger of February 11 contains an account of Lincoln's administration and the succession of 1909, written by Colonel E. H. Sawyer of Hill Park, one of the few successful delegates. He represented Vermont. The account is a graphic portrayal of conditions that existed at the time. Colonel Sawyer is the father of E. H. Sawyer, the Medford real estate broker and surveyor, and is a remarkably able writer and able old gentleman.

Edward G. Pease, superintendent of the Beavers' mine in the State Grant district, states that he has a number of men at the property making preparations for active development work as soon as spring opens. He says the gold here has made frequent reference to this mine in the past, as judging from the statements of the owners and the success of ore exhibited on the place, it is one of the most promising properties in southwestern Oregon.

A colony of the Patriotic Militant, the highest degree of 4864 Fellowship, is being organized in Gold Hill by Willford Crowther, grand organizer of the sovereign grand lodge. Don't Wait Till the Sun Shines.

"Now is the time to order seeds," said President Johnson of the Portland Seed company to a representative of The Tribune.

"Don't wait till the sun shines. Seeds are at their best at this moment. Orders can be filled quicker and there is no need for putting it off till the sun comes out and gives you the planting fever. You might as well have your seeds when you want them, and to want them right away and then be unable to get them without a day or two delay. Everyone who hasn't a seed catalogue should write for it right away. Everyone who has should send in an order right now. Ordering seeds early means more satisfactory, better planting and better results. Don't procrastinate. Do it now."

WATCH MEDFORD GO

First—Basing our opinion on the growth of the city during the past two years, we believe Medford will have a population of 9000 or 10,000 one year from now. Is there anything to stop it?

Second—The development of vast coal fields, close to Medford, which is absolutely assured, means a big payroll and a great increase in city business. Investigation will convince the most skeptical that this will occur.

Third—The next ninety days will show active work on road to one of the greatest timber belts in the United States. This means lumber for box factories and all kinds of manufacturing, employing hundreds of men within the city. None can dispute this.

Fourth—Immense tourist travel to Crater Lake; new gravity water system; hard surface pavement; electric railroads, both city and country; active work copper mines of the Blue Ledge district; new schools, business blocks, residences, etc., etc.

I have the only Main street business lots for sale at last year's valuation. These cannot be equaled for income or investment. Quick action will secure the best buy in the city. For particulars see owner.
