

SPRING CLOTHING NOW HERE

Latest designs and new fads and fancies for the coming season. We are the first, as usual, to display new fashions. We beat every store in Oregon with Spring arrivals. See the new lines and make your choice early.

Get Your New Suit Now --

and have the pleasure of wearing it the whole season. Your winter suit is looking shabby. Last year's clothes won't do. They look their part. Lines are wrong, seams wrong, lapels wrong, stitching wrong, pockets wrong, sleeves wrong. The appearance is different from the new fashion plates and the colors are passe. The art of tailoring is steadily progressing--this season's clothes are not only different--they are more pleasing.

TEDDY GIVES FAREWELL LUNCHEON TO FRIENDS

WASHINGTON, March 2.—One of the strangest gatherings of guests seen since Roosevelt has been president collected in the White House today for a farewell luncheon. When the first course was served at 1:30 this afternoon the president was seated with men highest in the councils of the nation and others who faded, rode and hunted with him; also the "tennis cabinet," and all accessories of the government. Roosevelt in an informal speech praised them for their services.

THE MODERN WAY

One friend who has spent a long and useful life and looks good for another half century, regards his reward in heaven, and, naturally is a philosopher. He has said on any subject under the sun from "the flowers of poetry" to "the possession of the opinion." He apparently knows the East and Olden by heart, as I know that when he heard of me a bit of verse it must be good.
"Here is a verse on the subject of prayer, some other folks think, though I placing the sheet in one letter case. When I received home I read:
"The hand climbed a wall. He thinks of it now.
He climbed it twice--then vanished away.
"The bee sipped a flower. He sipped it once.
He sipped it twice--then vanished away.
"The cow found a good. He found it once.
He found it twice--then vanished away.
"The wall wasn't strong. The hammer hit it twice.
The wall hit it twice. Piping."
The problem is to structure the contribution in a job or a game--the Medford Chapter, March National Magazine.
