

Small Orchards

Bearing and Young Groves on Easy Terms

We have subdivided into small tracts the famous Gold Range Orchard, two miles south of Medford, adjoining the Bear Creek and Burrell orchards, and now offer a limited number of the choicest orchard tracts for sale on reasonable terms.

This is your opportunity to secure bearing orchard, or young orchard, or both bearing and young orchard, consisting of the choicest varieties of pears and apples. The tracts range in size from five to 27 acres. The soil is the best in the valley—Bear creek bottom land. The old trees on these tracts have produced record breaking crops that brought record prices in eastern markets for years past.

No such chance was ever offered before to secure such orchard tracts.

GOVERNMENT STUDIES WOOD UTILIZATION IN OREGON

PORTLAND, Or., April 28.—The forest service is making a thorough study of the utilization of the products of the forest, and of the lumber and wood-using industries and markets of this district. In time a report will be had from every considerable wood manufacturing establishment in both states. Each market is studied with reference to the species found, the use of the woods, the source of supply, the distribution of the manufactured wood products, prices and general market conditions. These statistics should be of decided value to all wood users and should promote the wisest and most economical utilization of forest products.

PECULIAR EXPERIENCE OF A FRENCH AERONAUT

PARIS, April 28.—Comte de la Vaux, vice-president of the French Aero club, was the other day the victim of an amusing adventure. He came to earth in the little village of St. Hilaire in the department of Nord, and the mayor of the commune, accompanied by the village constable, mistook the count for a German officer, and, despite his energetic protests, refused to believe him until he established his identity by producing a French shooting license. The aeronaut was then allowed to transport his balloon to the railway station to be forwarded to Paris.

DUNSMUIR MAY NOW PROCEED TO INCORPORATE

DUNSMUIR, Cal., April 28.—General Superintendent Young of the Southern Pacific company has just made a tour of the company's Shasta division, and while he was in Dunsmuir he was waited upon by a delegation of representative citizens, who broached the matter of incorporating the town. It had been supposed that the company would be opposed to the incorporation of Dunsmuir, but Superintendent Young assured the committee that the company was pleased with the idea, and would give it every encouragement. The plans for incorporation will be brought to a head without further delay.

WASHINGTON, D. C., April 28.—The probable yield of the sugar crop in Pernambuco district, Brazil, is estimated at 396,000,000 pounds by Consul Chamberlain in a report to the bureau of manufactures. This year's production there is expected to be one-third higher than the average crop, and Consul Chamberlain predicts that shipments to the United States should revive, in spite of the handicap brought about by the reduction in the duty on Cuban sugar.

Best quality Norwegian smoked sardines, 15c or two cans for 25c, at the Rex Grocery, Mission block.

Prepaid Railroad Orders.

"Something which is of considerable interest to the public generally and which is perhaps not generally known is the system of prepaid orders now in effect between stations of the Southern Pacific company and all points in the United States. By means of this system tickets may be purchased at Medford from any place in the United States and mailed or telegraphed direct to the party wishing to come here. Sleeper accommodations and small amounts of cash in connection with these tickets may also be forwarded at the same time."

A Good Friend in Time of Need.
No one can have a better friend when troubled with colic or diarrhea than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It always cures. For sale by Leon B. Hashin's Pharmacy.

FOR SALE

For Phoenix town property, both improved and unimproved and three good orchards, see Matt Calhoun, Phoenix, Jackson county, Oregon.

THE HOME ELEMENT

Is an important consideration in the choice of an orchard.

CRESTBROOK ORCHARD TRACTS

are near a school, and are in a neighborhood rapidly being built up with fine houses. They all have beautiful scenic locations, all face on dedicated roads and possess the heavy, rich fruit-growing soil of the rolling foothill land—the kind that produces the famous HILLCREST pears.
