LUXURIOUS VACATION FOR BLANCHE BATES

NEW YORK, April 30.—Every comfort of a home, in addition to the comforts of a modern hotel is said to be included in the equipment of the big touring car in which Blanche Bates is to take a vacation trip in June. Cooking will be done by electricity; there will be an electric coffee maker, electric fans for the portable tents that will be carried, and electric lights

for every purpose. It is even whispered that the unique equipment will include electric curling irons, machines and foot warmers and an electric cigarette lighter for those to whom such an arrangement would prove a convenience. A radio-wireless telephone is also mentioned as a possibility. Norway's glaciers have begun to advance again at a swift speed. Levulose, a sugar made from dahlias, sells at \$1 a pound.

THE AUDITORIUM.

The Alaska-Yukon-Pacific Exposition at Seattle, occupying 250 acres of the campus of the University of Washington, will result in benefits for Washington's seat of learning that the University could not have hoped to secure in many years. had not the great fair of 1909 been planned. So the exposition that will exploit Alaska, Hawaii and the Philippines and emphasize the importance of the growing trade with the Orient will leave, after its gates have closed, a large number of permanent structures to constantly remind the people of the Northwest of the Alaska-Yukon-Pacific Exposition and the place it will occupy in the history of the Pacific as the medium through which one-half of the world was brought in such close touch with the other and a tremendous impetus to commercial intercourse given. Seven buildings on the exposition grounds will be left for use of the University and the auditorium, one of the finest of this group, cost the State of Washington more than \$300,000. While the exposition is in progress this building will be used for conventions, congresses and conferences, and its hundreds of seats were in place and the building turned over to the exposition management three months before the opening date of the fair.

On a Spring Stroll

you can always tell the cutaway or frock coat suit made by Kreuzer. It is always so exclusive in style, and its make, fit and finish are so elegant and perfect that it is always a subject of admiration. When you want a swell suit of clothing have it made by

AMBASSADOR WHITE ABSENT ABSENT FROM WEDDING

PARIS, April 30.—Despite the efforts of both families to obtain permission, the Catholic authorities have forbidden a Protestant ceremony for the marriage of Miss Mariel White, daughter of the American ambassador, and Count Herman Scherr-Thoess. As a result Ambassador Henry White has announced that he will not attend the services to be held in the Roman Catholic church, but only the civil ceremony.

The Whites, therefore, were compelled to give up their plan. It was announced today that the civil marriage necessary under French laws was performed at the office of the Mayor of the Eighth Arrondissement yesterday, and the religious ceremony today was held at St. Joseph's Roman Catholic church in the Avenue Hoche. Only near relatives of the young couple were present. Miss Margaret Rutherford, daughter of Mrs. William K. Vanderbilt, and Miss Lucy Buckler, daughter of the Secretary of the American Legion at Madrid, were the bridesmaids.

The average velocity of chimney gases is 600 feet a minute.

The little known church of Abyssinia has 3,000,000 adherents.

THIS IS RAISIN DAY: EVERYONE ASKED TO EAT

FRESNO, Cal., April 30.—This is raisin day, established by the Fresno county chamber of commerce. President Taft and Vice-President Sherman received today complimentary boxes of luscious Fresno raisins, presented by the congressmen and senators of California, and all congressmen received cartons of the same, all to be eaten today. All the railroads combined to keep raisin day and raisins from California, so thorough has been the work of distribution, are expected to grace the menu of every dining car and every considerable hotel in the country this day. The inhabitants of British America and Mexico are also enjoying the feast today.

CHICAGO ELEVATOR IS DESTROYED BY LIGHTNING

CHICAGO, April 30.—One fireman dead, two missing and property valued at \$250,000 was destroyed as a result of a fire destroying elevator B of the Illinois Central railroad today. Four hundred and ninety-one thousand bushels of wheat and half a million bushels of corn were destroyed. The fire started in the midst of a heavy rain storm. It is supposed that lightning started the blaze.
