# IMPERIAL ADDITION

The biggest, best and latest addition to the City of Medford. The tract is only one block south of Main street, East. The lots are 140 feet deep, with full 60-foot streets and 20-foot alleys. The soil is a deep rich loam, unusually adapted to growing fruit, flowers and vegetables.

Now is the opportunity to get a building site in one of the most beautiful and productive parts of the city.

We are going to place prices on the first twenty-five to fifty lots so the purchasers can double their money in six months to one year. When 25 lots have been sold we will give away one lot. The majority of the 25 lot owners shall determine who will receive it.

Our automobile is ready at all times to take you to look over our property.
