GOLD HILL ASKS FOR ENGINEER

Commercial Club Would Have Expert Report on Roads in That Section of County.

The efforts of the Gold Hill Commercial club in the matter of good roads have already borne fruit, as is shown in the accompanying extracts of letters received by Secretary Kelsey in answer to requests sent to the department of agriculture, says the News. The idea of the Commercial club was to secure the services of a government engineer to lay out and supervise the construction of a road leading through the valley, making a main thoroughfare with which other roads could be later connected.

Senator Chamberlain acknowledges the receipt of a letter on April 20, asking his intercession, and on May 4 writes further that he had seen Secretary Wilson and that the matter had been referred to L. W. Page, director of public roads, who in a letter refers to one from the acting director, Vernon M. Pierce, addressed to President Hammersley of the Commercial club giving the mode of procedure adopted by the government in such cases. This, briefly stated, is that formal application must be made for the services of an engineer, and that the community must furnish the labor, teams, material and necessary machinery, the government supplying an engineer to make surveys, prepare the plans and superintend the construction of the road. The department intimates that if the application is promptly sent in it will be acted upon at once and an engineer will be sent here early in July. The matter has been taken up with the various commercial bodies in the valley by the Gold Hill Commercial club and their co-operation asked in securing the building of this road through the valley.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets for sale by Leon B. Haskins' Pharmacy.

WRITERS TO PROWL WITH BASEBALL PLAYERS

NEW YORK, May 15.—The Prowlers, including newspaper men, magazine writers and artists, have arranged a "prowl" of unusual dimensions tonight. It is their custom to assemble one a fortnight in Keen's Chop house, in West Thirty-sixth street. There each man orders what he wants and pays for it, while the chairman of the meeting who is called the "Tom Cat" manages an entertainment that is always amusing and original. Tonight they will entertain the New York Giants and Chicago Cubs and in their turn they and their guests will be entertained by Buffalo Ball and Pawney Bill.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by Leon B. Haskins' Pharmacy.
