

5,000 PERSONS

Will read this advertisement. Nearly all of you save ten dollars a month. **THAT WILL SECURE YOU ONE of the LOTS IN WALNUT PARK ADDITION** Oregon Orchard Syndicate will sell the twenty-four remaining lots in this addition this week

W H Y ?

- BECAUSE** These lots are located on West Seventh street just beyond a point where the proposed paving and cement side walks will end.
- BECAUSE** They are very large in size' being 60x125 feet, with 60foot street and 20 foot alley.
- BECAUSE** The price is only \$250 a lot, at the rate of \$4.11, a front foot, 35c a square foot which you realize is very cheap for such property.
- BECAUSE** The terms are \$25.00 down and \$10.00 a month The future value of these lots is so apparent.

"A TIP TO THE WISE IS A LOT SOLD"

N. B. - Our salesman will be on the ground every afternoon from 2 until 4 o'clock

MONEY SHOWS HOW TAXES EFFECT WAGES

Interesting Figures Compiled by Senator in Connection With Fight Over Tariff.

WASHINGTON, May 26.—That the total wages affected by the tariff amount to \$2,277,848,537, and that the values of the products involved in the consideration of tariff revision reach the sum of \$13,270,192,088, is the statement made by Senator Money in showing the vast importance of the question now being considered by the senate. Senator Money has also prepared a statement showing the cost of indirect taxation to the people of the United States. He states that the cost of granulated sugar in 1906 was 2.05 cents more in New York than in London, and that in 1907 the United States consumed 2,993,979 tons of sugar, against which the duty of \$1.95 a hundred pounds was charged, equaling \$130,775,002, while the duty actually collected amounted to \$60,135,181, making the cost of the people above the revenue collected by the government, \$70,641,821.

On iron, steel rails, wire nails and steel billets, the difference in the foreign prices and those in the United States equals an additional tax of over \$295,000,000, according to Mr. Money's calculations, which he says are based on sworn statements, submitted to the committee by Judge Gary, of the United States Steel Corporation.

ANDERSON VALLEY FRUIT CROP LARGE

Thinning Peaches—Shasta County Fruit Will Make Record This Year for Itself.

ANDERSON, (Shasta Co.), Cal., May 26.—Orchardists in the Anderson fruit belt are busy thinning peaches. The trees are loaded with more fruit than can be carried to ripening without breaking off limbs. Between half and one-third of the peaches are being pulled off green though in orchards that were pruned properly early in the Spring little thinning has to be done now. Peaches and prunes do not need thinning. This will certainly be the best fruit season Anderson valley has had in

ten years. The yield will be heavy, the quality will be good and the prices will be high. Buyers are trying to contract peaches at 5 cents; the best price offered last year was 3 1/2 cents and the crop was light. Peaches sold last year at \$18 and \$20 a ton. The green fruit will bring \$30 and \$35 a ton this year. The Bartlett's are free from bluish—no scab, fungus or blight. The fruit is clean and far better than that of last season. Prunes were sold last year on a 2-cent basis. Offers are now made on a 2 1/2-cent basis.

Pear blight, which was such a menace two or three years ago, is now almost completely eradicated. County Horticultural Commissioner Tharsing has 1,400 pear trees. He says that he found only a dozen trees this season that had a touch of blight.

Mrs. L. E. Whiting of Riverview ranch, near Rogue river, on Tuesday killed a large rattlesnake with a short piece of stovewood. It had nine rattles

Small Orchard Tracts

Ten, Twenty & Forty Acres

Some in trees three years old; others two years old;

If you desire a small orchard, either for a home or an investment, come in and see me.
