### SALEM BEER

SALEM is the most popular beer in Northern California and Southern Oregon. It is acknowledged to be the equal of the very best eastern product. All beers are good, but some beers are liked better than others. The proof for this assertion lies in drinking Salem beer. If you wish to be convinced, ask for Salem beer and drink it.

#### BUTTE FALLS ITEMS.

Rev. Mr. Goulder drove into the town on Friday seeking to settle the pending labor troubles among the millmen. It does not appear that he was very sanguine of an early adjustment. It does not look to your correspondent that present conditions tend to build up our town or encourage the investment of capital, but rather obstruct all progress. Let there be reason on both sides and there will not be any difficulty in reaching an amicable settlement.

Mrs. Whitehead of Ashland came in on the stage Friday to join her husband, who has been here for some time looking around for an opening. Emanuel Poole has returned from the valley, where he has been visiting for the past week.

Many inquiries are being made for town lots by strangers, and with the advent of the railroad we will have a new class in our town and business will improve along modern and progressive lines, as we want to be up with the times and encourage efforts to promote our material and social progress.

Messrs. Dewing and Woodbury of Michigan are expected to be with us during the coming week and we are hopeful that they will so arrange business matters as that our town will go ahead. To do this there must be business management and satisfactory relations established between employers and their wagemen. A house divided against itself must fall, and the very best enterprise will abort under improper management. We have a plant here that will pay handsomely under careful and intelligent business oversight.

William Duprey is erecting a fine house to be used as a rooming annex to his restaurant.

We wish the county commissioners would appoint William Parker as road supervisor of our district, and we are sure some good permanent road work would be done. The present work on the roads in our immediate section and along the Oben chain hill does not count for much and is but wasting money and time. Let the stumps be taken out of the roads, the stones and rocks removed and various places be corduroyed and not dust scraped in to them to make them mud holes in winter. When will the ship-sod methods of repairing roads and fixing the public highways and wasting the taxpayers' money be changed in Jackson county? Contract the work and hold the contractor strictly to his contract, and pay nothing for road work until inspected and found to be good work and accepted by the county.

A boy named Kaupman was bitten on Friday by what is supposed to be a rattlesnake. He was struck on the leg and the limb is swelling and becoming very black. We did for him what we could and hope that no serious results will follow his mishap.

Judge Pentz has removed his office effects to the Falls for the summer and can be found at any time in his town office, and all mail directed to him will reach him at the Falls. He will respond promptly to all professional calls.

The weather is quite cool and sleeping under blankets very comfortable. Persons desiring a summer outing will find it profitable to investigate our section for recreation. We have hotels and restaurants, good fishing, splendid water and many points of interest besides having several merchants and drug stores, so that we can easily accommodate our city visitors. It is an ideal place to spend the heated term. Come with your families and enjoy among us and speak eulogically of railroad matters and everything tending to improve our community and advance this section. Overlook our conditions for we are young but with a bright and hopeful future.

Superior Erickson of the forestry service is at Junction inspecting government land matters.

The voters are all to be uniformed under the new Cityway regulations. William Erickson is the first one who has appeared in our town dressed in the service uniform.

Preparations for the fourth of July celebration which will be held on Saturday, promises that we will have a most interesting occasion.

Several fishing parties have been to the stream and most of them have caught a nice string. It is well for fishermen to provide themselves with a license for the officials say the law will be strictly enforced.

It is to be hoped that the railroad extension will be pushed towards this town as we are all waiting for it. We are not going to do or favor any movement that will obstruct its building as we cannot afford to do any such injudicious act. We want our town and county developed and our encouragement will be given to each enterprise as promise as this result.

"Boby" Edmonson of Derby is visiting his grandparents at the Falls.

The Spencer Boys are working at the mill.

Emanuel Poole has been engaged to do the blacksmith work at the mill.

#### CAN'T BAR BABIES FROM FLATS IN CHICAGO NOW

CHICAGO, June 8.—The Illinois legislature recently passed a bill providing that no lease for a flat-house or apartment shall contain a clause barring children. The babies can now cry until the cows come home and the parents can tell the landlord and others to "Go to." Governor Deneen says he will sign the bill.

Representative McNichols, who stood for the "kids," has a bunch of his own, and several years ago he was chased successively out of several flats.

The legislature has also passed the bill providing that women and children shall not be required to labor more than ten hours in each twenty-four. This was advocated by organized labor, being aimed at sweatshops chiefly. It is regarded as a great step forward in the fight, to be renewed at the next legislative session, for the original eight-hour proposition, based on the Oregon law, which has been held by the United States Supreme Court to be constitutional.

#### CZAR'S ONLY BROTHER GOES TO SOCIAL EXILE

ST. PETERSBURG, June 8.—Grand Duke Michael Alexandrovitch, the czar's younger brother, has been appointed commander of a line regiment of cavalry stationed at Yelvels, and will serve the customary period with the regiment in that busy manufacturing town of 40,000 inhabitants, 700 miles away.

This course is unprecedented. Grand Dukes have been permitted to serve in the elite guard regiments at St. Petersburg, regardless of the regulations, which require service in line regiments before promotion.

Smarting under recent criticisms in the duma with reference to favoritism shown to Grand Dukes in army affairs, Grand Duke Michael insisted that there should be no exemption for him.

#### NO BLUE LAWS TROUBLE CHICAGO

CHICAGO, June 9.—The first warm Sunday of the year was spent out of doors by more than 500,000 Chicago people. Six big amusement parks with imitations of Cony Island, except the sea, were jammed with pleasure seekers. Fully 75,000 attended the National League, American League and six semi-professional ball games. The big leagues happened to have a clashing schedule.

Chicago has never known a dry Sunday. Liquors are sold inside the city limits, except in spots on week days. The closing hour is 1 o'clock a. m.

Lincoln Park, Jackson Park, and Washington Park were crowded with thousands who picnicked and witnessed ball games and golf.

#### Marriage Licenses.
