DRY AS A BONE IN TENNESSEE TODAY

New Liquor Law Goes Into Effect.
No Manufacturing of Booze -
After January.

NASHVILLE, Tenn., July 1.—"We 'uns of Tennessee" awoke this morning to find themselves riding on the water wagon. The state-wide prohibition law passed by the legislature last winter over the veto of Gov. Patterson became operative at midnight last night. The law forbids the sale of alcoholic drinks within four miles of a schoolhouse, and will have the effect of closing the doors of virtually every saloon in the state. All the cities will become "dry," among them Memphis, which will thereby attain the distinction of being the largest city in the world where the sale of intoxicants is prohibited by law. Memphis now has 600 saloons. Other large cities which will be affected are Nashville, with 131 saloons, and Chattanooga, which has 63 third emporiums.

On January 1 next, six months after the retailers received their knockout blow, the brewers, distillers and others engaged in the manufacture of intoxicants, will be put out of business. On that date the state law forbidding the manufacture of intoxicants will come into force. The six months' probation was given the brewers and distillers to enable them to dispose of their property.

It is estimated that the prohibition laws will cause a falling off of more than \$1,000,000 in the revenues of Tennessee. Investments exceeding \$10,000,000 in distilleries, breweries, rectifying establishments and wholesale and retail liquor stores will become idle indefinitely.

EDITORS TO HAVE SPLENDID TIME

National Editorial Association Will
Gather in Seattle During
This Month.

SEATTLE, July 1.—The 24th annual convention of the National Editorial association is scheduled to meet in Seattle July 19-24, and is destined to be one of the most remarkable as well as most enjoyable conventions ever held by the association. The local Press club is making elaborate preparations for the entertainment of the visitors while in the city. Numerous side trips, visits to various points of interest, including the Alaska-Yukon-Pacific exposition, which in itself would seem sufficient, banquets, automobile rides over the splendid streets and through the magnificent parks of the Exposition City are planned.

The association has planned a splendid program, upon which place has been given to many of the leading speakers and writers of the United States, so that the intellectual demands of the visitors will be fully cared for.

Assurances have been received that the attendance will be a record breaker in the history of the association, many of the members intending to bring their families and friends.

In addition to all the pleasures and delightful enjoyment which a visit to Seattle and the exposition will afford, the Alaska Steamship Co. has planned an excursion on its palatial and commodious steamer Northwestern to the Land of the Midnight Sun, Alaska.
